Course Description

This course will provide the student with the opportunity to learn and develop the basic rules and skills of volleyball, understand the entry level of the volleyball offense. Learn and have an opportunity to practice basic core ball handling skills of passing, setting and serving. Course will be taught on line via Zoom.

Web Resource

Course materials may be found on the e-campus [Canvas learning management system](http://www.sjsu.edu/at/ec/canvas/) at <http://www.sjsu.edu/at/ec/canvas/>. You are responsible for regularly checking the Canvas discussion board and email for information and messages. Login using your MySJSU username and password.

Course Goals and Student Learning Objectives

Following activities and assigned reading, students will be able to demonstrate through class activities/assignments, skills assessments, performance quizzes and written exams:

- Knowledge of fundamental skills, technique, related to the sport of volleyball.
- Proficiency in execution of the sport of volleyball skills covered.

- An understanding of the history, rules, strategies, current research, safety and etiquette associated with sport of volleyball.
- An understanding of the mental and physical health benefits to be derived from the sport of volleyball.
- An appropriate level of proficiency in personal fitness as it relates to components such as cardiovascular endurance, muscular strength and endurance, flexibility, body composition, balance, coordination, and agility.

Activity Program Learning Outcomes

After completion of the physical activity graduation requirement, students shall be able to:

- Demonstrate proficiency in the execution of the motor/sport skills appropriate to the specific activities completed.
- Identify and/or explain the applicable history, rules, strategies, current research, safety, and etiquette related to the specific activities completed.
- Identify and/or explain the benefits of physical activity as related to physical and mental health.

Text/Readings

- Any outside reading, assignments will be posted on Canvas and discussed in class.

Course Notes

- **Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities.**
- Class protocol: Students are expected to be online on time and participate fully in all activities throughout the class period. You will need to have your video on during the duration of class. You will need to have your microphone on if called during activity or when specified by instructor. Interactions with classmates and the instructor are expected to be respectful at all times.
- Recording class: Instruction may be recorded via zoom.
- Intellectual property: Course materials developed by the instructor (e.g., exam/quiz items, videos, lecture notes), are the instructor's intellectual property and cannot be shared or uploaded in any form publicly without the instructor's approval.
- If you have pre-existing medical or physical problems you should consult your physician before participating in this class and alert the instructor to any required limitations.
- Report any accidents to the instructor immediately.
- Attire: Proper athletic attire should be worn during class participation; athletic shoes, shorts, t-shirt or see KIN policy. Other equipment to consider are kneepads but not required.
- Drop requests will not be accepted after the SJSU drop deadline.
- Outings/assignments completed for another class cannot be counted for this course.
- This is an activity class and by its nature you can only benefit and experience change by physical participation in the activity. For whatever reason, should you be unable to

participate in class to the degree that your final grade will be unacceptable, you must drop the class or take an incomplete. Attending classes in a timely manner is beneficial. Excessive tardiness will not be tolerated and will affect grade accordingly due to missed performance quizzes and skill assessments.

- Each individual student is responsible for providing their own suitable volleyball.

Course Requirements, Assignments, and Grading

Tests

- Multiple choice, true false and/or short answer.
- Tests are based on volleyball rules, strategies, court layout and general play and or items discussed in class or reading assignments, etc.

Final

- Will consist of items covered in tests, performance quizzes and class lectures, handouts and outlines, etc.

Assignments/Projects

- **Paper (15 points)** – Write a 2 page paper on the history and rules of the sport of volleyball, be specific and detailed about the history of the sport; where was it first played and who was its inventor. Give a history of its development and describe how the game has changed since its creation. Describe the rules of the game as it is currently played.
- **5 Skill assessments (6 points each)** Videos of skill assessments need to be uploaded on to canvas. Assessments will test basic skills – passing, setting, serving, arm swing – and will be graded on rate of success as well as form while performing the skill. **Skill assessments cannot be made-up.**
- **10 Participation/Performance quizzes (10 points each)** – Topic and questions will be announced at the beginning of class and quiz will taken at the end of class or end of meeting day. Instructions will be given within the first 15 minutes of class. Arrival after instructions have been given (15 minutes or later) will result in a maximum score of 5 points. If arrival to class is 25 minutes past the start of class the quiz result will be zero points for that quiz. Performance Quizzes will be unannounced, pop quizzes, in-class on line assignments, discussion/activity, etc.

Only ONE performance quiz can be made-up by completing one of the following and must be turned in by the last regular day of class of the semester

- 1) Watch a live or media broadcast volleyball game high school level or higher. In a one to two page typed paper summarize your observations. Try and identify which type of offense one team is implementing, and describe one teams defensive alignment. Describe the perceived strengths and weaknesses of one of the team you are observing. Then clearly explain how you might implement some of the positive attributes of what you have learned into your own game.

- 2) Write a one to two page paper on the U.S. Men’s and Women’s National Team history at Olympic Games and World Championships. Examples of what should be included: coaching history, outcomes, notable players, etc.

Grading

- Will consist of 10 Participation/Performance Quizzes, 3 scheduled Tests, 1 written Paper, a Final and 5 Skill Assessments.
- Test, paper and assignments received or completed late will receive a deduction of 2 points for each meeting day late. A skill Assessments Video must be turned in on line via Canvas on date due and cannot be made up.
- In order to receive an A+ grade you cannot include a make-up Participation/Performance Quiz. Only one Participation/Performance Quiz may be made-up.
