Course and Contact Information

Instructor: H. Chris Tseng
Office Location: MH213
Telephone: (408) 924-7255
Email: chris.tseng@sjsu.edu
Office Hours: Sat 3:00 – 3:30 PM and by appointment or email
Class Days/Time: Sat 1:30 – 2:45 PM (190)/ 1:30 – 4:30 PM(190I)
Classroom: Online
Prerequisites: CS 146 (with a grade of "C-" or better) or graduate standing, selection by a company, and instructor consent

Course Format

Technology Intensive, Hybrid, and Online Courses

This course will be conducted in the form of a collaborated and interactive manner. We will meet online. In addition to career and job preparation guidelines from the instructor, students will share their related info for peer learning purposes.

Faculty Web Page and MYSJSU Messaging

Course materials such as syllabus, handouts, notes, assignment instructions, etc. can be found on Canvas Learning Management System course login website at http://sjsu.instructure.com. You are responsible for regularly checking with the messaging system through MySJSU at http://my.sjsu.edu to learn of any updates.

Course Description

Catalog description: Work on an approved semester-long paid project at an industrial site. Meet once per week on campus. Progress reports, oral presentations, final report, and evaluation by project supervisor will be used to demonstrate the acquisition of skills identified as goals prior to the start of the assignment. (See prerequisites description on top of this page)

Course Learning Outcomes (CLO)

Upon successful completion of this course, students will be able to:

1. Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
2. Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program’s discipline.
3. Communicate effectively in a variety of professional contexts.
4. Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
5. Function effectively as a member or leader of a team engaged in activities appropriate to the program’s discipline.

(The above learning outcomes are provided by ABET (http://www.abet.org/) for CS programs under the URL https://www.abet.org/accreditation/accreditation-criteria/criteria-for-accrediting-computing-programs-2019-2020/#GC3.)

**Required Texts/Readings**

**Textbook**

No textbook needed. Class material will be posted on Canvas account under http://sjsu.instructure.com.

**Additional Readings**

A list of additional readings will be provided on the Canvas page associated with this class under http://sjsu.instructure.com.

**Other technology requirements / equipment / material**

You will be required to have a wireless-network ready laptop computer to participate in the class. You will also need to use your own laptop with wireless access to submit your assignment inside SJSU campus. Your laptop needs to have wireless capability and you need to register a free wireless account at https://one.sjsu.edu/. The instructor is not responsible for providing either laptops or alternatives.

**Course Requirements and Assignments**

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.

a. Initial company overview presentation:
Students will present an overview of their company, team, and job responsibilities in class. All students are encouraged to learn different company and job culture and provide constructive feedback.

b. Interview questions:
You will share both behavior and technical questions from your prior interview. Selected students will present their interview questions for improvement feedback.

c. Presentation on technical tasks:
Students will present what they do in their internship. This includes process and plans undertaken, software tools used, what they have accomplished and delivered, and a reflection on what could have been done better. All students are encouraged to learn different processes and technical tools and provide constructive feedback.

c. Weekly participation:
All students are encouraged to participate in the Q&A discussion after each presentation by other students. Students will sign up their presentation schedule by the due date. Changes to any presentation can only be done no later than a week before the scheduled presentation.
d. Final Technical Report:
Students will follow a final report template to describe their work and job, ethics issues at work, as well as self-evaluation.
(CS190 students will submit an extended report based on their technical presentation instead.)

g. Tentative course exam and HW due dates:
(Please note that this is “subject to change with fair notice”)
HW: There will be around 6 assignments on items (a)-(c) above.
Final report due: (Per SJSU final schedule) 1:30 PM, Saturday, Dec 12, 2020

Final Examination or Evaluation
The final will be based on your final report and the evaluation from your manager.

Determination of Grades
Grades will be assigned as described below. These intervals, however, may change (i.e., either way!) according to the performance of the class as a whole. C- is a passing grade.
• A: [ 93, 100 ]
• A-: [ 90, 93 )
• B+: [ 87, 90 )
• B: [ 83, 87 )
• B-: [ 80, 83 )
• C+: [ 75, 80 )
• C: [ 70, 75 )
• C-: [ 65, 70 )
• D+: [ 60, 65 )
• D: [ 55, 60 )
• D-: [ 50, 55 )
• F: [ 0, 50 )
**Classroom Protocol**

You are expected to attend classes. If you cannot attend, it is your responsibility to get a copy of the lecture notes and class announcements from a reliable classmate. The instructor reserves the right to ignore frivolous or inappropriate e-mail inquiries. Students are expected to participate actively to provide improvement to presentations by other classmates.

**University Policies (Required)**

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs’ Syllabus Information web page at http://www.sjsu.edu/gup/syllabusinfo/. Make sure to review these policies and resources.
