

Connecting to SJSU_Premier with an iPad

Below are step-by-step instructions on how to connect an iPad to the SJSU wireless network, SJSU_Premier.

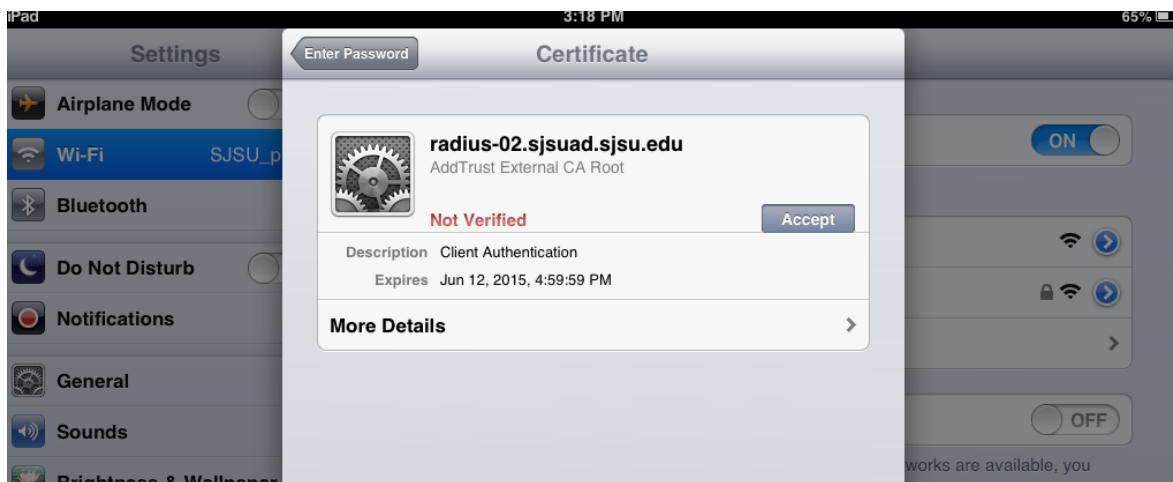

1. Click the Settings Icon
2. Select “Wi-Fi” in the left column and then Click on the network “SJSU_Premier”

3. A prompt will display asking for you Username and Password. The credentials to access the network are the same as your SJSUOne Account.

4. Select the “Accept” button when the prompt for verification of the certificate displays.

5. A check mark will appear beside SJSU_Premier when you are connected to the network and have access to the Internet.

6. After successfully joining the SJSU_Premier connection, you may access the Internet in the future without being prompted for your SJSUOne credentials.
