**Subject:** Return to Regular Grading, Probation and Disqualification Policies in Fall 2021

Dear Advising Community,

As the 2021-2022 academic year begins, we would like to remind you that the [grading modifications](#) put in place to support maximum flexibility during the COVID-19 pandemic for Spring 2020, Fall 2020, and Spring 2021 are no longer in effect.

Starting Fall 2021, the regular university grading, probation, and disqualification policies will apply.

- Letter graded courses will assign A-F grades. Grades of F and WU will NOT be changed to NC (No Credit)
- Undergraduate students are allowed to petition to change a letter graded class to Credit/No Credit (CR/NC) for certain classes only, before the semester add deadline (September 8, 2021). See [catalog](#) for more information.
- Undergraduate students on academic probation must earn at least a 2.0 term GPA in the Fall 2021 semester to remain on continued probation.
- Undergraduate students on probation who do not earn at least a 2.0 term GPA in Fall 2021 will be disqualified from the university.

Our college Student Success Centers will be reaching out to undergraduate students on probation with information about probation support programs. Please help direct undergraduate students on probation to their college Student Success Center or AARS (for Undeclared students) to connect with an academic advisor and develop a plan for appropriate support this semester. See [Undergraduate Advisor Directory](#).

Best,

Melinda Jackson, Ph.D.  
Associate Dean Undergraduate Education
