### Grade Checks

Due to the large number of requests for grade checks and the large class size I require that all grade checks be submitted on paper **in advance**. They can be given to me at the beginning or end of class and during office hours. If you have a form for me to sign be sure to fill it out as completely as possible before giving it to me. If you do not have a form print out the “Grading Table” on the following page and fill it in with all the grades you have received so far in the class. Follow the directions in the next section “How to Calculate Your Grades” and complete calculations, **including** what your estimated grades for all future assignments need to be. I will look at your grading table and return it to you.

Please plan ahead because I cannot complete a signed grade check the same day unless it is during office hours. You may also go to the TA for a signed grade check or to review your Grading Table.

### How to Calculate Your Grades

Because this is a large class I require anyone who wants to check their grade with me to print and fill out the grade sheet below in its entirety and bring it with you when we meet. Please follow the directions below.

Students who ask that I complete a grade check form must bring me the form at least one class in advance so please plan ahead. I may not have my grade sheet with me on campus and most likely will not have time before or after class to provide a grade check. If you need a grade sheet signed you also need to print out and complete the grade sheet below and include it with the form for me to sign.

To calculate your grade at any point after that add up all of your grades for each category above, divide by

the number of assignments, multiply by the percentage (eg, 15% is .15), and then add each category together. Remember that you need to put in an estimated grade for any assignments not yet completed to figure out what your final grade might be. For example, start with 100 points for your highest possible grade and adjust it downward to see what grades you need to earn your ideal final grade. That will be your grade at that point in time.

If you have any questions about your grade after you have done this calculation feel free to come see me during office hours. I cannot do grade checks in class. Please fill in the following table as completely as possible before coming to check on your grade.

### Grading Table

Assignment	Grade	Grade %	Grade decimal	Points
Participation		10%	0.10	
Reflection paper #1				
Reflection paper #2				
<b>TOTAL</b> Reflection papers		40%	0.4	
Midterm 1

<b>TOTAL</b> exams		50%	0.50	
<b>TOTAL GRADE</b>				

### Student Evaluation/Grading Policies

- **No withdrawals (W) will be granted** except for **verifiable** medical reasons.
- Students will receive their grades at mid-term when the graded mid-term exam is returned.
- 10 percent will be deducted for each **week** that an assignment is turned in late. A period of 7 days or less is consider 1 week.
- Please sign your **complete name** on the sign in sheet.
- If you miss more than 2 classes during the semester your final grade will be reduced by **1/2 a full letter grade** on your final grade for each additional absence. Excused absences according to campus policy are not counted. If you have not signed in by the end of class you will be counted as absent.
- If you are late more than 2 times during the semester your final grade will be reduced by **1/2 a full letter grade** on your final grade for each additional late arrival. If you arrive after the sign in sheet passed your seat or if you were skipped please sign in after class ends and write “late” if you were late.
- Students must take all 3 exams. The lowest of the 3 scores will be dropped. **There are no make up, early, or late exams.** If you are **later than 10 minutes** to the exam or **miss** an exam you will receive

a 0 and your exam grade will be calculated based on **all 3** scores. If you have an excused absence according to campus policy please provide written documentation ASAP.

## Participation Policy

Because the class is large and there is a participation grade it is imperative that you have a photo uploaded to the class page where you are listed as enrolled in the course. This will allow me to keep track of who contributed to class and on-line.

To earn full participation points you need to make a least 4 substantial contributions to class discussions. I will keep track of your contributions so it is essential that you have a photo on the class Canvas page. You may also ask a question or participate in group meetings. A “substantial contribution” is defined as doing more than just asking me to repeat something, making a random guess, making a comment clearly unrelated to the immediate line of discussion, or otherwise just taking up airtime to get your points. For example, making a connection to something being discussed, offering another perspective, questioning an assumption, making a connection to something in the readings, referencing a related item in history or the news, etc. will be considered a “substantial contribution.” To be sure you receive credit be sure to say your name after I call on you.

Attendance is not required but you are **strongly encouraged** to attend every class and to be on time and stay the entire class. You do not need my permission to be absent from class, arrive late or leave early. However, it is your responsibility to find out what you missed from your classmates either in class or by posting an email to the class list serve before you return to class.

You **need to be in class to participate** in the small group and class discussions, make contributions, and ask questions. You are expected to come to class prepared by having **completed all the readings and article or chapter worksheet prior to class**. If you have any questions about the readings it is preferable to ask them in class or during office hours. One of the best ways to participate in class—and learn—is to ask questions, and participate in the group and class discussions. Feel free to also use the class discussion list to ask questions.

If you disrupt class by allowing your cell phone to ring, send text messages and carry on conversations with classmates **you will be requested to stop. Each time** you are asked to put away your phone you will automatically have **10 points deducted** from your final participation points. On the second request you may be asked to leave the class and report to the appropriate campus authority to discuss your disruptive behavior.

## Classroom Policy

- **Please turn off and put away all electronic devices** (cell phones, laptops, audio recorders, headphones, etc). I will give only one warning and then **I will ask you to leave the class**. If you need to use your phone please leave the classroom and make your call in the hallway away from the door to the classroom. **After one warning** if you continue using your devices you will be asked to report to the appropriate campus authority and you will **lose 10 points**. University Policy S12-7, <http://www.sjsu.edu/senate/docs/S12-7.pdf>, requires students to obtain instructor’s permission to record the course.

- **No electronic recordings or photographs** of any kind of the class are allowed except as an accommodation with campus documentation.
- The posting of any electronic recordings, tapings or any other type of documentation of any aspect of this course on the internet is not allowed.
- Please keep your bag and purse **on the floor** not on your desk or lap.
- **Laptops are only allowed in class for note taking.** You must sit in the front two rows. Any use of your laptop for any other purpose than note taking will result in the discontinuation of its use and a **deduction of 10 participation points.**
- Please show respect for your classmates and instructor by refraining from interrupting someone who is speaking, engaging in side conversations in class and making disrespectful comments. You will receive only one warning.
- Please allow your classmates time to speak.
- **Any act of plagiarism will result in an automatic “F” for the assignment.**
- Please refrain from engaging in side conversations. If you have a question ask me in class or your neighbor before and after class.
- If you **take time** during class discussions, please **give time** in return to your classmates.
- Please raise your hand if you wish to speak.
- Please do not interrupt your classmates.
- Please speak respectfully about one another. It’s ok to criticize ideas **but** not people.
- Any student who has special needs that may affect his or her performance in this class is asked to identify his or her needs to Dr. Ovetz in private by the end of the first day of class and provide written proof as soon as possible. Any resulting class performance problems that may arise for those who do not identify their needs will not receive any special grading considerations.
- Please recycle your containers and paper rather than throwing them in the trash.

There will be two mid-terms and a final exam. The multiple choice exams are based on the assigned readings and class lecture and discussion. You must bring your own 882e scantron sheet, eraser and pencil. The questions will address concepts, terminology, and important events in political history covered in class and the readings. In order to prepare for the exams I strongly encourage you to form study groups, visit me or the ISA during office hours, and use campus tutoring resources.

There shall be an appropriate final examination or evaluation at the scheduled time in every course, unless specifically exempted by the college dean who has curricular responsibility for the course.

## **Reflection Papers**

There will be two reflection papers due. The assignments are described on the “Reflection Paper” assignment sheet found on the Canvas page.

## Writing Grading Scale

Does not meet the basic requirements of the assignment	0-60%
Incompletely fulfills part of the basic requirements of the assignment	70-74%
Fulfills the basic requirements of the assignment	75-79%
Completed the assignment with more than the basic requirement	80-89%
Completed the assignment with critical insights	90-100%

\*Note: In addition to late penalties described below reductions of 5-10% will also be made for incomplete assignments including unstapled work, missing worksheet pages, excessive misspellings, and unreadable text.

## **About Sources and References**

Sources used for your paper should include credible and reliable academic, popular, trade, and government sources. Do not cite wikis, personal web pages, commercial non-news sources, student papers, and blogs. The textbooks may be cited in your paper but do not count towards your required number of citations. Do not use Wikipedia as a source. Please use the free library databases that you will learn about in our visit to the library. Any one of the primary styles for citing works used is acceptable.

For help writing your citations go to SJSU library webpage and databases for political science, <http://libguides.sjsu.edu/az.php?s=47559>

The staff librarian for political science also has additional resources on his webpage: <http://libguides.sjsu.edu/politicalscience>

## **About References**

Use either in text citations and a list of references **or** footnotes.

If a list of references is used at the end of the paper be sure to provide clear indications as to where each reference appears in the body of the text by including an in text citation: (last name, year).

If footnotes are used use the “insert footnote” function in your word processing program. Please **do not** insert them manually. Be sure to provide the complete reference the first time each reference appears in the footnotes. If you use a bibliography put your full citations in alphabetical order—**do not** number your sources.

Use the APA citation style only.

### **Grammar and Proofreading**

You will be graded for grammar, punctuation and style to the extent that it reduces your ability to express your research and analysis clearly. While grammar, punctuation and style are not the most significant part of the grade you will receive, it does affect your ability to communicate your ideas and analysis clearly and effectively. If you have any issues concerning your language skills you wish to discuss with me please visit me during office hours.

I strongly encourage you to use the Lib Guide cited above and the short guides to writing research papers at <http://owl.english.purdue.edu/sitemap/>

## Student Pledge
