# Lessons Learned from NCATE Accreditation Process

# Passion & Commitment of Faculty & Grads

## Faculty as Models & Mentors

# Mission Statement

“ . . . to empower our graduates with the skills, knowledge and dispositions that **ensure access** to **excellence and equity** in education for every student in our diverse, technologically complex, global community.”

How do we go beyond  
“access”?

# How do we define excellence?

In our graduates'

- skills
- knowledge
- dispositions

In our programs' ability to foster  
excellence in our graduates

How do we define **equity** for the students our grads serve ?

Opportunities?

Access?

Outcomes?

# Meeting the Challenge

# Department Discussion

- Uniqueness in terms of impact on our local communities?
- Differentiate from others in field, our region, our state?
- Prepare grads to enact & embody excellence & equity in education?

# Jigsaw - Cross Dept.

## Discussion

- Look for common threads across departments and programs
- Look for coherence in the threads
- Link back to equity and excellence

# Outcomes from Working Groups

- Come up with concrete plans based on your group's topic
- Be sure that you consider the questions that were asked during the Spring Forum
