

Math Department Assessment Report 2010/2011

Outcomes - MS Mathematics and MA Mathematics and MA Mathematics, Concentration in Mathematics Education

Goal 1 The Ability to Read, Understand, and Explicate Journal Articles in Mathematics Related to the Student's Area of Specialty

Goal 2 The Ability to Communicate Mathematics Effectively

1. Ability to explain mathematics orally
2. Ability to write clear mathematical explanations

Data was gathered and evaluated at the end of Fall 2010 by Dr. Richard Kubelka, the Math Department Graduate coordinator to assess these learning objectives. His report is now being discussed by the Graduate Curriculum Committee to determine whether or not any additional actions are warranted.
