5 Final Reading

AS 1574

6  
7 Senate Management Resolution  
8 Dissolving the University Teacher Education Committee  
9

10 Legislative History and Background: SM-S12-1 established the University Teacher Education  
11 Committee (UTEC) to replace the All University Teacher Education Committee. No reports  
12 have come in since AY 11-12 and based on that last report the group was not particularly active  
13 and identified no new business for the upcoming (12-13) academic year.  
14

15 Whereas: The University Teacher Education Committee has not been active in recent years;  
16 and  
17 Whereas: There is not enough interest to constitute this committee reflecting a lack of felt  
18 need for its services; therefore be it  
19 Resolved: That the University Teacher Education Committee be dissolved effective with the  
20 approval of this resolution.  
21  
22

23 Rationale: Little interest has been expressed in keeping this committee when inquiries were  
24 made of the Dean and faculty in the College of Education. Existing structures (e.g., meetings of  
25 chairs/directors) appear to be handling issues related to teacher preparation programs,  
26 accreditation, and curricular planning. Therefore, at this point in time the UTEC should be  
27 dissolved.
