- **Version: 06/2019**

**Notes**
This handout is a general guide to the Psychology BA, starting Fall 2019.

It is important to meet with a Psychology Major Advisor for additional important, detailed guidance.

See the course descriptions in the *Course Catalog* for a full list of courses and their prerequisites.

It is strongly recommended that 100W, 118, and 190/195 be taken in different semesters.

There is flexibility in when you take other upper division courses, but see an advisor and/or our advising resources for suggested sequences.
