

# Student Organizations

**AIESEC** is an international, student run, independent, educational association that offers practical international business experience.

**Alpha Kappa Psi**, Professional Business Fraternity develops students to grow professionally while gaining a life-long network. Members are given the tools and learn the skills to make an impact in the business world. It is open to students in all majors.

The **Banking and Investment Association** works closely with the faculty and its office members to enhance the undergraduate experience and meet the needs of the student body. Our main goal is to promote activities that benefit the financial community, students, and faculty. In doing so we are able to develop strong leaders in finance.

**Beta Alpha Psi** encourages and gives recognition to scholastic and professional excellence in the field of accounting.

**Delta Sigma Pi** fosters the study of business in universities and promotes a closer affiliation between the commercial world and the business student. It is open to students in all business concentrations.

The **Entrepreneurial Society** is dedicated to shaping today's students into tomorrow's entrepreneurs by conducting workshops that include outstanding guest speakers and/or panel discussions.

The **Financial Management Association** makes finance fun, real, and exciting by linking student members' technical classroom skills with guest speakers' business-world experiences.

**Information Systems Audit and Control Association** acts as a medium through which the Accounting Information Systems students have interactions with IT/IS audit professionals.

The **Institute of Management Accountants** helps accounting majors learn more about opportunities in corporate accounting, as well as government and non-profits.

The **International Business Association** promotes international careers, studying abroad, and strong global leadership to stretch through all borders and boundaries of possibility.

**Latino Business  
Student Association**  
Leaders of today. Professionals of tomorrow.

The **Latino Business Student Association** creates the next generation of Latino professionals by inspiring leadership and building community. The Latino Business Student Association encourages involvement from all majors and backgrounds to enter the leadership development experience as an LBSA member.

The **Management Information Systems Association** provides opportunities for students to network and socialize with other students, faculty, and industry representatives in MIS.

The **Marketing Association** provides the opportunity to network with Silicon Valley's finest marketing professionals.

The mission of the **GBSA** is to promote student development and welfare, and to enhance the identity and perception of the MBA program, with emphasis on developing relationships with alumni, faculty, and the business community.

The **National Society of Leadership and Success** offers life-changing lectures from the nation's leading presenters and a community where like-minded success oriented individuals come together and help one another succeed.

**Net Impact** is an international nonprofit organization with a mission to inspire, educate, and equip individuals to use the power of business to create a more socially and environmentally sustainable world.

The **Society for the Advancement of Management** is designed to promote professionalism and practical education to students interested in management, while educating students that management is not just a business skill, but a skill for life.

The **Society for Human Resource Management** strives to facilitate opportunities for career growth and enhancement in the field of human resource management.
