The Spartan Psychological Association Research Conference (SPARC) has been providing undergraduate and graduate student researchers of psychology the experience of presenting their research since 1957. Through the years, SPARC has grown to become one of the preeminent regional forums for student presentations in psychology.

Hear about research by presenters from universities across the Bay Area and beyond:

- Hope College
- Menlo College
- Monterey Peninsula College
- University of CA - Santa Cruz
- University of Michigan
- San Jose State University

Due to COVID-19 meeting restrictions, SPARC is held remotely this year (2020 ReSPARC).

In accommodation to the remote format, 2020 ReSPARC will feature the following events from April 20 to May 5, 2020.

- On **Monday, April 20, 3:30-5:00pm**, Dr. Flynn-Evans will deliver her keynote presentation in a Zoom webinar.
- From Tuesday, April 28, to Tuesday, May 5, student presentations will be available for viewing in a web folder.

Register for 2020 ReSPARC today! Please visit: http://www.sjsu.edu/psych/Events/SPARC/
