Minimum Eligibility Index (EI)

The minimum Eligibility Index is typically calculated using a combination of SAT/ACT scores and your GPA. Because the requirement to submit official SAT/ACT scores is suspended for the Fall 2021 admission cycle, applicants will be eligible for admission consideration according to the following:

Residency: Nonresident of California

Minimum GPA Requirement (A-G coursework): 3.00 or greater

Applicants below these GPA minimum requirements will not be considered for admission at SJSU.

GPA Calculator

You can estimate your a-g courses GPA (including honors, IB and AP courses) using the CSU Grade Point Average Calculator at www2.calstate.edu/apply/eligibility-index

Impaction Criteria (for Freshmen)

Meeting Minimum Admission Requirements Does Not Guarantee Admission

Admission to San José State is competitive in all majors because SJU continues to have more qualified applicants than available new student spaces. This situation is called “impaction” and it means that meeting the minimum academic requirements for CSU eligibility does not guarantee admission to San José State.

Freshman applicants who meet the minimum academic requirements will be ranked in each major and admitted to meet the enrollment capacity of their chosen major.

Applicants who have met the minimum CSU eligibility requirements will be ranked in each major by an eligibility index primarily based on the self-reported GPA earned in a-g course requirements at the time of application. SJU’s eligibility index will continue to include preference to local applicants.

For Fall 2021, SJU will also consider additional factors in the impaction process. Specifically, additional consideration will be given to applicants who qualify for the Cal State Apply fee waiver; are the first to attend college in their family (first-generation); and/or are a U.S. veteran.

Applicants to majors in the College of Engineering will be ranked using a modified eligibility index that will take into consideration applicants’ math GPA in combination with the factors listed above.

Please see sjsu.edu/admissions/impaction for details about this process for Fall 2021.

### Impaction Criteria (for Transfers)
Admission to San José State is competitive in all majors because SJSU continues to have more qualified applicants than available new student spaces. This situation is called “impaction” and it means that meeting the minimum academic requirements does not guarantee admission to San José State. CSU eligible transfer applicants will be ranked in each major based on their self-reported GPA (as reported in the required supplemental application). Some programs will give preference to applicants who have completed program-specific preparation courses. Additional courses have been approved for Fall 2021 admission (sjsu.edu/admissions/impaction).

#### Majors with (Program-Specific) Preparation Courses
Select majors (degree programs) give preference to applicants who have completed program-specific preparatory courses. These programs are noted in the “Majors” section and will give preference to students based on a combination of their self-reported GPA and the completion of program-specific, lower-division coursework.

For example, if two applicants to the same program have the same GPA, preference will be given to the applicant who has completed the greater number of program-specific preparation courses. Similarly, if two applicants have completed the same number of program-specific preparation courses, preference will be given to the applicant with the higher GPA.

The program-specific courses that will be considered are listed at sjsu.edu/admissions/impaction.

Fees are Subject to Change

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by The Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 - 66028.6 of the Education Code).

California Residency for Tuition Purposes

The determination of residency for tuition purposes affects whether a student pays in-state or out-of-state tuition fees. Out-of-state tuition fees are higher than in-state tuition fees. Just because a student is or has been a resident of the State of California does not mean that he or she qualifies to receive the in-state tuition rate. Certain requirements, established under California law, must be met. 

Visit the California State University site for additional information regarding residency.

Housing Costs

Housing rent is based on double occupancy, furnished units with a 10-month contract. Rent includes basic utilities, wi-fi internet access, internet-based TV and furniture. To view the most up-to-date costs for our housing facilities, visit housing.sjsu.edu or sjsu.edu/ihouse (Please note: rent amounts are subject to change.)

Meal plans are mandatory for freshmen living in campus housing. There are a variety of meal plans offered, including plans offering a limited number of meals per semester. Students are sure to find one that fits their needs. Please note that meal plan amounts are subject to change. More information can be found at https://dineoncampus.com/sjsu
