### **Course Description/Learning Objectives:**

This course covers the theory and practice of managing justice system agencies, (primarily police, but also US federal agencies), including managing organizational change and dealing with contemporary management issues. Students will attain an appreciation for the complexities and challenges of organization and personnel management. Practical exercises in planning will give students some practice in problem solving. Knowledge of how leadership affects organizational performance will begin to prepare students for real-world problems they will face, both as followers and leaders.

### **Course Format:**

The primary mode of delivery of this course is lecture. Students should augment their lecture notes with outside sources, as indicated in lectures and in the text. There will be one mid-term exam, two quizzes, an article critique paper and a final exam. Responding to the instructor when called upon will satisfy the class participation portion of the course grade.

**Course Add/Drop:** Instructors are permitted to drop students who fail to attend the first scheduled class meeting and who fail to inform the instructor prior to the second class meeting of the reason for any absence and their intention to continue in the class. Some instructors will drop students who do not meet the stated course prerequisites. If you decide to drop this course, it is **your responsibility to make sure classes are dropped.** See: [http://sa.sjsu.edu/student\\_conduct](http://sa.sjsu.edu/student_conduct)

**Class Participation:**

Students are responsible for keeping up with the assigned reading, and being prepared to discuss it in class. Students will be called upon at random during the semester to add to the discussion, or to assist in a demonstration in class. Records will be kept of the students' participation.

**Quizzes and Exams:** Examinations and quizzes will cover material from the lectures and the assigned readings, and from guest lecturers. Exams (mid-term and end of term) will require a combination of responses on a SCANTRON sheet and in a Blue Book, without any memory aids. The quizzes (3) will be open-notebook tests, using SCANTRON only. The grades for each, and for the paper, will be weighted as follows:

Exams (2) (25% each)	50%	No notes, no memory aids allowed. Bring SCANTRON & large size (8.5x11") blue book.
quizzes (3) (10% ea.)	30%	<b>(Open notebook:</b> use class notes only. Notes on computer: ok.)
case study paper	15%	See additional information below.
class participation	5%	Participating in discussions; assisting in demonstrations; answering when called upon; taking any unannounced written quizzes/surveys.
	100%	<b>No final exam</b> will be given during final exam week.

A SCANTRON card [Form 882-E] will be needed for all quizzes and exams. A BLUE BOOK will be needed, as well, for the mid-term and final exams.

*Important: Directive 97-03 requires that students with disabilities register with the Disability Resource Center (924-6000) to establish a record of their disability. Please meet with me to confirm that you have done this if you need course adaptation or accommodations because of a disability. If you have emergency medical information to share with me, or if you need to make special arrangements in case the building must be evacuated, please see me asap.*

**Missed exams and quizzes:**

Missing an exam or quiz is a serious matter. Taking an exam after others have taken it may give one an undue advantage. If a student misses an exam or quiz, a make-up exam or quiz will be afforded, with a **five-point deduction** from the exam or quiz grade. The penalty will not be assessed if the student has a medical doctor's note explaining the absence on the scheduled exam day, or documentation of the student's participation in a University-sponsored activity, or documentation of a serious family emergency. Failure to complete any of the quizzes or exams will result in a score of "0" for that assignment, or an "I" for the course, at the instructor's discretion. Extra credit points cannot be used in lieu of any of the required assignments.

**In accordance with University policy, any student caught cheating or plagiarizing can be given a score of "0" for that exam or paper, and, at minimum, will be reported to the Office of Judicial Affairs with appropriate recommendations for disciplinary action. For the University policy, see [http://sa.sjsu.edu/download/judicial\\_affairs/Academic\\_Integrity\\_Policy\\_S04-12.pdf](http://sa.sjsu.edu/download/judicial_affairs/Academic_Integrity_Policy_S04-12.pdf)**

**Paper assignment: CASE STUDY**

You will be required to locate, read, brief and critically review an appellate decision on a court case that involves an already adjudicated criminal or civil case. The fact situation in the case at trial must have involved an allegation of wrongdoing against a public official within the justice system, other than allegations of use of excessive physical force. The case at trial may be either a criminal or a civil case. The appeal may be based on any procedural or constitutional issue. The

appellate court decision may come from state courts of appeal, or state supreme courts, or from a federal circuit court of appeals, or from the U.S. Supreme Court.

Details of the paper requirement are available on the course website, <http://billcleveland.pageout.net>. Go to COURSE CONTENT, then to SESSIONS, and click on the session labeled “Case Brief Requirements”.

**Case Brief Deadline: 8:30pm, OCTOBER 29.** Paper must be in “hard copy”. No email submissions will be acceptable, unless previously approved by the instructor. ***Papers submitted after 8:30pm, October 29, will not be accepted,*** absent compelling exigent circumstances, and such are rare.

***Turnitin.com:*** Important note: Your paper must be submitted to **Turnitin.com** prior to turning it in to the instructor. Include the Turnitin.com “Receipt” along with the paper. Allow one week for a Turnitin “originality report” to appear. Be sure to look at it **BEFORE** you turn in your paper, so that you can correct areas that the database indicates appear to be plagiarized. See instructor’s web site for Turnitin.com instructions.

**Extra Credit:** For five extra points added to your paper’s score, see ***Plagiarism: The Crime of Intellectual Kidnapping***, SJLibrary.org, <http://130.65.109.143/plagiarism/index.htm> Use your student ID number (Tower Card) to register as "SJSU Students - First Time" and complete the module and quizzes. You must score 70 or better to receive extra credit. Send me an email copy of your quiz score, if my name is not listed for you to select. *(If you are taking more than one of my courses in the same semester, you may get credit for this quiz in ONLY ONE of them. If you got credit in a previous semester, you may do it again and get credit this semester.)*

**Order of topics, reading assignments, and quiz/exam/paper due dates:**

The order of topics and readings indicated below will be followed, so that the student may know how to keep ahead of lecture topics in the readings. The exact dates of lecture topics may change, but exams and quizzes will be administered on the dates indicated, and will cover the **topics** that have been covered in lectures **up to that date**. Any assigned readings that are relevant to those topics may also be covered on the exam or quiz. Since quizzes are “open notebook” tests, you may use any notes you took from the readings, but not the actual books or articles.
