**COURSE POLICIES/EXPECTATIONS**

1. **“Netiquette”** -- Please use these general guidelines when emailing me and/or when posting on the class discussion boards. Also see **Classroom Protocol** section later in syllabus for policies/expectations for Zoom class discussions/meetings.

   a. **When emailing your professor (me)**

      -- Indicate your class in the subject line of your email (e.g., Psyc 18)

      -- Please address me by my formal title, (e.g., Professor or Dr. Rattan) and not MRS. Rattan or Hey! When you send emails to your instructors, it is a “formal” mode of communication. So, it is a good practice for you to write your emails as you would if you were sending any type of professional/formal email.

      -- Allow AT LEAST 24 -48 hours for a reply from me. If you email me on a Friday, the earliest you can expect me to respond is on the following Monday.

      --Do Email me in Advance to
-- set up an individual Zoom appointment to talk with me during my regular office hours or outside of my regular office hours if your schedule conflicts with them
-- inform me of any emergency/medical/family situation that may affect your ability to complete a course activity/assignment/quiz BEFORE the due date. *** NOTE: I will REQUIRE documentation of such situations to consider the possibility of an extension/make-up (see Make-up policy later in syllabus)
-- DO NOT EMAIL ME TO
-- ask when due dates are for activities/assignments/quizzes. Those are all listed on your course schedule and can be easily found there.

b. Discussion boards posts -- When posting on the course discussion boards, please be respectful of one another’s opinions/beliefs/observations even when they are different or conflict with your own. It’s expected that we ALL behave with respect and tolerance for each other, despite any differences we have. Please refrain from any personal attacks, insults, etc. I hope the Discussion board posts will be a place where we can all feel comfortable to interact with another and engage in thoughtful “conversation” as a class.

*** There will be a separate Discussion board to post general questions about the course policies, assignments, activities, etc. Please post your general questions about the class on this discussion board and DO NOT EMAIL ME DIRECTLY about these.

I have found that several students usually have the same questions about activities/papers/assignments and it is more efficient to answer these types of questions through the CANVAS discussion board so that all students can read my answers/responses.

2. Students’ responsibilities/expectations

a. Students are responsible to know all due dates for assignments, activities, quizzes. *** DO NOT EMAIL ME to ask when these due dates are. I will not reply to emails asking about this information as it is easily found on the course Canvas page, syllabus, and/or schedule.

b. Students are expected to CHECK ANNOUNCEMENTS ON CANVAS REGULARLY to view course lectures, participate in class activities, complete assignments, and keep updated regarding course announcements.

c. Students are expected to turn in their own individual work and complete all module exams independently without any outside help of any kind (e.g., closed book, no notes, study guides, etc.)

If you have any questions/issues regarding any of these policies, please email me directly to discuss them.

Course Description

This course provides you with an exciting journey into the varied kinds of research conducted in Psychology. It is this very research that gives our discipline the status of a scientific discipline that has evolved out of the depths of metaphysics and philosophy. Defined as a science of soul, then mind, then consciousness and finally behavior psychology has traversed many paths before emerging as a discipline that embraces experimentation, that analyzes human and non-human behavior, that delves into theoretical as well as applied issues and
concerns. Hence research studies are the hallmark of psychology. Therefore, a major goal of this course is to enhance your critical thinking skills as you evaluate research-based evidence. Another goal of this course is to develop the ability to design your own research, become proficient in writing and presenting it.

From the catalog: Psychological research methods and design (experimental, quasi-experimental [correlational], and descriptive investigations) covering observation, instrumentation, and the collection, analysis, interpretation, and reporting of research data as illustrated through a review of original research in a variety of the sub-disciplines of psychology.

**Course Learning Goals:**
Therefore, this course aims to help you:

5. Demonstrate knowledge of general research designs, experimental and non-experimental methods, and standard research practices.
6. Select appropriate research designs to test hypotheses.
7. Explain the ethical treatment of human and animal participants in research and the institutional requirements for conducting research.
8. Assess the generalizability of study results.

Zoom Classroom Etiquette
●Mute Your Microphone: To help keep background noise to a minimum, make sure you mute your microphone when you are not speaking.
●Be Mindful of Background Noise and Distractions: Find a quiet place to “attend” class, to the greatest extent possible
○Avoid video setups where people may be walking behind you, people talking/making noise, etc.
Avoid activities that could create additional noise, such as shuffling papers, listening to music in the background, etc. Avoid sitting with lights or windows behind you.

Position Your Camera Properly: Be sure your webcam is in a stable position and focused at eye level. Avoid sitting with lights or windows behind you. Ensure that your audio and video are functional.

Limit Your Distractions/Avoid Multitasking: You can make it easier to focus on the meeting by turning off notifications, closing or minimizing running apps, and putting your smartphone away (unless you are using it to access Zoom).

Use Appropriate Virtual Backgrounds: You can also use the Zoom's virtual background (Links to an external site.) If using a virtual background, it should be appropriate and professional and should NOT suggest or include content that is objectively offensive or demeaning.

Mute your mic unless you are speaking, you can quickly unmute your mic by holding the spacebar down.

Place your laptop on a flat stable surface.

If using your phone to access the Zoom meeting, position the device horizontally, not vertically and when speaking, look directly into the camera.

Listen deeply to whomever is speaking in the virtual room. Try not to interrupt, and if you do, apologize.

The recordings will only be shared with students enrolled in the class through Canvas. The recordings will be deleted at the end of the semester. If, however, you would prefer to remain anonymous during these recordings, then please speak with the instructor about possible accommodations (e.g., temporarily turning off identifying information from the Zoom session, including student name and picture, prior to recording).

Special Note on Classroom Protocol:
Class will begin on time and end on time. I expect your safe and full participation in our online sessions. This entails being free from any distractions including driving, the consumption of drugs/and or alcohol and /or multitasking.

- If you miss a class, you are responsible for getting the information covered. It is not the responsibility of the instructor to update students on content they missed in class. You are responsible for all information and announcements made in class.
- It is vital that you complete all scheduled readings and assignments before each class.
- Please arrive to class on time. If you must arrive late or leave early, please do so quietly and with a minimum of distraction. Please inform me beforehand via email if you will not be in class.
- Regarding letter of recommendation-only students who have taken a minimum of 3 classes with me and earned a grade of A in each of these classes will be considered for a letter of recommendation.
University Policies

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs’ Syllabus Information web page at http://www.sjsu.edu/gup/syllabusinfo/”

SJSU Homepage

General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU’s policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. To learn important campus information, view University Policy S16-15 and SJSU current semester’s Policies and Procedures. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not address the issue, it is recommended that the student contact the Department Chair as the next step.

Attendance and Participation

Attendance per se shall not be used as a criterion for grading. However, students are expected to attend all meetings for the courses in which they are enrolled as they are responsible for material discussed therein, and active participation is frequently essential to ensure maximum benefit to all class members. In some cases, attendance is fundamental to course objectives; for example, students may be required to interact with others in the class. Attendance is the responsibility of the student. Participation may be used as a criterion for grading when the parameters and their evaluation are clearly defined in the course syllabus and the percentage of the overall grade is stated. The full policy language can be found at http://www.sjsu.edu/senate/docs/F15-3.pdf

Timely Feedback on Class Assignments

Per University Policy F13-1, all students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.

Accommodation to Students’ Religious Holidays

University Policy S14-7 states that San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage. Students should be aware of the current deadlines and penalties for dropping classes (Late Drop Information).

Information about the latest changes and news is available at the Advising Hub.

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7, requires students to obtain instructor’s permission to record the course and the following items to be included in the syllabus:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study
purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”

- It is suggested that the greensheet include the instructor’s process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
- In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

**Academic integrity**

Your commitment, as a student, to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy F15-7 requires you to be honest in all your academic course work.
