Course Requirements and Assignments

University policy S16-9

(<http://www.sjsu.edu/gup/syllabusinfo/index.html#CreditHour>)

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying or course related activities including but not limited to internships, labs, clinical practice. Other course structures will have equivalent workload expectations as described in this syllabus.

All exams and quizzes will be conducted over Canvas and pulled from readings, lectures, and videos.

QUIZZES (15% of final grade) Throughout the term there will be multiple quizzes for subjects that include material from the course including readings, lectures, and videos. Questions are randomly pulled from a test bank and could reappear in your exams.

EXAMS (40% of final grade) Exams will consist of multiple-choice questions pulled from various sources and could include queries from the readings, lectures, and videos. Questions are created by you're the *Challenge of Democracy* textbook publisher and Professor Schendan and are randomly pulled from a bank of questions.

EXAM #1 (60 points): This exam will consist of thirty multiple-choice questions. It will cover the assigned chapters in the readings, and activities for the material before the first exam. **It will assess GELOs 1-2.**

EXAM #2 (60 points): This exam will consist of thirty multiple-choice questions. It will cover the assigned chapters in the readings, and activities for the material after the first exam. **It will assess GELOs 1-2.**

EXAM #3 (60 points): This exam will consist of thirty multiple-choice questions. It

will cover the assigned chapters in the readings, and activities for the material after the first exam. **It will assess GELOs 1-2.**

EXAM #4 (60 points): This exam will consist of thirty multiple-choice questions. It will cover the assigned chapters in the readings, and activities for the material after the first exam. **It will assess GELOs 1-2.**

EXAM #5 (120 points): Exam #3 will consist of sixty multiple-choice questions. thirty questions will cover the assigned chapters in the readings and materials after the fourth exam. thirty questions will cover material prior to the fourth exam. **It will assess GELOs 1-2.**

LAKOFF POLICY ANALYSIS (25% of final grade): Apply George Lakoff's theory to **one** political issue and explain why both liberals and conservatives would be for or against a policy preference. Be sure to list and define at least four metaphors from each model (Strict Father & Nurturant Parent models) that apply to the issue; then apply each model and metaphor to the issue. For example, if you chose single-payer healthcare or Medicare For All as your issue, you will need to explain why a conservative would be opposed to or in favor of such a policy and then explain a liberal's opposition or preference for such a policy. If you can apply the models and metaphors effectively, you can also argue that both liberals and conservatives would be in favor or opposed to the same policy preference. As this requires more effort, you may wish to consult me during office hours. You do not need an introduction but be sure explain the models briefly before you discuss and apply the metaphors and models to your issue. Your paper will be assessed through Turnitin.com and should be at least 800 words and submitted in one of the following formats: Microsoft Word (.DOC/.DOCX), OpenOffice (.ODT), WordPerfect (.WPD), PostScript (.PS), (PDF), (TXT), (RTF), (HWP), (HTML), (PPT) or Google Docs. Papers in the following conditions could receive a zero: not submitted in a required format or a corrupted file (it can't be read and Turnitin.com can't assess plagiarism), incomplete papers, high similarity ratings by Turnitin.com (25 % or above), or emailed to me. For details on how your paper will be graded, please see the rubric attached to your assignment in Canvas. **It will assess GELOs 3-6.**

ACTIVITIES (20% of final grade): There are several assignments that will be posted on Canvas or watched during the class period that require typed responses. Each Canvas activity will include a prompt with a discussion of

requirements. All activities are due on the date listed in Canvas. **It will assess GELOs 1-2**
