Course Description: The class explores legal issues and individual and institutional discrimination/oppression of ethnic/cultural, women, religious minorities, gays, lesbians and trans persons in education, employment, criminal justice both past and present. The class will investigate the impact of mass incarceration, and US Supreme Court decisions on diverse populations. Students learn about the creation and maintenance of systemic oppression. Students will be able to explain how historical power and theories are used to maintain durable inequality. We employ theories on maintenance of inequality and investigate theories on how to disrupt systems of inequality on a macro-cultural level. Historical oppressions are revealed, compared, and discussed. The course examines social actions that seek to dismantle structures of inequality and oppression in the U.S. The class centers on student discussions, lectures, and documentaries.

Notes on the course:
Part of the class is devoted to paideia - Training of the physical and mental faculties to produce a broad enlightened, mature outlook harmoniously combined with maximum cultural development. Paideia further entails deep mediations on the nature of love, beauty, equality, liberty, suffering and justice. It is based on the edict that the unexamined life is not worth living. Consequently, the class will hopefully challenge your assumptions about love, justice, beauty, etc.
Inequality and the history of human existence is founded upon those who are oppressed and those who oppress. Our focus will be on the often triumphant response of the oppressed in defining love, beauty, equality, liberty, suffering, and justice, and not on the victimization of the oppressed. The study of the oppressor will be on what happens when the oppressed are deprived of truth and the psychological, emotional, and financial costs of willful ignorance.
San Jose State is gaining in its reputation as an academic institution and your graduation from this school and major look impressive on a resume. This class is designed to increase your academic rigor and add to Justice Studies’ reputation. The class will challenge you academically and personally. Consequently, complete assignments on time and stretch your mind.
