

M.S. Chemistry 3-Year Plan

Fall - Y1	Units
Chem 100W	*
Chem 120S	1
Chem 200 Offering	3
Chem 200 Offering or Elective	3
Chem 285	0.5
<i>* Chem 100W units do not count</i>	7.5

Spring - Y1	Units
Chem 285	0.5
Chem 200 Offering	3
Chem 200 Offering or Elective	3
Chem 298	2
	8.5

Fall - Y2	Units
Chem 285	0.5
Chem 200 Offering or Elective	3
Chem 298	2
	5.5

Spring - Y2	Units
Chem 285	0.5
Chem 298	3
	3.5

Fall - Y3	Units
Chem 285	0.5
Chem 298	2
	2.5

Spring - Y3	Units
Chem 285	0.5
Chem 299	2
(Final Seminar in Chem 285)	
(Final Oral Exam w/ Thesis Cmte)	
	2.5

Total Degree Units: **30**

Note: This 3-year plan is meant to capture the trajectory of a normal graduate student who is working part-time or full-time in addition to pursuing school. If a student is able to devote all of their time to research and coursework, including summer break, it may be possible to complete the degree in less than three years.
