ENGL 2 Course Description
ENGL 2 is an introductory writing course that focuses on the relationship between language and logic when composing arguments. Building on the skills acquired in ENGL 1A, you will learn to reason effectively and think rhetorically to invent, demonstrate, and express arguments clearly, logically, and persuasively.

ENGL 2 Learning Outcomes (GELO)
Upon successful completion of the course, you will be able to

1. locate and evaluate sources, through library research, and integrate research through appropriate citation and quotation;
2. present effective arguments that use a full range of legitimate rhetorical and logical strategies to articulate and explain their positions on complex issues in dialogue with other points of view;
3. locate, interpret, evaluate, and synthesize evidence in a comprehensive way in support of one’s ideas;
4. identify and critically evaluate the assumptions in and the context of an argument;
5. distinguish and convey inductive and deductive patterns as appropriate, sequencing arguments and evidence logically to draw valid conclusions and articulate related outcomes (implications and consequences).

ENGL 2 Course Content

Diversity: SJSU studies include an emphasis on diversity. You will engage in integrated reading, writing, and oral assignments to construct your own arguments on complex issues (such as diversity and ethnicity, class and social equity) that generate meaningful public debate. Readings for the course will include writers from different ethnicities, gender, and class.

Writing: You will write a series of essays informed by research and articulating fully developed arguments about complex issues. Assignments emphasize those skills and activities in writing and thinking that produce the persuasive argument and the critical essay, each of which demands analysis, interpretation, and evaluation. Writing assignments give you repeated practice in prewriting, organizing, writing, revising, and editing. This class requires a minimum of 6000 words, at least 4000 of which must be in revised final draft form.

Logic: You will learn methods of argument analysis, both rhetorical and logical, that will allow you to identify logical structures and distinguish common logical fallacies in critical thinking.

Reading: In addition to being writing intensive, ENGL 2 is also a reading course. You will read a variety of critical and argumentative texts to help develop your skills for understanding the logical structure of argumentative writing and critical thinking.

Oral: You will be presenting your arguments orally to class both as an individual and as part of a group.

ENGL 2 Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, you are expected to spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on.

Grading Policy
Specify your grading policy here. Include the following:
• All grades will be posted on Canvas including assignments we do in class. Each assignment’s percentage points (from above) will be a separate section on Canvas. Any writing related to that particular assignment will be in a separate module. I grade most major assignments out of 100 and the grades are on a +/- system
• There is no extra credit for this course.
• Percentages for each assignment are in the section under “Assignment word count and weight”
• Late work is not accepted; if I do (for significant reasons) the grade will be reduced accordingly.
• Must receive a C- or higher to pass the course

The department’s standard grading scheme consists of the following: “Requirements for particular assignments will vary, but in all cases essay grades will reflect the paper’s effectiveness, which is broken down into three major areas: content (this includes maturity and sophistication of thought), organization, and expression. The following are the criteria by which essays are typically evaluated in first-year writing courses:
An “A” range essay is organized and well-developed, demonstrating a clear understanding and fulfillment of the assignment, written in a unique and compelling voice. It will show the student’s ability to use language effectively with a solid command of grammar, mechanics, and usage.
A “B” range essay demonstrates competence in the same categories as an “A” essay, but it may show slight weakness in one of these areas. It will respond to the topic suitably and may contain some grammatical, mechanical, or usage errors.
A “C” range essay will complete the requirements of the assignment, but it will show weaknesses in fundamentals, such as development. It may show weakness in mastery of grammar, mechanics, usage, or voice.
A “D” range essay will neglect to meet all the requirements of the assignment or may be superficial in its treatment of the topic. It may lack development or fail to stay on topic. It may contain grammatical, mechanical, and/or usage errors that interfere with reader comprehension.
An “F” essay does not fulfill the requirements of the assignment
Students must receive a C- or higher to pass the course

Online Etiquette

1. Zoom brings the classroom into your home, but while on camera, you are nevertheless in a public space. Therefore, we ask that you present yourself online as you would in an actual classroom. Please be fully dressed, for instance, and refrain from eating. We recognize that there’s little to be done about the cat sauntering across your keyboard, or family members moving around in the background, but we appreciate the things you do to create a positive, professional learning environment for yourself and others.

2. Additionally, just like in a classroom, we are asking for your active attention. This means closing all windows other than Zoom, and refraining from toggling between other programs or apps. This is different from passively interacting with your screen.

3. When not speaking, please mute your microphone. This will avoid ambient noises making their way into our discussions. When in class, I encourage you to keep your video on. If you have any concerns about doing so, please speak with your instructor about an accommodation.

Classroom Protocol

Please do your part to help us all foster a welcoming and supportive classroom environment. We will do our best work when everyone feels comfortable enough to participate. Blatant displays of disrespect undermine the sense of community we need to learn and to share what we learn from each other. When we disagree, let’s do so respectfully and sincerely. We will be studying the art of effective communication throughout this two-semester course and learning how to debate with others in a spirit of honest and respectful inquiry. In the unlikely event that a student might exceed the bounds of civility, s/he will be asked to leave for the remainder of the class session. Behavior that fits this description include offense comments directed at your peers or myself, sleeping during class, talking with your peers about things unrelated to the class, or focusing your attention on electronic equipment rather than the class activity or discussion.

The class policies have been developed over the last three decades of teaching composition. They are intended to ensure the smooth operation of the class and to encourage a professional working environment congenial to all.

- **Office hours**: We make ourselves available during office hours to provide students access to our time as a key resource in their studies.
- **Deadlines** must be honored, as I do not accept late work (if I do for significant reasons, the grade will be reduced accordingly).
- **Email** is useful to schedule appointments or to advise me of an absence. I will use email to advise you of my absence. I cannot accept papers via email. Nor is email a suitable vehicle for student-teacher conferencing.
- **Your work** is public in this class, part of our collective inquiry into writing, reading, and democracy. We will share work in Canvas regularly. I reserve the right to publish your work to the class as part of our workshop activities.
- **Recording class sessions** is possible, but you must advise me in writing so that I may seek permission from the class for such a recording. I will need to know what will be recorded, when, how and why, as well as how the recordings will be stored and used. No recordings of the class may be uploaded or shared electronically without written consent from me.
- **Make ups** for in class work cannot be made; if you are not in class (for whatever reason), you miss that work opportunity and points. Out of class assignments MAY be made up only with documentation of a compelling reason for missing the planned work in the first place.
• **Workshops** are an essential part of the writer’s working experience. Your participation in workshops is critical to your success in this class, and mandatory. Only with documented reason and prior approval will I allow you to complete workshops with your group via email.

• **Laptops:** As this is not a heavily lecture based class, **you will need your laptops** throughout the entire class. You should bring your laptops to class, but are only allowed to take them out when I ask you to work on specific assignments.

• **“Smart” Phone:** Attendance is both a physical and mental state of being. Smart phone usage, during recent years, has become so prevalent that, in my view, it is hindering students’ ability to get the most out of classroom activities. To address this issue, I am asking everyone to **NOT use it. I will lower your overall Participation grade (20% of course total) for the course by one full letter.**

• **Arriving Late or Leaving Early:** Please don’t do it. It is disruptive to your classmates. However, I also understand that life happens, so if you have an emergency and arrive late, please make sure you explain to me why you were late. If you have to leave early for some reason, make sure to tell me in advance and sit close to the door so you can leave without interrupting the class. **Traffic and parking are not going to get better and hence are not an excuse to arrive late to class.** Please keep traffic and parking conditions in mind and plan accordingly.

• I do not accept students eating and/or sleeping in my class.

**Course Schedule**

Below is the tentative schedule for the class the academic year. Please keep in mind that as the course unfolds, there will be inevitable changes to it. Whenever any changes are made, I will notify the class on Canvas and will provide at least one week’s advance notice.

*The schedule is subject to change with fair notice and the notice will be made available on Canvas.*
