

Jeanne Clery Campus Security Policy & Crime Statistics Disclosure Act

*What you need to know if you are a
Campus Security Authority at
San Jose State University*

Jeanne Clery Campus Security Policy & Crime Statistics Disclosure Act (Clery Act)

- The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the landmark federal law, originally known as the Campus Security Act, that requires colleges and universities across the United States to disclose information about crime on and around their campuses
- All public and private institutions of postsecondary education participating in federal student aid programs are subject to it. Violators can be "fined" by the U.S. Department of Education, the agency charged with enforcement of the Act and where complaints of alleged violations should be made, or face other enforcement action

- 
- The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies.
 - The "Clery Act" is named in memory of 19 year old Lehigh University freshman Jeanne Ann Clery who was raped and murdered while asleep in her residence hall room on April 5, 1986

What does it have to do with you?

- Clery Act compliance is a mandatory ***institutional*** reporting responsibility and full compliance necessitates a campus-wide effort and concerns all members of the campus community.
- Many crimes (especially sexual assaults) and disciplinary actions go unreported to police (but may be reported to others)
- The San Jose State University Police Department coordinates and submits the annual report.
- Data is collected from a wide variety of “Campus Security Authorities” to get the most accurate crime statistics possible – That’s where you come in.

Campus Security Authorities.. That's
You

What makes you a Campus Security Authority (CSA)?

- The law defines four categories of Campus Security Authority:
 - San Jose State University Police
 - Non-police security staff responsible for monitoring university property
 - People/offices designed under our policy as those to whom crimes should be reported
 - “Officials with significant responsibility for students and campus activities” – THAT’S YOU!

Who is NOT a CSA

- Administrative staff not responsible for students (e.g., payroll, facilities)
- Clerical Staff
- Individual faculty who do NOT serve as advisor to a registered student organization
- Those who are exempt by law: Student Health Center Clinicians who only provide care to individual students.

So You're a CSA

What do you have to do?

- If someone tells you about a crime or an incident that may be a crime, you must record the information and submit a report
- Just get the facts, law enforcement will determine the crime
- Use the Campus Security Crime and Incident Report Form
- Report the incident immediately.

When in doubt, report it!

CSA Report Form

Campus Security Authorities (CSA) Crime & Incident Report Form

CONFIDENTIAL

According to the Higher Education Act, or 20 U.S.C. 1092, now known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, California State University, San Jose is required to collect and annually publish statistics concerning the occurrence of selected crimes on campus property (including residential facilities), non-campus property, and public property, reported or known to San Jose State Police Department, local police or any individuals identified by the University as "Campus Security Authorities" (CSA). Campus Security Authorities are defined as, "An official of an institution who has significant responsibility for student and campus activities, including but not limited to, student housing, student discipline, and campus judicial procedures." The information collected from these forms is used to prepare a compilation of statistical crime information for inclusion in the campus' Annual Security Report. San Jose State Police will use this form to determine the category of the crime or incident and the location under which the incident should be reported according to the requirements of the Clery Act. Data collected on this form is to be used to promote crime awareness and enhance campus safety.

It is the policy of the California State University, San Jose (San Jose State) to ensure that victims and witnesses to crime are aware of their right to report criminal acts to the police, and to report University policy violations to the appropriate office (e.g., student conduct violations to the Vice President of Student Affairs). However, if a reporting person requests anonymity, this request must be honored to the extent permitted by law. Accordingly, no information should be included on this form that would personally identify the victim without his/her consent.

In order for San Jose State to satisfy the statistical reporting requirements of the Clery Act, all CSA's are required to complete this form when specified crimes/incidents (listed below) are reported to them or at the end of the year advising no crimes were reported to them. In addition, a person reporting an incident of this nature to a CSA shall also be encouraged to report the crime to the San Jose State Police Department.

Procedures

If you are one of San Jose State's CSA's and you receive a report, or otherwise become aware of the occurrence of one of the selected crimes listed below, please do the following:

1. Encourage the crime victim(s) and/or witness(es) to report the incident to San Jose State Police
2. If the incident indicates the possibility of an imminent community threat, inform San Jose State Police without delay;
3. If the incident reported is a sexual assault or other violent crime:
 - ❖ Inform the victim(s) and/or witness(es) of the support services available which can be found in our Annual Security Report www.sjsu.edu/police
 - ❖ Actively support the victim(s) and/or witness(es) in accessing these services.
4. Complete the Crime & Incident Report form and handle as a "confidential" document.
5. Submit the form in a confidential envelope and deliver it to:

San Jose State Police Department, **Attn: Noemi Hinchberger**
1 Washington Square, San Jose CA 95192-0012

If you have any questions concerning this form, please call (408) 924-2222

Sex offenses are of special concern to the campus community because they have been historically under reported. The victim of a sex offense typically desires confidentiality and anonymity, as a result he/she will often seek a reporting source other than law enforcement such as a designated CSA. Because the sex offender may continue to pose a threat to the community, the threat potential needs to be evaluated and the campus community alerted/warned as necessary. In this regard, the following additional information is requested.

HATE CRIMES

Larceny: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Vandalism: To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, etc... the assault is then also classified as a hate/bias crime.
