In partnership with the Santa Clara County Department of Public Health, we are offering SJSU students opportunities to serve as Contact Tracers and Investigators, in addition to supporting STEM education in local public schools.

24 hrs/week (service + training) for 28 weeks over the 2020-2021 academic year:

- Provide remote instruction to underserved 3rd-6th graders about coding and STEM careers
- Serve as a member of Contact Tracing team.

NO EXPERIENCE NECESSARY. ALL TRAINING INCLUDED. ALL SERVICE AND TRAINING WILL BE CONDUCTED REMOTELY
