Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, it is expected that you will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 (Links to an external site.) at http://www.sisu.edu senate/docs/S12-3.pdf. (Links to an external site.)

Research Project CLO1, CLO2, CLO3, CLO 4, CLO5

Movie Assignments and Discussion CLO1, CLO3, CLO 4, CLO5

In Class Activities, Writing & Discussions CLO1, CLO2, CLO3, CLO4

Class Participation CLO1, CLO2, CLO3

Research Project:

Each student will choose a LGBTQ+ topic to research (topic approval by Instructor)

Each student will research at least 4 articles on the chosen topic relating to LGBTQ+ issues. Students will lead class discussion on the topic they choose on the day the topic is scheduled. Each student will write a research paper applying the research to issues related to LGBTQ+ and to Psychology. Your paper must include an APA formatted reference list from published, peer reviewed scientific journals of all articles used.

More details will be discussed in class.

Be sure to write your paper in proper APA format (See APA Publication Manual, 6 Ed. for organizational guidance.)

Movie Assignments:

Each student will be assigned 2 specific LGBTQ+ Historical Documentary movies which address LGBTQ+ history prior to the 1969 Stonewall Uprising
The assignment is to gain additional insight into LGBTQ+ Psychology Issues. You will then write a brief 4-5 page double-spaced paper about the issues addressed in the movie. Students will then discuss the topics addressed in the movie using questions provided.

More details will be discussed in class.

**Knowledge Journal Project**

Students will turn in Journal write-ups on reflections of specific class topics using given questions.

Total of 5 Journals.

More details will be discussed in class.

**In-Class Activities, In-Class Writing and Class Discussions:**

Throughout the semester, you will be given “thought” questions and will watch video clips on a variety of LGBTQ+ topics. You will be asked to write short papers on the topics presented and their application to other topics, discussions and reading in this course.

Purpose these writing assignments: (1) to encourage you to read and listen thoughtfully, and (2) to provide evidence that you have both read and engaged (to the best of your ability) in each topic.

You can consider each of them to be a “quiz”

Many classroom activities and discussions will supplement the reading and students are responsible for all material, assignments, and explanations given in class, even if they were absent.

In each of the topic presentations/discussions, you will be responsible for contributing to discussion of that topic. Please note that your role as a discussant is a serious one. I will be looking for you to make a tangible contribution to each day’s discussion. Merely posing a question or two from the reading- or providing an interesting anecdote are not acceptable. This is a key opportunity for you to develop your critical thinking and evidence-based responses that are the crux of the position papers and discussions for this course.

**Participation**

Participation grade includes …turning in all assignments on time and following directions; participation in small group and large group discussions; completing in class writings and activities (even if you were not present in the class that day); demonstration of your learning; paying attention in class.

You are expected to actively participate in all discussions, debates, presentations and class activities. Because this is in part an experiential class, attendance and participation are crucial. You cannot participate if you do not come to class.

Class Participation points include your attendance & participation at the Final

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per
(week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”
