Heard About the Cisco IT Scholar Award?

Cisco & the San Jose State University are pleased to announce the Cisco-IT Scholar Awards whose purpose is to recognize exceptional students within various disciplines and to promote the possibilities of a career in IT and technology.

The awards seek to recognize exemplary individuals who meet or exceed the following criteria:

- Enrolled in one of the following programs:
 - *College of Business-Marketing & Management Information Systems*
 - *College of Engineering-Computer, Electrical, or Software Engineering*
 - *College of Sciences-Computer Science or Software Engineering*
- Must have GPA of 3.0 or higher
- Currently of Sophomore or Junior standing
- US Citizen or Permanent Resident
- Shows strong potential and interest for a career in technology and learning more about Cisco

Scholarship Benefits

- \$1000 award disbursed
- Access to an interview with Cisco for the Fall 2013 season (for either an Internship or Full-time position)
- Invitation to attend a Cisco site visit during 2012
- Access to Cisco professionals for Career Coaching

To Apply for the Cisco IT Scholarship:

- Submit a personal statement of no more than 250 words and address the following: "What would be the impact/importance of winning this award?" Please make sure to include your SJSU Student ID.
- All eligible students should submit their personal statement along with a current resume to Ryoko Goldston electronically at ryoko.goldston@sjsu.edu or in person in BT950 by June 11, 2012
- Recipients will be selected and notified by email by June 29, 2012
