Putting You at the Center of the SJSU Experience!

A Residential Learning Community

As an integral component of San José State, the mission of University Housing Services is to create a residential community that supports and enhances academic success, fosters the learning and development of our students, and promotes student involvement and civic engagement. Towards this end, UHS strives to create living-learning environments throughout our community.

The residence halls and apartments are located on the main San José State campus, near classroom buildings, the library, recreation and dining facilities and downtown San Jose. Professional and student staff members live within the residential community, providing residents with support and programming. Staff is trained to handle a variety of situations, including roommate conflicts, policy violations and crisis situations.

Housing programs and services are designed to nourish students' academic and personal growth by supporting their transition to the university, acting as an extension of their classroom experience, and increasing their awareness of community responsibility. Residential students also have the opportunity to get involved in social events, cultural activities, intramural sports, community service, and a wide range of other campus activities.

Welcome Week

During the first weeks of the fall semester, there are many social events to help students get connected and build friendships, educational programs to support students as they develop their independence, and academic workshops to assist students in preparing for their classes.

Housing Application Process

Housing spaces are limited, and we suggest that you apply for housing as soon as you decide to become a spartan! It is a good idea to file your intent to enroll prior to applying for housing, but you can apply for housing any time after the application becomes available (usually, early in the spring).

Housing applications are accepted online and all applicants should be prepared to submit the following:

- A completed online University Housing Services application
- A nonrefundable application fee
- An initial payment (which is applied towards housing charges)

To view the most up-to-date fees for housing, visit www.housing.sjsu.edu.

All steps must be completed in order for your housing application to be considered complete.

The housing application deadline is May 1. The sooner you submit your completed license agreement and initial payment, the greater your chance of receiving your hall preference. If you plan to live on campus and will need financial assistance to do so, you should apply for financial aid prior to the financial aid priority application deadline. International students do not qualify for financial aid.

To apply for housing, visit www.housing.sjsu.edu and click on the “Housing Application Portal” button to begin the application process.
