Impaction Criteria for Transfers
Some programs will give preference to applicants who have completed program-specific preparatory courses. For these programs, applicants will be ranked on a combination of self-reported GPA and completion of approved program-specific courses or talent-based assessment.

- Program Specific Course Preparation
- Program Specific Associate Degree for Transfer

Animation and Illustration Applicants
Animation and Illustration freshman and transfer applicants are required to submit a talent-based assessment (a short set of drawing exercises provided by SJSU) during the application process. Department/Faculty review of submitted assessment could result in a GPA bump in the admission consideration process.

Program Specific Supplemental Drawing Exercises

College of Engineering Applicants
Freshman applicants to programs in the College of Engineering will be ranked on a modified eligibility index that will place additional emphasis on quantitative skills necessary for success in these majors.

New! Transfer applicants to specified majors will be required to complete certain program-specific courses to be eligible for admission. Preference will be given to applicants who complete additional program-specific courses as designated at sjsu.edu/admissions/impaction

Special Session Programs
Special Session degree programs are completely funded from student tuition, and they do not receive any financial support from the State of California.

- Spartan Accelerated Graduate Education (SAGE) Scholars
Apply with your advisor to become a Spartan Accelerated Graduate Education (SAGE) Scholar to earn a combined bachelor’s and master’s degree at SJSU. Sometimes they may also satisfy the requirements for a teaching credential. Check out the updated list of available SAGE programs by searching for “SAGE Scholars” at catalog.sjsu.edu/content.php?catoid=14&navoid=5107

Change of Major
Choose your primary and alternate majors carefully. We cannot accommodate change-of-major requests during the admission process. If you are admitted, your major cannot be changed until after classes start.

Freshman
Academic Requirements

General Requirements

You will be eligible to be reviewed for admission by SJSU if you meet the following criteria:

1. Earn the equivalent of a U.S. 3.0 grade point average (GPA) or an average of “B” grades. If required, SJSU will convert your international GPA to a U.S. GPA in order to evaluate your application. Please note that some majors require higher GPAs than others.

2. Successfully complete three years of college preparatory mathematics with a minimum grade of “C-” or better.

3. Complete 4 years of college prep English or submit official passing test scores from an approved English language proficiency test (TOEFL, IELTS, PTE or Duolingo). Scores must meet minimum requirements for your major and must be sent directly to SJSU from the testing institution.

4. Submit official secondary school (high school) transcripts, which must include the completion/graduation date.

Eligibility Index (EI)

For Fall 2024, SJSU will use your Grade Point Average (GPA) to calculate your Eligibility Index.

Residency: Nonresident of California

Minimum GPA Requirement (a-g coursework):
3.00 or greater

Applicants below these GPA minimum requirements will not be considered for admission at SJSU.

English Language Proficiency Requirement

To satisfy the English language proficiency requirement, undergraduates may take any one of the following tests:

- Test of English as a Foreign Language (TOEFL)
- International English Language Testing System (IELTS)
- Pearson Test of English (PTE)
- Duolingo

Impaction Criteria (for Freshmen)

Meeting Minimum Admission Requirements Does Not Guarantee Admission.

Admission to San José State is competitive in all majors because SJSU continues to have more qualified applicants than available new student spaces. This situation is called “impaction” and it means that meeting the minimum academic requirements for CSU eligibility does not guarantee admission.

First-year (freshman) applicants who have met the minimum CSU eligibility requirements will be ranked in each major by an eligibility index primarily based on the self-reported GPA earned in a-g course requirements at the time of application. SJSU’s eligibility index will continue to include preference to local applicants.

At SJSU, additional consideration will be given to applicants who qualify for the Cal State Apply fee waiver, are the first in their family to graduate from a four-year college (first-generation), and/or are a U.S. veteran.

Applicants to majors in the College of Engineering will be ranked using a modified eligibility index that will take into consideration applicants’ math GPA in combination with the factors listed above.

Applicants to the BFA in Animation and Illustration will be asked to complete a short supplemental drawing exercise as part of the application process. Faculty assessment of the submission could result in an additional GPA bump.

Please see sjsu.edu/admissions/impaction for details about this process for Fall 2024.

Additional Requirements

If you attended a high school with American accreditation, you must meet the domestic “Freshman Admission Requirements” at sjsu.edu/admissions/freshman/admissions-requirements as SJSU will evaluate your application based on the academic requirements outlined on this page.

If you have taken “O” level examinations, SJSU requires that five subjects are passed in one sitting, including Math and English (English as a Second Language, or ESL, is not acceptable); if these requirements regarding “O” level examinations are met, the English Language proficiency test will be waived. Certified copies of “O” level examinations must be sent directly to SJSU from the testing service or attested by your school; scores sent by the applicant will not be accepted.

If you have taken “A” level and/or “AS” level examinations, SJSU may award college credit if you pass these exams with a “C” or higher. SJSU must receive “A” and “AS” level examination scores directly from the Board of Examinations. Scores sent by you or certified statements of exam results will not be accepted.

If your studies were in the International Baccalaureate (IB curriculum) program, please submit your school transcripts for evaluation. You will be required to complete four years of English and three years of mathematics and earn a passing score of “C-” or higher. For those earning scores of 4 or higher on the IB Higher Level exams, SJSU may award college credit.

Admission to San José State is competitive in all majors because SJSU continues to have more qualified applicants than available new student spaces. This situation is called “impaction,” and it means that meeting the minimum academic requirements does not guarantee admission to San José State. CSU eligible transfer applicants will be ranked in each major based on their self-reported GPA.

**Majors with Preparation Courses (Program-Specific):** Select majors (degree programs) give preference to applicants who have completed program-specific preparatory courses. These programs are noted in the “Degrees” section and will give preference to students based on a combination of their self-reported GPA and the completion of program-specific, lower division coursework.

For example, if two applicants to the same program have the same GPA, preference will be given to the applicant who has completed the greater number of program-specific preparation courses.

Similarly, if two applicants have completed the same number of program-specific preparation courses, preference will be given to the applicant with the higher GPA.

At SJSU, we encourage you to submit AP, SAT and ACT scores to help with course placement only.

☐ Transfer In Form: If you are transferring from another U.S. institution, you must complete the top portion of the Transfer In Form (sjsu.edu/isss/current-students/f1-status/transfer). Take your form and your admission letter to your school; ask them to complete the remainder of the form, and return it to SJSU. Send it according to the instructions provided on the form. You should make this request at the end of your last term of attendance at your former school, and before the first day of classes at SJSU.

   Initial I-20: If you are offered admission to SJSU and are coming from outside the United States, SJSU will process your I-20 form and mail it to you in your admission packet so that you may start your F-1 visa process. In order to create your I-20, you must provide an international permanent home address, not a Post Office Box address.

☐ Translations: Required transcripts/mark sheets must be submitted directly from the issuing school in the original language. If the original language is not English, translations are also required; see below for information regarding translation services.

   Certified English Translations: Documents in languages other than English must be accompanied by certified English translations translated by an approved government or school official or any foreign language department. (The English translation must be submitted at the same time the original transcript is submitted.) Notarized translations will not be accepted.

NOTE: Once submitted to SJSU, documents become the property of the university and cannot be released nor returned.

Admission Document Upload Tool

Check your MySJSU To Do List for instructions on how to submit your documents. Your bank document, Declaration of Finance form, and a copy of your passport should be submitted via the SJSU Admissions Document Upload tool.

Enter your nine-digit SJSU ID and your name exactly as listed on your Cal State Apply application for SJSU. This information will be used to link your documents to your application, so please be sure to check your information carefully.

Official documents such as official transcripts, test scores, etc. cannot be uploaded through the Admissions Document Upload tool. Check your MySJSU To Do List to see your list of required documents and how each document must be submitted.

Submitting Documents

- Convert documents to PDF format. Free PDF converters are available at primopdf.com or freepdfconvert.com. PDFs should be about 8.5 x 11 inches in paper size. (Larger size PDFs may not be readable by our system.)
- Make sure the documents are readable, in individual files (one form per PDF document), and that the institution name is at the top of the page.
- Upload each document in a separate PDF or TIFF.
- Submit individual documents by clicking on the button that corresponds with each document request. Example: upload your passport photocopy to the button labeled “Attach Passport”. Please note: when submitting several documents in the same upload form, it may take a few minutes to process.
- Check your To Do List in three weeks to ensure your MySJSU account shows your items have been submitted.

After Documents are Submitted

After submitting your documents, you will be directed to a Documents Submitted page, which confirms your submission. Do not send the same documents again (via the Admissions Document Upload tool or by mail) as it will delay processing. An email confirmation will be sent to the email address we have on record for you, not necessarily the email entered above. This email receipt is another confirmation that we have received your document.
