Changing lives, one petition at a time

The mission of San José State University's Record Clearance Project (RCP) is to promote justice by providing needed services to those who cannot afford them and by educating undergraduates to deliver those services with dignity and respect.

To do this, the RCP's Legal Services Program informs people of their legal right to a clear record and provides the legal assistance necessary for them to achieve the second chance that the law promises. The RCP's Path to Expungement program provides guidance and support as people leave custody to move forward with their lives.

As undergraduates make a difference in the lives of others, they gain the experience and motivation to promote social justice, recognizing that with knowledge and kindness, they can change the world.

15 Years of Impact

As the only undergraduate clinical legal services program in the country, RCP has...

Educated and engaged

Sponsorship Opportunities

The Record Clearance Project needs your support. Sponsorship at the 15-year Anniversary Celebration will not only help celebrate those who have contributed to RCP's success over the past 15 years, but it will educate more students and assist more community members in securing their rights to bright new futures, thereby enriching us all.
