

## Customizing the Canvas Course List

This quick guide provides step-by-step instructions on how-to customize the Canvas course list.

1. Click on “**Courses**” This will show the courses you are enrolled in.
2. Select “**All Courses**”.

3. A list of courses will appear. By unselecting the star icon by a course, the course will become hidden from the “**Courses**” section. The courses with the highlighted star will appear in the “**Courses**” section

Course	Nickname
 PracticeCourse_White_1	
 WST Online Beta Testing	
  Biology Assessment	
  CSU Italy Project	
  CSU Italy Project	
  D2L to Canvas	

Note: By unselecting a course, you are still enrolled in the course. The course will only be hidden from being viewable.

4. After all changes have been made, you can navigate to the desired course by selecting the corresponding course link.
