7 **Policy Recommendation**
8 **Rescind F97-4 (Educational Equity Advisory Board)**
9

10 Legislative History: F97-4 (Educational Equity Advisory Board) dissolved the
11 educational equity advisory board, the outreach council, the retention council, and
12 reorganized the Faculty Enhancement Council as an administrative agency in the
13 Senate's 'other' classification for committees with the name Educational Equity Council.
14

15 Whereas: The Educational Equity Council no longer exists, and

16
17 Whereas: Significant changes in infrastructure and programming have been
18 made since 1997 with respect to issues related to diversity, and

19
20 Whereas: The council's purpose and objectives are now incorporated in
21 campus programs and structures such as the faculty diversity
22 committee, a recently established Office of Diversity, Equity, and
23 Inclusion, a student success committee, and a center for faculty
24 development, therefore be it

25
26 Resolved: That F97-4 (Educational Equity Advisory Board) be rescinded.
27

28 Rationale: F97-4 sought to update and reorganize disparate efforts in the area of
29 educational equity with a focus on fostering positive and effective rapport between
30 students and faculty and facilitating faculty development and involvement. Since that
31 time, the campus has undertaken several initiatives designed to impact not only faculty
32 but students and the campus as a whole. With the educational equity council no longer
33 in existence and its work embraced by current groups, F97-4 needs to be rescinded.
