Course Goals and Student Learning Objectives

Following activities and assigned reading, students will be able to demonstrate through class activities/assignments, skills tests, and written exams,

- Knowledge of fundamental skills, techniques for Fitness Walking.
- Proficiency in execution of Fitness Walking skills covered.

- An understanding of the history, rules, strategies, current research, safety and etiquette associated with Fitness Walking.
- An understanding of the mental and physical health benefits to be derived from Fitness Walking.
- An appropriate level of proficiency in personal fitness as it relates to components such as cardiovascular endurance, muscular strength and endurance, flexibility, body composition, balance, coordination, and agility.

Activity Program Learning Outcomes

After completion of the physical activity graduation requirement, students shall be able to:

- Demonstrate proficiency in the execution of the motor/sport skills appropriate to the specific activities completed.
- Identify and/or explain the applicable history, rules, strategies, current research, safety, and etiquette related to the specific activities completed.
- Identify and/or explain the benefits of physical activity as related to physical and mental health.

Text/Readings/Technology

- Other readings will be posted on Canvas
- Map My Run App (Under Armor)

Course Notes

- Class protocol: Students are expected to be on time and ready to go when class starts. Interactions with classmates and the instructor are always expected to be respectful. Students must be off their phones for safety reasons unless given permission from the professor. Students should check with Canvas periodically for announcements and other readings. Students must communicate with the professor in a timely manner of absences or other issues that will force missed days.
- Recording class: Instruction may not be recorded.
- Intellectual property: Course materials developed by the instructor (e.g., exam/quiz items, videos, lecture notes), are the instructor's intellectual property and cannot be shared or uploaded in any form publicly without the instructor's approval.
- If you have pre-existing medical or physical problems, you should consult your physician before participating in this class and alert the instructor to any required limitations.
- Report any accidents to the instructor immediately.
- Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities.
- Success in this course will be met by using your app every time you walk, stretching before and after exercise and looking after pains and aches
- Course grades will be posted on Canvas by the end of finals week.

- Drop requests will not be accepted after the SJSU drop deadline.
