Water Conservation Internship Opportunity

Pay Rate: $26.31 per hour

Valley Water has undergraduate student internships available to help administer our Water Conservation programs. Valley Water is the primary water resources agency for Santa Clara County. This is a great opportunity to help people use water more efficiently both inside and outside the home. The internship involves customer service, program marketing, scheduling and/or conducting socially distanced on-site inspections with full COVID-19 precautions in place, data analysis, staffing outreach events, answering the conservation hotline, and other general office work as needed.

Minimum Requirements:
- Interest in educating people about water conservation, sustainable landscaping, and water efficient technologies
- Currently enrolled as a continuing student in an accredited college or university and carrying at least 9 units per school term, or a recent college graduate.
- Available to work 32 to 40 hours per week during spring, summer, and winter break; efficient technologies
- Available to work at least 15 hours per week (Monday through Friday) during the school year.
- Willing to work on some weekend days.
- Possess a good driving record and valid CA driver’s license.
- Able to lift up to 35 pounds on a regular basis.
- Ability to telework while COVID-19 Social Distancing restrictions are in place.

Please send cover letter and resume to Keila Cisneros at kcisneros@valleywater.org or call 408-630-2653 with any questions.
