A Statement by the SJSU Family Advisory Board

The San Jose State University Family Advisory Board (FAB) stands in solidarity with the Black community.

FAB acknowledges and abhors the ongoing discrimination and injustice experienced by people of color, and the preservation of systems which allow institutional racism to exist.

FAB supports all SJSU students, regardless of their gender, sex, race, ethnicity, ability, age, citizenship, housing status, financial means, religion or any other social grouping, and we urge the University to eradicate discriminatory practices, systemic racism and violence. We appeal to our extended University community to work towards the elimination of implicit bias and inequality. And we call upon the thousands of SJSU families to support the restructuring of our communities into safer and more supportive environments for all students.

“It’s inadequate to simply not be racist... we must be anti-racist.” #blacklivesmatter

Sincerely,

SJSU Family Advisory Board
