

## 1. MCOM 180 (independent study)

**MCOM 180** is the Independent Study course that we offer every Spring, Summer, and Fall semester. Three sections of MCOM 180 are always offered for and each section is not the same: MCOM 180-01 (1 unit), MCOM 180-02 (2 units), MCOM 180-03 (3 units).

MCOM 180 are Independent Study projects that are supervised by any JMC Faculty member the student feels comfortable working with. In order to register for MCOM 180, the student needs to complete an MCOM 180 form in order to be given an Add Code.

For students who want to do an MCOM 180, they will need to obtain the MCOM 180 form from the Major Advisor (Dona Nichols) or the get a hard-copy of the form from the JMC Main Office (DBH 105).

**It is the student's responsibility to find a JMC Faculty member who is willing to be their MCOM 180 advisor, have them sign the hard-copy MCOM 180 form, and return the form to JMC Main Office (DBH 105) to receive an Add Code.**

*\*Note: This class doesn't meet and doesn't have a Canvas page. The student needs to work with their MCOM 180 Advisor on the project, and turn it into the MCOM 180 advisor by the agreed upon deadline.*
