October 19th 2022
10 AM - 12 PM

Are you an entrepreneur or technology company interested in protecting your intellectual property (IP)?

Join our Silicon Valley SBDC event, in collaboration with the United States Patent and Trademark Office (USPTO) to learn about the different types of patents, including utility, design, and plant.

In this module addresses important considerations when filing a U.S. patent application including both provisional and non-provisional type utility applications. The content and format of both application types will be discussed, also addressing the necessary USPTO forms and fees, which accompany a filing. The unique nature of patent claim drafting will also be touched upon during this session.
