

The University Grants Academy

The University Grants Academy (UGA) supports faculty members from across the campus to write an external grant proposal over the spring semester to fund their RSCA. The UGA is a developmental experience designed for faculty members new to external grant-writing; T/TT faculty members who have not yet received major external grants are eligible to apply.

Support provided:

- 0.2 assigned time for the Spring semester 2019
- \$500 O&E funds if proposal submitted by the first open submission window after UGA completion
- Spring program of consulting sessions and individualized coaching
- Expert review of proposal drafts by senior scholars in the field

For more details, come to the UGA information session:

- Friday, 10/12/18, 10:30 a.m.-11:30 a.m. MLK 255

Some comments from faculty members participating in the 2016-17 or 2017-18 UGA:

“One of the best things that SJSU has done for faculty development.”

“Extremely helpful and valuable opportunity.”

“Really great support and lots of knowledge gained.”

“An outstanding, rare opportunity to get real help with writing grants.”
