

AME CLOUD VENTURES

Tuesday, April 28th, 2015

4:00pm - 5:30pm

Entrepreneur Jerry Yang co-founded Yahoo! Inc. in 1995 and served on the Board of Directors until January 2012. While at Yahoo he led a number of initiatives, including two of the biggest investments in the internet: Yahoo Japan and Alibaba Group. He is widely recognized as a visionary and pioneer in the internet technology sector. Mr. Yang currently works with and invests in technology entrepreneurs through AME Cloud Ventures, his innovation and investment firm. Mr. Yang and his wife, Akiko Yamazaki, are well known philanthropists who focus on higher education, conservation, and the arts.

## Fireside Chat with Jerry Yang
