

SAN JOSÉ STATE COLLEGE

ACADEMIC COUNCIL

ACADEMIC COUNCIL POLICY RECOMMENDATION #F71-13

At its meeting of January 3, 1972, the Academic Council approved the following proposal, as presented by Dr. Frederic Weed, Chairman of the Organization Government Committee.

CONTINUING EDUCATION ADVISORY COMMITTEE

4 Students

Charge: Reporting to the Curriculum Policy Committee of Academic Council, this committee serves an advisory function regarding the following two aspects:

1. Continuing Education Reserve Funds. Due to past changes in budgeting procedures, a portion of surplus remaining from both Extension Services and Summer Sessions is available to the College for funding worthwhile proposals -- primarily of a Continuing Education nature. This committee would help establish procedures for administering these funds as well as advising the Dean of Educational Services on programs which should be supported.
2. General Policies for Continuing Education. The Committee would advise the Dean of Educational Services and provide a valuable input of information regarding the large number of policies controlling the operation of Summer Sessions, Extension, Short Courses, and Conferences as well as current thinking on External Degree Program.
