Research Interests

computational linguistics, corpus linguistics, phonetics, psycholinguistics

Education

University of Illinois at Urbana-Champaign, Urbana, IL

Ph.D. in Linguistics, December 2007

Committee: Richard Sproat, Jennifer Cole, Gary Dell, Cynthia Fisher

Thesis: Change in the adult phonological processing system by learning non-adjacent phonotactic constraints from brief experience: An experimental and computational study

Seoul National University, Seoul, Korea

B.A. in English Language and Literature, August 2002

Employment

San Jose State University, San Jose, CA

Associate Professor, Department of Linguistics and Language Development, August 2014 – Present

Assistant Professor, Department of Linguistics and Language Development, August 2008 – August 2014

Funding

Koo, H. (PI) “Annotation of a speech database collected from Chinese, Japanese, and Korean learners of English”, Naver Corporation, August 2015 – January 2017, **\$355,713**.

Presentations

Refereed conferences

“A digital pattern playback system implemented in Python”, Poster presented at the 182nd Meeting of the Acoustical Society of America, Denver, U.S.A., May 2022.

“Change in pitch and voice quality of L2 speakers of English as a function of similarity between their L1 and English”, Poster presented at the 181st Meeting of the Acoustical Society of America, Seattle, U.S.A., November, 2021.

“Dynamic vowel qualities among multiethnic Santa Clara County talkers”, (with Julia Swan and Reiko Kataoka) Poster presented at the 95th Annual Meeting of the Linguistic Society of America, Virtual Meeting, January 2021.

“Voice quality differences between American English speakers and Korean learners of English”, Poster presented at the 179th Meeting of the Acoustical Society of America, Virtual Meeting, December, 2020.

“Effects of variability and internal structure on malleability of phonetic categories: A case of [i] versus [u]”, (with Reiko Kataoka) Poster presented at the 178th Meeting of the Acoustical Society of America, San Diego, U.S.A., December 2019.

“Is perceptual learning influenced by inherent variability of phonetic category?”, (with Reiko Kataoka) Poster presented at the 171st Meeting of the Acoustical Society of America, Salt Lake City, U.S.A., May 2016.

“A weighted finite-state transducer implementation of phoneme rewrite rules for English-to-Korean pronunciation conversion”, Poster presented at the 12th Conference of the Pacific Association for Computational Linguistics (PACLING2011), Kuala Lumpur, Malaysia, July 2011.

“Perplexity of bi-phone phonotactic models in Korean loanword phonology”, Talk presented at the 2010 Seoul International Conference on Linguistics, Seoul, Korea, June 2010.

“Statistical model of Korean loanword phonology”, Talk presented at the 19th Japanese/Korean Linguistics Conference, Honolulu, U.S.A., November 2009.

“Phonotactic learning beyond tier-adjacency”, Talk presented at the 83rd Annual Meeting of the Linguistic Society of America, San Francisco, U.S.A., January 2009.

“Effect of onset-to-onset probability on non-word speech processing”, (with Young-il Oh) Talk presented at the 82nd Annual Meeting of the Linguistic Society of America, Chicago, U.S.A., January 2008.

“Gradient perceptual facilitation from phonotactic knowledge”, (with Jennifer Cole) Talk presented at the 43rd Annual Meeting of the Chicago Linguistic Society, Chicago, U.S.A., May 2007.

“Complexity and perceptual factors in phonotactic learning: Evidence from artificial grammar learning”, (with Jennifer Cole) Talk presented at the 81st Annual Meeting of the Linguistic Society of America, Anaheim, U.S.A., January 2007.

“Incremental learning of MAP context-dependent edit operations for spoken phone number recognition in an embedded platform”, (with Yan Ming Cheng) Poster presented at INTERSPEECH 2006, Pittsburgh, U.S.A., September 2006.

“On learnability and naturalness as constraints on phonological grammar”, (with Jennifer Cole) Talk presented at the ISCA Tutorial and Research Workshop on Experimental Linguistics, Athens, Greece, August 2006.

Invited talks

“Comparing malleability of phonetic category between [i] and [u]”, (with Reiko Kataoka) The Berkeley Phonetics and Phonology Forum, April 2018.

“Using sub-lexical statistics to find loanwords in unlabeled monolingual corpora: A case study in Korean”, Stanford Phonetics and Phonology Workshop, November 2015.

“Detecting and recovering transliterated foreign words”, eBay Language Technology Forum, March 2014.

“An unsupervised method for identifying foreign loanwords in Korean”, Seoul National University, July 2012.

“On contiguity and similarity as constraints on phonotactic learning”, UCLA Linguistics Colloquium, October 2011.

“Noisy channel model for error correction in speech and language technology”, San Jose State University, February 2008.

“Using an error corrective post-processor to improve speech recognition accuracy”, AT&T Labs-Research, May 2007.

“Confusability and perceptual facilitation from knowledge of phonotactic constraints”, San Jose State University, March 2007.

Teaching

Courses taught

San Jose State University (Fall 2008 – Present)

- LING 20 Nature of Language
- LING 101 Introduction to Linguistics
- LING 111 Introduction to Linguistic Phonetics
- LING 113 Introduction to Phonology
- LING 115 Corpus Linguistics
- LING 123 Sound and Communication
- LING 124 Introduction to Speech Technology
- LING 161 Psycholinguistics
- LING 162 Introduction to Morphology
- LING 165 Introduction to Natural Language Processing
- LING 201 Phonology – Theory and Applications

Seoul National University (Summer 2012)

- Seminar on Sublexical Co-occurrence Statistics – Implications and Applications

Theses chaired

Megan Simon, MA Linguistics, 2019, *A Phonetic Distance Approach to Intelligibility between Mam Regional Dialects*.

Tracy Rohlin, MA Linguistics, 2016. *Popularity Prediction of Reddit Texts*.

Elena Grossfeld, MA Linguistics, 2013. *Evaluating the Contribution of Hashtags to Sentiment Analysis of Microblogs*.
