Welcome!

Welcome to POLS 15B – a survey of the construction of the U.S. and California’s government. This class will be an exciting exploration of theory, history and function of U.S. governance systems. Why do we have government at all? How is it organized? When has it succeeded? Why does it often fail? Most importantly, how and when can we use government as mechanism to improve society and how do we make ourselves better and more efficacious citizens?

This class uses a historical lens to explore how many of the problems in today’s society have their genesis decades, often centuries ago. We will learn how and why America’s governance system is unique in the world, both as a first mover in the development of liberal democracy but as one of the world’s few Federalist systems. Finally, we will deep dive on the policy ramifications of the U.S. government system and explore how even small changes in governmental function can have massive practical ramifications for everyday citizens.

Course Requirements, Assignments and Schedule

Please note: the schedule below is subject to change with fair notice. I will make every effort to avoid changes when possible. However, it is the student's responsibility to stay apprised of possible changes to the course schedule.

Assignment #1 – Syllabus Quiz (Due Before Class, August 27th)

By the second class, students must take the syllabus tutorial (the link will be posted on Canvas), in order to demonstrate knowledge of the class' structure, policies and expectations.

Assignment #2 – Ideology Quiz Reflection Paper (Due Before Class, September 5th)

This is an exciting writing assignment that gives you the opportunity to think more about your own background and how your life events and environment have affected the way you view the political world. Go to politicalcompass.org and take the quiz. Take a screenshot of where you fell on the political spectrum (function + PrtSc). Include the screenshot in your 500 word reflection paper that: Discusses what your ideology says about you. Highlight any statements that you most especially agreed or disagreed with and talk about how you think that may have impacted your ideology score. Talk about whether this was your first time thinking about your own political ideology or whether this is a topic you've considered previously. Make sure to put to paper any questions you might have and remember them for our discussion. *To receive credit, students will submit a reflection of around 500 words on their experience to Canvas.* This assignment assesses GELOs 1 and 4.

Assignment #3 – Supporting Evidence (Due Before Class, September 26th)

You will need to provide supporting evidence for all three of your papers (see paper instructions, below). The purpose of this homework is to assist you in finding journal articles and interpreting results to provide such support. This assignment has two parts: (1) In class, each student will be assigned a footnote found in one of the Kernell chapters. You will find the journal article (or a review if you are assigned a book) in the library system and save an electronic copy of it. You will write one paragraph summarizing the major findings in the article. You will then write a second paragraph on whether or not you agree with Kernell et al's interpretation of the article. (2) You will find a second book, article or report that also cites the article you were assigned. Discuss the differences or similarities between how Kernell et al. utilize the work and the how the second source you discover does the same. Write one final paragraph describing the process you used to find the articles in the library system. This assignment assesses GELOs 3 and 5

Assignment #4 – Case Study Response Memos (Due Before Class September 19th, October 22nd & November 7th)

Throughout the course of the semester, we will review 3 case studies in the *CQ Issues for Debate* text. You must submit a 500-word response memo for these cases. The purpose of these memos is to prepare the class such that we can have a productive and lively discussion of the topic. These memos need not be stressful or particularly detailed. Each student will have a specific question assigned to them that they must be prepared to discuss in class intelligently. In addition, please address the following:

- 1) Why is the issue covered in the chapter considered to be a problem? Do different groups have differing opinions on whether the issue is a problem or what exactly the problem is?
- 2) Why is this issue a *public* problem? Why should the government be involved or *should* the government even be involved at all? Is this something the market could handle without government interference? Is this a political problem or a technical problem or both?
- 3) What are your thoughts on this issue? Is there something you feel the chapter overlooked/shortchanged?

To receive credit, students must turn their memos to Canvas before class begins on the respective day and participate in the day's discussion. This assignment assesses GELOs 1, 2, 3, 5 and 6.

Assignment #5 – Policy Paper Problem Statement (Due Before Class November 14th)

This assignment serves as an early “first draft” of your policy paper. It is a 1-2 page document that outlines a public problem including the problem’s scope, magnitude and trend citing no fewer than five relevant sources including government reports and academic articles. The grade for this assignment will be determined by the extent to which the student has outlined a clear, actionable and local problem, delineated the scope, magnitude and trend of the problem and by the quality of the research cited. A detailed prompt will be provided via Canvas later in the semester. This assignment assesses GELOs 3, 4, 5 and 6.

In-Class Quizzes (Various)

There will be six quizzes covering the lectures and assigned readings, given in class. Quizzes will not be announced ahead of time. The purpose of these quizzes is to test whether students are coming in to class with basic comprehension of the reading material in order to inform class discussion. *6 in-class quizzes will be given, of which 4 will count for the student's grade.* Thus, a student can miss up to two quizzes and still receive a perfect score. The quizzes will assess GELOs 1 and 2.

Policy Research Paper (Due 11:59 pm, December 3rd)

You will be required to write a research paper – minimum 2,000 words not including works cited, appendices and headings – addressing a *local* domestic policy issue of your choice. You will posit a public problem, identify its cause, justify that it *is* a problem, research this issue, and describe and critically evaluate both the current policy and at least one possible policy change that you will propose. Finally, you will make a recommendation as to the most effective course

of action moving forward. I will provide a detailed prompt for the policy paper assignment on Canvas later in the semester. In your paper, you will be required to use at least 5 government reports or peer-reviewed academic journal articles as sources. The grade for this assignment will be determined by the extent to which the students has outlined a clear, actionable and local problem, delineated the scope, magnitude and trend of the problem, be the outlining and systematic comparison of proposed policy alternatives and by the quality of the research cited. A detailed rubric will be provided later in the semester via Canvas. Students may use their amended problem statements as the basis for this paper. The policy paper will assess GELOs 3, 4, 5 & 6.

Midterm Exam (Beginning of Class, October 15th)

The midterm exam will consist of multiple-choice questions, definitions and essay questions. A review sheet of relevant terms and essay questions will be provided ahead of time. The exam will assess GELOs 1 and 2. Bring a Scantron 882-E and #2 pencil.

Final Exam (12:15p – 2:15p, December 14th in DMH 160)

The final exam will consist of multiple-choice questions. A review sheet of relevant terms and essay questions will be provided ahead of time. The exam will assess GELOs 1 and 2. Bring a Scantron 882-E and #2 pencil.

Class Participation

Students will be graded on the quality and quantity of their participation in class discussion, group projections and during lectures. Specifically, students are expected to participate in interactive question and answer sessions through **Peardeck.com** (I will explain the logistics of how this works in class). The student’s responses will be judged on their comprehensiveness, thoughtfulness and the extent to which they reflect student’s preparedness. Answers to class discussions need not be “correct” per se, so long as they reflect genuine engagement with the material. In addition, I will also use peardeck for very short question and answers at the beginning of class on non-quiz days to verify that students have completed the readings. Please note, the MLK library has options for renting out laptops and tablets that can be utilized for class purposes: <https://library.sjsu.edu/scs>.

Assignment & Exam Schedule	
Syllabus Quiz	August 27 th
Ideology Quiz Reflection Paper	September 5 th
Case Study #1	September 19 th

Mid-term Exam	October 15 th
Case Study #2	October 22 nd
Case Study #3	November 7 th

Final Exam	December 14 th

While I expect you to attend class regularly, per University Policy F-15-12 (<http://www.sjsu.edu/senate/docs/F15-12.pdf>), students will not be graded on daily attendance.

One of the purposes of this class is to help simulate the stamina necessary to stick with a project day-in, day-out even as your interest in it naturally waxes and wanes. It is very, *very* unlikely that a student who misses class regularly will do well. More importantly, classroom discussion will tease out much of the important nuance in the readings. As such, regular attendance is strongly encouraged.

Final Examination

The final exam will consist of 50-60 multiple-choice questions and will take place between 12:15p – 2:15p on December 14th in DMH 160. These questions will evaluate your ability to critically analyze and synthesize relevant class material; simple rote memorization will be insufficient for satisfactory achievement. A review sheet of relevant terms and essay questions will be provided ahead of time. The exam will assess GELOs 1 and 2. Bring a Scantron 882-E and #2 pencil.

Grading Information

You will be graded on a percentage basis. You may keep track of your grade in the class on the CANVAS course website. Your grade will be calculated as follows:

Grading Paradigm			
98 - 100%	A+	77 - 79.9%	C+
93 - 97.9%	A	73 - 76.9%	C

Make-up/Late Policy

There are no make-up exams or other assignments without appropriate documentation (serious medical illness or serious medical emergency, religious holiday, pre-approved university-sanctioned event or activity, military orders, family emergency) that you were unable to complete the assignment on time.

This also applies to in-class assignments. If you are seriously ill, you must notify me as soon as possible by email or on my office phone that you will be unable to complete an assignment on time. Except in cases of documented medical emergency, you **MUST** notify me before the scheduled assignment.

Out of fairness to your colleagues, work, missing an alarm, and generally not feeling well will not be accepted excuses for missing assignments. Be sure you schedule all of our assignments right away. If you have a vacation or similar event planned during one of these assignment days, you may want to take this course during another session or make arrangements to hand in the assignment early.

Major assignments like the policy paper will be graded if handed in late; however, these will be penalized commensurate with how late they were. If you have reason to think you will not make a deadline, always at least discuss it with me first. I can't guarantee anything, but I can guarantee a fair hearing. Communication will always lead to a better outcome for you than not communicating.

Classroom Policies and Protocol

Attendance

Although attendance is not an explicit portion of your grade, students are expected to attend all meetings for the courses in which they are enrolled as they are responsible for material discussed therein, and active participation is frequently essential to ensure maximum benefit to all class members. Attendance is fundamental to course objectives and is the responsibility of the student.

If you miss class, it is your responsibility to obtain class notes from a colleague in class. If you are late, please do not be disruptive. If you know that you need to leave early, please give me a heads up before class and sit near the door so as to draw as little attention as possible when leaving. Every student is expected to participate in class discussion regularly.

Cellphones, laptops, and other technology

You may not use your cell phone in class for non-class purposes. If you need to have it on for family reasons, please let me know ahead of time, turn it on vibrate and leave it out of sight. If you must make an emergency text, feel free to step outside of class. All other texting needs to take place before or after class. Laptops, tablets, and other such technology are allowed in class but for notetaking and educational use only. I reserve the right to bar specific students from using these technologies if they are making inappropriate use of them during class time. Please see me if you have questions about this policy or questions regarding SJSU academic accommodations

related to this policy. Please note, the MLK library has options for renting out laptops and tablets that can be utilized for class purposes: <https://library.sjsu.edu/scs>.

Recording of Lectures

Please obtain my permission before taking an audio or video recording of lectures or other class activities. I will almost certainly grant such permission but it is common courtesy to let people know you will be recording them before you do so. Thus, out of respect to your colleagues and to me, please do not record this class without my explicit permission.

University Policies

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs' [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo/) at <http://www.sjsu.edu/gup/syllabusinfo/>

Workload and Credit Hour Requirements

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying or course related activities including but not limited to internships, labs, clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.
