An extensive vision coverage network that offers convenience and cost savings

Maintaining healthy eyes gives us the opportunity to see the important things in life - graduations, weddings, births, and everything in between. One of the best ways to protect your eye health is to visit an eye doctor regularly. Vision insurance can make those visits more convenient and less costly. We've partnered with a vision network, VSP® Vision Care, to give you the freedom to choose from 81,000 access points, including the largest national network of independent doctors and nearly 5,000 participating retail chain locations, like Costco Optical® and Cohens Fashion Optical®, or any out-of-network provider.
