

SJSU RSCA Project Plan | COVID-19

ALL RSCA Leaders seeking to continue *substantially reduced* RSCA projects on campus, in the field, and/or at alternate off-campus locations during Phase 2 or Phase 3 of SJSU's Adapt Plan for RSCA are required to fill out this form, describing the nature of their essential work (critical or time-sensitive as defined in the RSCA Adapt Plan), identifying key personnel required to support it, confirming COVID-19 safety measures, and specifying schedules and space/location provisions.

BEFORE YOU PROCEED, PLEASE NOTE ...

1. ALL RSCA projects that can be done remotely should continue to be done remotely. Visit the SJSU Health Advisories website at <https://www.sjsu.edu/healthadvisories/> for information.
2. RSCA projects that are operating remotely without the need for any campus access, field work, travel, in-person collaboration among individuals or with other organizations, or in-person engagement with human subjects are not required to submit this form.
3. Use one form per RSCA project/activity.
4. Complete the EH&S Checklist form FIRST before completing this Project Plan. You will be asked to upload your completed EH&S Checklist to this form before you can submit your project plan.
5. All on-site access approvals during Phase 2 are currently for periods ending on or before 12/31/2020. Extensions will be granted as appropriate and in keeping with public health requirements.
4. Access approvals may be revoked at any time due to public health orders, outbreaks, projects diverging from approved plans, or access limitations resulting from on-campus instruction activities.

If you need to update your approved Project Plan, please fill out this form again and include your original project title. Any requests for new personnel need to be justified. If you are exchanging an approved person, give the new person's name and role, and indicate which approved person they are replacing.

Project Personnel: We understand that the long-term viability of many RSCA projects during this period may require management of essential animal lines, equipment, liquid nitrogen stocks, and certain long-term experiments. To meet these needs, we request that each laboratory (or neighboring group of laboratories) identify 1-2 key personnel who will be responsible for this essential ongoing maintenance.

When determining the appropriate size of your project "skeleton crew," please keep in mind that any potentially hazardous operation will require at least two trained and qualified persons be

present.

Labs that are approved to resume RSCA activities shall submit Biological Use Authorization (BUA documents) and Standard Operating Procedures (SOPs) in accordance with the guidance and deadlines set forth by the Institutional Biosafety Committee (IBC).

Please email questions to vp.researchandinnovation@sjsu.edu.

* Required

1. Email address *

2. Is this a new or an updated request? *

Check all that apply.

New Request

Updated Request (use original project title below)

3. RSCA Leader Name (PI or other faculty leader) *

4. Laboratory/Research/Activity Group Name *

5. Research Leader Preferred Email *

6. Unit/Department and College/Division *

7. Alternate Research Group contact - name and title *

8. Alternate RSCA Group Contact - Email address *

9. PROJECT - Project Title / Name (one project per submission). If this is a project update, use original project title. *

10. If this is a request to CHANGE/UPDATE a previously submitted project plan, summarize ALL the requested changes/updates here. Otherwise, if a new request, enter "N/A." *

11. PROJECT - Describe the critical nature of the RSCA project and list all applicable sensitive deadlines. What would the impact be to the project if project personnel are unable to resume their work on campus? - Please be specific. Refer to the SJSU RSCA Adapt Plan for the definition of "Critical" and "Time-Sensitive" RSCA projects - (200 words or less) *

SAMPLE ONLY - DO NOT USE

12. PROJECT - Start Date of On-Site Project Access or Activity *

Example: January 7, 2019

13. PROJECT - End Date of On-Site Project Access or Activity. Give the actual end date of the critical / time-sensitive activity. If your project will extend beyond 12/31/2020, the current approval will only be up to 12/31/2020, subject to extension.

*

Example: January 7, 2019

14. SAFETY - Upload your completed EH&S Checklist form ("RSCA Risk Assessment Template and Return to Operation Plan for COVID-19") *

Files submitted:

15. PERSONNEL - For each of the project personnel listed on the EH&S Checklist form, provide justification for including them in this substantially-reduced activity. (200 words or less) *

SAMPLE ONLY - DO NOT USE

- 16. SAFETY - What steps will you put in place to ensure social distancing (capacity, spacing, rotation schedule, etc.) to ensure safety of research personnel (provide a sketch with dimensions in the section below)? (200 words or less) *

- 17. SAFETY - Upload a sketch (with dimensions) of your social distancing plan - Required for ALL RSCA space access requests.

Files submitted:

- 18. SPACE - What spaces will you be using? Specify ALL on-campus spaces (buildings, floors, rooms) and/or off-campus locations that you will use during the entire duration of your RSCA project. (200 words or less) *

SAMPLE ONLY - DO NOT USE

- 19. SPACE - Do you require access to spaces that are not under your direct control such as shared instrumentation or activity rooms/labs? Have you coordinated with the manager of that space? What kind of access/scheduling will be put in place for spaces not in your control to ensure social distancing and proper sanitization? (200 words or less) *

- 20. SCHEDULE - What type of personnel access/rotation schedule and/or space access protocols will you implement to ensure social distancing at all times? - Refer to the SJSU RSCA Adapt Plan for current social distancing guidelines. (200 words or less)

*

- 21. TRAVEL - Will your project involve travel for any of the project personnel? If yes, list (1) names, (2) travel start/end dates, (3) destination(s), and (4) mode(s) of transportation. NOTE: Only essential travel is permitted. All essential travel requires presidential approval (obtained through this process) during the CSU travel ban through 06/30/2021. (200 words or less) *

SAMPLE ONLY - DO NOT USE

22. RAMP-DOWN - How will you rapidly ramp down your project to Phase 1 if required?
(200 words or less) *

23. OTHER - Please list any special concerns the Dean and VPRI should be aware of.
(200 words or less)

By selecting "Submit" below, you confirm that, to the best of your knowledge and ability, the Project Plan reflects the requirements of SJSU's Revitalization & Adaptation Plan for RSCA and all applicable guidance, and that you will do your best to ensure that your project personnel will be well-informed of their roles and responsibilities and will adhere to this Project Plan.

SAMPLE ONLY - DO NOT USE
