**II. Approval of Academic Senate Minutes— The Senate minutes of December 10, 2018 were approved as amended by Senators Rodan and Khan.**

**III. Communications and Questions –**

**A. From the Chair of the Senate –**

Chair Frazier welcomed Senators back for Spring 2019.

Chair Frazier announced that there is a new faculty dining room and it is located in IRC 302. Chair Frazier thanked Senior Vice Provost Kemnitz and VP Charlie Faas for making this happen, as well as a committee that worked on it: Jonathan Roth, Sharmin Khan, Judith Lessow-Hurley, Tsu-Hong Yen, Janet Kitajima, and Frazier.

Chair Frazier recognized Senator Julia Curry for winning the Wang Family Excellence

Award for Service. Senator Curry received a standing ovation.

**B. From the President of the University –**

The President recognized the work of the administrators, including Senator Stacks, during the Government shutdown.

**Questions:**

Q: As a Senator, I've been approached about the recent appointment of lots of administrators and the perception from some faculty is that it has been done with little to no input from rank and file faculty.

A: Comments from President Papazian: Change by definition is uncomfortable. Everyone wants to be at the core of the conversations around change. I appreciate the concern. It is always an interesting and delicate balance between how, when, and with whom we have those conversations. I hope we all can agree that we needed to make change. We were in a period of stagnation. As an institution we were not moving forward as fast as we should. I've also said that shared governance is not co-management. These are different functions and processes and they have different kind of responsibilities. Shared governance is about having meaningful influence in areas where it is appropriate. Co-management is a different matter. Administrators are held accountable for different things. Administrators are at will employees. They don't have five-year contracts. We have responsibilities to ensure what we do is done with integrity and that we follow all rules, regulations, and laws. We have obligations to do these things. There are always grey areas. We have brought in new leadership with experience and new eyes and we have taken a look at what is needed in the divisions and across the university. In terms of some of these changes, lots of conversations have taken place. They just haven't taken place in a public forum. No one has recommended a change without there being substantial conversations before it was made. However, I have found that no matter how early I reveal an idea, it is never early enough. Our old structure was inefficient and we were losing money in some areas. For example, we are a \$500M institution and yet we purchase technology separately. This doesn't utilize our buying power effectively. Every dollar we save can go back towards the academic mission. Our deans are relatively stable now. I anticipate most large changes being completed within 18 months so we have the right structure and support in place to meet our strategic plan.

Q: I think many people were surprised with the recent name changes that were done without anyone outside those colleges ever seeing them. I'm concerned that if someone new comes in and there is an expectation of change, without seeing how things fit together, that then will influence change no matter what.

A: Both of those recent name changes, for College of Professional and Extended Studies and College of Graduate Studies, came from those areas and were not top-down decisions. The change in the name and title for International and Extended Studies came about as a result of a request from Dean Huard who has been here five years. The change for the College of Graduate Studies was the result of the strategic visit from three Deans of Graduate Colleges that visited the campus and made recommendations. This was their recommendation.

Q: Can you discuss how programs that are heavily weighted with graduate programs, or that have only graduate programs, are articulated with the current college or the newly created College of Graduate Studies?

A: The College of Graduate Studies is a vehicle to work with all the colleges around graduate education. The President deferred to the Provost.

C: Provost: I'll be very direct. We have a College of Graduate Studies with an Interim Dean. We had a strategic visit from three deans. They came in and made a quality judgment as to what SJSU should be looking for going forward for post-baccalaureate education. The goal was to combine all the efforts in the post-baccalaureate structure going forward. When I started here in July, there wasn't one person that didn't ask me when we were going to get a Graduate College. Clearly there was interest here and it is the design we want going forward. That's why we are doing this.

Q: The curricular aspect will then be handled through the College of Graduate Studies?

A: When you say curricular aspect, there are levels to that. One level is conversations about why it should be for the students coming into our program. Are we prepared in ways that make sense for their needs, not our needs necessarily? The second level is accrediting organizational functions that go along with any curricular action. We will continue to pursue that through the graduate structure. This semester I am clarifying what are the pathways to making a curriculum actually happen, and part of that is accrediting in this area. We will do that through the Graduate College and Dean Marc d'Alarcao and AVP Stacks are working closely to ensure that happens.

Q: The library has been significantly impacted from the recent salary savings to centralized budgeting. As of today, the library currently has no funds to buy any books, journals, etc. I was wondering if this is going to continue in the future?

A: President: It is true we no longer believe core functions of the university should be funded by salary savings. We are an underfunded public university, and we never have enough to fund our needs. When we sit down as a leadership team each year, we make certain decisions about say staffing for example. We make decisions on where those faculty lines need to go based on highest needs of the institution. Those decisions are made with the expectation that those positions will be searched for and hired. If a line is allocated to the library, but you have to hold open several lines to get the salary savings you need to purchase journals, then there is something wrong with this budget. We haven't then put the money where we need to. For example, Student Orientation was being funded by salary savings. Student Orientation is a core function of this institution and needs to be funded. What we did this year was anticipate salary obligations and mandatory costs without knowing what our funding would be, and we also wanted to fund the RSCA initiative. The only way we could do that was to pool the funds and ask colleges and VPs to identify everything that needed to be funded so that when we allocated a line it was expected to be searched for and filled. Now we are going through a process of determining how we can best fund what needs to be funded. Some things can be handled with one-time funds. We are looking at all of this

and will try and normalize the process over the next two years. I have the feeling your dean is already having these conversations about the library's budget needs right now.

Q: There is a lot of anxiety in my college and department from faculty over the amount of changes that are occurring so rapidly and it appears to them to be without their input. Would it be possible to get an idea about what other seismic changes will occur?

A: Provost: It was my understanding when I came in that there had been considerable conversations in the college about the name change, and it became the College of Health and Human Sciences. Subsequently, there was a leadership change. I don't talk about personnel changes. What I did do was meet with the department chairs in January and spoke about their need to focus on who they wanted to be and what that looked like. The substance of that conversation was this should be organic, and should be a conversation that is held with faculty. I made the wrong assumption that the chairs would discuss this with their faculty. I repeatedly asked the chairs to have conversations with their faculty and have decisions organically made about who you are, where you want to be, and what that should look like. I met with your dean this morning and she spoke with me specifically about Social Work and the need to satisfy accrediting requirements having to do with size and advanced standing. Advanced standing needs to meet accrediting standards in Social Work, and this will govern some of your decisions about how you admit and what that curriculum will look like in order to satisfy not only your professional desires, but also the accrediting needs of the college. What I did say was that those conversations can't go on for all time. I would like the dean and the associate dean to shape that conversation so that there is a back and forth dialogue between the chairs and the departments about the focus of the college that has been renamed the College of Health and Human Sciences. My understanding is that those conversations are occurring and that the outcome of those conversations is uncertain, but it is trending so that there will be focus on the mission of the college. One of the very significant aspects of what happens in a College of Health and Human Sciences is that there will be three doctoral programs in very short order. They are an extension of what those programs need to become specifically in Occupational Therapy, Nursing, and, more than likely, in Audiology. Those doctoral efforts are an extension of what those careers and accrediting bodies are telling us we need to do and they will hover over the mission of the College of Health and Human Sciences as is the case always with doctoral programs. That's the mix. My expectation as Provost is that those conversations happen with the disciplinary experts, and mostly with the faculty of that college. I can't answer your questions. I have some ideas where I think you should land based on my own experiences, but I really want to hear from the faculty in that college about where they see themselves going. I can't say A is going to happen, B is going to happen, and C is going to happen. I can make some educated guesses, but I need to see the faculty are having those conversations.

Q: One of the things I didn't hear when you were speaking about salary savings is related to differences in salaries. We have a lot of faculty that are RSCA active that buy out their time and then we rehire. Lots of departments use that difference in salary

for one-time payments of things. I think, at least in the College of Engineering, those savings are the savings that are felt acutely right now because it is how we buy moderately expensive equipment, etc. These type of purchases are not what we would want to add into our base budget for every year. Can you share any thoughts on those savings?

A: I'm sure your deans are having these conversations with the Provost, but the idea is to ensure the deans have some funds to use for these type of purchases. We are still working through the process. The message I would give to faculty and chairs is to make sure your deans know. Trust me, your deans are not shy about sharing this information with the Provost.

Q: I went away from the campus for about four or five days and when I returned I felt like there had been about seven or eight major changes while I was gone. I also had faculty coming to my office asking what I could do about all these changes. You mentioned 18 months, does that mean constant change over the next 18 months?

A: That is a good point. No, changes won't go on for 18 months. It was just the beginning of the semester and we had a lot of information to get out. We actually worked on not having them all come out on the same day. There may be little bursts like that. It won't be like that every day for 18 months.

#### **IV. Executive Committee Report:**

##### **A. Minutes of the Executive Committee:**

**Executive Committee Minutes of December 3, 2018** – No Questions.

**Executive Committee Minutes of December 10, 2018** – No Questions.

##### **B. Consent Calendar:**

The consent calendar of February 11, 2019 was approved.

##### **C. Senate Appointment Calendar of 2019-2020:**

There were no comments or questions.

##### **D. Executive Committee Action Items:**

Approval of the Senate Calendar for 2019-2020.

##### **Questions:**

**Q:** Why are there policy committee meetings scheduled for the week of Thanksgiving?

**A:** Several members of the Executive Committee suggested that the policy committees might need more time in the Fall, given that there are 10 policy committee meetings in the Spring and only eight in the Fall. A member suggested that if the meeting is not needed, the policy committee can cancel a meeting easier than they can add a meeting. [Note: The original calendar was drafted and brought to the Executive Committee with no policy committee meetings scheduled for the week of Thanksgiving. A motion was made to add policy committee meetings to the week of Thanksgiving as there are no other Mondays available to hold an additional policy committee meeting that do not fall on holidays or religious holidays. The motion was

seconded and approved by the Executive Committee on January 28, 2019.]

**The Senate voted and the calendar was approved with 2 Nays and 6 Abstentions.**

V. **Unfinished Business:** None

VI. **Policy Committee and University Library Board Action Items (In rotation)**

**A. Curriculum and Research Committee (C&R):**

Senator White presented *AS 1718, Policy Recommendation, Amendment C to S14-5, Modification to General Education Area D (Final Reading)*.

Senator Peter presented an amendment to add to the end of the first whereas clause, "...The Chancellor's Office requires an immediate change to our General Education Area D curriculum. The Senate has been informed that a change will be imposed if we do not produce a compliant policy recommendation; and". The amendment was seconded. Senator Peter presented an amendment to the amendment that was friendly to the body to move it to the end of the second whereas clause. Senator Van Selst presented an amendment to the Peter Amendment that was friendly to the body to change it to read, "The Chancellor's Office has informed SJSU that a change will be imposed if it does not produce a compliant policy recommendation; and". Senator Papazian expressed concern that she felt the amendment belonged in a separate Sense of the Senate Resolution, and that the policy amendment should contain only curricular changes. Senator White called the question. The motion was seconded. The Senate voted and the question was called with 4 Nays and 8 Abstentions. The Senate voted and the Peter-Van Selst Amendment passed with 1 Nay and 5 Abstentions. Senator Rodan presented an amendment to a new Whereas clause to read, "Whereas, the Academic Senate does not believe that the removal of the requirement for distribution of units over the three Area D sub areas is in the best interest of students;". The Rodan amendment was seconded. The Senate voted and the Rodan amendment failed (3 Ayes, 5 abstentions). Senator Khan presented an amendment that was friendly to the body to change section 1) to read, "Students may choose, from at least two different curricular disciplines, ...". Senator Van Selst presented an amendment that was friendly to the body to the Khan Amendment to change it to read, "Students may choose, from a minimum of two disciplines or in an interdisciplinary sequence, ...". **The Senate voted and AS 1718 passed as amended (19-17-5).**

**B. Instruction and Student Affairs Committee (I&SA):**

Senator Sullivan-Green presented *AS 1725, Policy Recommendation, Rescinds S03-6 and S93-11, Campus Smoking Policies (Final Reading)*.  
**The Senate voted and AS 1725 passed unanimously.**

**C. Professional Standards Committee (PS):**

Senator Peter presented *AS 1726, Amendment C to University Policy F12-6, Evaluation in Effectiveness in Teaching for all Faculty (First Reading)*.

Senator Shifflett presented a motion to extend the clock to finish this item. The Shifflett motion was seconded. The Senate voted and the clock was extended.

**Questions:**

Q: Would the committee consider revising the sentence that begins, “faculty may choose to exclude the survey results from one course per year...”? For lecturers, it is not one academic year, it is one calendar year so it would be spring and fall. This would mean if lecturers were teaching 15 units in the spring, you could exclude one class. I’d like for the committee to consider revising that.

A: The committee will consider this.

Q: Would you clarify when SOTES are collected for special sessions, I know there is uneven collection of special session data?

A: We just communicated that concern to SERB that oversees SOTES. They weren’t aware of this problem so stronger enforcement is on the way.

Q: In the language where it describes, “at least fifteen WTUs (equivalent of five three unit courses),” you don’t make a distinction between C or S classification. Is there a difference?

A: Not so far in policy, but if you’d like to send us some language we will look at it.

Q: So, as it stands supervisory courses would count in the WTUs?

A: I believe they do now, but WTUs were introduced as a way to try and explain to faculty how much they would need to teach before they could exclude a course.

Q: In the sentence where it says, “Faculty, however, under some circumstances may exclude the results of an occasional course from their periodic evaluations,” can you elaborate on what those some circumstances are?

A: The rest of the paragraph explains the circumstances. They can exclude one from their personnel file on which they are evaluated. The circumstances are one per year when they meet the 15 WTUs.

Q: What happens to the excluded evaluation?

A: It goes in their permanent personnel file, but is excluded from the working personnel file.

Q: In the sentence that, “Faculty may choose to exclude one course...”, I would say something like “per review period.” This would apply to regular faculty and to lecturers.

A: The committee will consider it.

Q: When you are working with probationary faculty and they are not teaching 15 teaching units, but maybe only 12 would they need to include all of them? Also, sometimes they may only teach nine units in the Fall so would this then eliminate them from excluding any units?

A: With regard to the 12 units for the entire year, yes, they would have to include them all.

Q: Some probationary faculty have research units in addition to teaching units so would they have to include them all?

A: Under the current and proposed policy they would have to include them all. With regard to the mini reviews, I'm going to have to take that back to the committee.

Q: I recommend keeping the language as a year, because if it is review period that is going to vary based on faculty rank. If you have just been promoted to tenure as Associate Professor, you don't get reviewed for another five years.

A: Possibly "appropriate annual review period." The committee will work on the language.

**D. Organization and Government Committee (O&G): [Note- all of the following items were moved to Unfinished Business for the 3/4/19 meeting.]**

**VII. Special Committee Reports:**

**The SJSU Strategic Plan:**

Co-Chairs of the Strategic Planning Steering Committee, Stefan Frazier and Dean Walt Jacobs, presented a draft of the 10-year Strategic Plan for the Senate's Review and Consideration for Endorsement.

Chair Frazier sent out the plan to the Academic Senate on Friday morning. What the Senate received is a culmination of 18 months of work. This draft Strategic Plan is the result of the Strategic Planning Steering Committee's extensive consultation with a variety of constituents both on and off campus that is greater than Chair Frazier has ever been a part of for any plan or issue on campus. From this input the themes were distilled under five groupings. Each one was fleshed out by a task force. The five groupings begin on page 11 of the document. The goals are a good summary of the wishes and desires of our campus for the next 10 years.

The next steps include the committee taking one last look at it and then it goes back to the President to be finalized. The President can then order an implementation phase and task certain individuals with certain aspects of the plan. The President will also be asking for a communications plan to accompany the roll out of the strategic plan. In fact, the date has been set for the campus rollout of the plan for Monday, March 12, 2019, [Note: The Chair meant to say March 18, 2019; however, this date has been recently moved to April 8, 2019.]

time to be announced. In the next several months the plan will be finalized and implementation will begin. The Strategic Planning Steering Committee will continue to operate, monitor, and report on the plan and its implementation. The Co-Chairs of the Strategic Planning Steering Committee are happy with the plan and seek the Senate's endorsement.

Dean Jacobs thanked Senators for their input during this long process. One of the priorities of the committee was to be as inclusive as possible so that is why it took longer than anticipated. We got a lot of feedback and went through multiple drafts.

**Questions:**

**Q:** Did the SPSC have input into the mission statement? If not, will the SPSC have input into it?

**A:** Everything before page 11 has been added. We sent what starts on page 11 forward to the President's Office and this is what was returned. That includes the mission statement.

**A: President:** The mission statement came about from the spirit of all the feedback from the campus. The SPSC will have a final chance to review.

**Q:** The current mission statement is passive about engaging students as partners on the campus.

**A:** Please send language or suggestions for changes to Chair Frazier or Dean Jacobs.

**Q:** In the first 11 pages of the document, there are three mentions of teaching and about 20 mentions of research. Could you clarify what does that mean for the mission of SJSU? Also, what does it suggest to students that come to SJSU for teaching that there is so little mention of teaching?

**A:** We only received the first 10 pages and haven't had time to review them. However, if you can forward that to me we will make it a point of discussion.

**Q:** Can you clarify the mechanics of the process by which the goals will be made into action items?

**A:** The implementation plan is the next phase and will be ordered by the President. Certain aspects of each plan get one point person and that person will be tasked with creating an implementation plan. If you go to the final page there are a number of links and one of the links points to the five documents sent to the President's Office in October by the SPSC. What remains of each of those documents from page 11 on is the first page of each of those documents. The rest of it, all the fine print below, is a whole bunch of details in order to show why the SPSC came to the decisions it did and included with that are a number of implementation suggestions.

**Q:** Related to the outcomes, in the initial statements there are comments and mention of faculty, but in the desired outcomes there is very little said recognizing the support and outcomes directly related to faculty. As the President said in her remarks, there is no student success without faculty success. It would be desirable to see some of those outcomes reflect faculty in a little bit more direct way. It would be great to see some faculty success directly

indicated in some of those things. My second question is if there is a plan to ensure the taskforce plays a role in the implementation and evaluation of the Strategic Plan moving forward?

A: We could do that. The taskforce members themselves would probably beg not to have to do more work. There are lots of people involved in the implementation.

A: President: What we hope to do over the next few months is that this plan be effective 2019-2029, and would be launched on July 1, 2019. Clearly, there is a role for the steering committee, but taskforces do their work then go away. The Strategic Plan must inform every decision we make at the university. This becomes the way the performance would be evaluated over the course of a year. I also envision metrics, both quantitative and qualitative. I envision my Chief of Staff being the point person for the campus.

Q: I just think that it is very important to have some of the taskforce members be on the SPSC.

Q: Having served on two strategic planning adventures at SJSU, I would like to congratulate all of you. There are two issues I would like to raise. Did you do an environmental scan? Also, was any kind of threat assessment done about what could get in the way of accomplishing the goals? In 2008, when the budget was cut across the board, the strategic plan went out the door. If our strategic plan can't serve us in times of crisis, it has absolutely no utility whatsoever.

A: We didn't do anything like a threat assessment as part of the SPSC, but built into the BAC and SPSC policy is a strong communication between the two. All of the plan needs resources and monitoring and in terms of how resources get allocated, there has already been a great deal of communication between the two committees.

A: President: We have to collectively prioritize. Also, we have a comprehensive campaign and there is an overlap of that effort and the development of the strategic plan. The comprehensive campaign is to build some of the aspirational goals in the strategic plan and to keep tuition costs down. We make that case to our donors. I think every day about how we can position our goals with the larger goals of the CSU and state of California. The CSU, faculty, and leadership across the institution are very committed to these goals. I think a lot of what is in the goals is something the trustees could support.

Q: One of the key aspects of looking to the future is to honor the past. SJSU was originally a teaching school. Is there a way to honor the history of the university in the introduction?

A: Please send language and we will include that in the feedback.

Q: I see there is a new draft mission statement here. If we endorse this are we endorsing all of it or just the strategic plan?

A: I don't know. I think the Senate can make any motion it wishes. A motion could be made to endorse specific parts, say just the strategic plan.

Q: Are we thinking about how we can measure the return on the investment we make?

A: At the end of the day we care about our student success and the health and well-being of our faculty and staff.

Q: We have to make choices if something costs a lot and has a small return.

A: We are always trying to stretch our resources to have the broadest impact. However,

sometimes it might cost us. There is no one size fits all. The decision has to be weighed against what is best.

Senator Peter presented a motion to endorse the Strategic Plan on pages 11 through 21 of the document. The motion was seconded. **The Senate voted and the motion passed unanimously.**

**VIII. New Business:**

**IX. State of the University Announcements:**

**A. Vice President for Student Affairs:** Moved to next meeting.

3. The Executive Committee approved Ranko Heindl as a FAL member to the Student Success Committee.
4. Updates from the President:
  - a. The new Provost has been selected and announced to the campus.
  - b. The VPRI search is underway.
  - c. The new Chief of Staff will be here Thursday and will attend the Senate Retreat on Friday.
  - d. The President noted that the budget is just a proposed budget and will have some adjustment from the legislature. The good news is that our mandatory costs are covered.
  - e. The Executive Committee discussed the doctorate in Occupational Therapy.
  - f. The President congratulated Julia Curry on winning the Wang Award.
  - g. The administration is moving through the Strategic Planning process.

Questions:

Q: Can we schedule a meeting for the Executive Committee with the new Provost?

A: Chair Frazier has already reached out to the new Provost.

Q: Why was this particular Provost candidate selected?

A: This candidate had a deep commitment to the academic core. He is very active in academics. The President spent time listening to the campus feedback.

5. The Executive Committee discussed and approved Silke Higgins as the General Unit representative to the Exceptional Assigned Time Committee.
6. Updates from the Interim Provost:

The Interim Provost will ensure there is a happy and healthy transition for the new Provost.

Questions:

Q: Can you define Health and Human Sciences? What are the boundaries?

A: We will solidify activity over time.

Q: What is the timeline for replacing Amy Strage?

A: Amy's replacement is a direct report to Carl Kemnitz. We want to consolidate all matters to do with faculty in the Provost Office. Carl will organize the paperwork to start the search for that seat.

Q: What is the timeline for the student/faculty success unit?

A: We are working on trying to see what belongs where as we unpack student and faculty success areas.

Q: The AVP of Student Success sat on a lot of committees. Are we going to have someone new or not?

A: It won't be the same as it is now. The changes will probably be effective July 1, 2019.

Q: When will the CIES changes take effect?

A: Ruth Huard has a fabulous operation. She spoke with the Provost about the utility of having a title that can enhance what she does. The Provost listened.

7. The Executive Committee discussed and approved the Senate Calendar with the addition of a policy committee meeting on November 25, 2019 (12-1-0).

8. Updates from the VPAF:

From the Vice President of Administration and Finance (VPAF):

The Finance Division will move out of Clark on February 6 and 7, 2019. This will then allow the remodeling to begin over the summer. The VPAF anticipates moving in the President's Cabinet and Senate Chair after the holidays.

Questions:

Q: Is anyone monitoring the scooters? They are blocking the emergency exits and supply entrances.

A: Yes.

9. The Executive Committee approved the Senate Appointment Calendar for 2019-2020.

10. Updates from the VPSA:

a. The Vice President of Student Affairs (VPSA) thanked Associated Students (AS) for allowing them to move the AS house. It was a spectacular sight that many people came to watch.

- b. The VPSA has received the initial report on safety in the residence halls. He will share it with the Executive Committee when he gets the final report. Several suggestions were made to reroute access to the area, paint the garage white to enhance lighting, add more cameras and a monitoring system.
- c. Enrollment for Spring shows a significant increase in transfer students. Overall enrollment numbers seem comparable to last year. The VPSA will look at the trends.

Questions:

Q: Has anyone asked first time students that leave why they are leaving?

A: Last year was the first time we asked this question. We found that we could usually help these students and were successful in bringing 100 students back this fall. Staff are now contacting these students to ensure they have the support they need.

11. Updates from the AS President:

- a. This is the last year and last semester for AS President Manzo. The Executive Committee gave her a round of applause.
- b. AS recently held their retreat and the 180 staff members were included. This was a good opportunity for everyone to bond and also for the staff to present their budget presentations. Next year's budget will include some funding for travel to conferences and professional development for graduate students.
- c. The College of Professional and Global Education will partner with AS in holding a new student mixer for professional and global students.
- d. The Provost encouraged the AS President to meet with the new Dean of Graduate Studies Marc D'Alarcao.

12. Updates from the CSU Statewide Senate:

- a. The plenary was held on January 22 to January 24, 2019. There was a lot of enthusiasm about the budget for this coming year.
- b. The Academic Senate California State University (ASCSU) adopted the Tenets of Shared Governance contingent on the Chancellor agreeing that EO 1100 and 1110 stifled best practices.
- c. The ASCSU discussed a resolution encouraging senates to adopt policies on curriculum including four- to six-year graduation rates, but noted that these do not include the number of people that have degrees.

- d. The Chancellor is excited that rates indicate students may be improving with the new math model. Students that remain on the same path towards an undergraduate degree have more success than students that change paths.
  - e. Concern was expressed that while we want to support closing the achievement gap, are we setting people up for disadvantages after graduation? Are students really getting a quality education?
  - f. The General Education (GE) Task Force will issue a report at the end of the semester.
13. Updates from the Curriculum and Research Committee (C&R):  
The C&R Committee will be discussing the final reading of the GE Area D and 4+1 Blended Degree Model policies today. In addition, they will review and prioritize referrals for this semester.
14. Updates from the Instruction and Student Affairs Committee (I&SA):  
The I&SA Committee will be discussing the Outstanding Honors policy. I&SA will also discuss the makeup of the I&SA committee. In addition, I&SA will be hearing final readings from the subcommittees.
15. Updates from the Professional Standards Committee (PS):  
The PS Committee will be discussing the Lecturer Range Elevation Policy, an amendment to the SOTES Policy, and a referral regarding the RTP Criteria policy.
16. Updates from the Organization and Government Committee (O&G):  
O&G has completed their review of all university policies. There will be some new referrals to the other policy committees. O&G will finish their review of the operating committee policy revisions and will modify the bylaws to allow for senate management resolution changes.
17. The meeting adjourned at 1:35 p.m.

These minutes were taken and transcribed by the Senate Administrator on January 28, 2019. The minutes were edited by Chair Frazier on February 11, 2019 and approved by the Executive Committee on February 18, 2019.

**Executive Committee Minutes**  
**February 4, 2019**  
**ADM 167, 12:00 p.m. to 1:30 p.m.**

Present: Frazier, Manzo, Peter, Ficke, Shifflett, Sullivan-Green, Mathur, White, Marachi, Riley, Lee, Papazian, Faas  
Absent: Wong(Lau), Day

1. Retreat debrief. The committee offered congratulations Vice Chair Mathur on a policy-oriented retreat. Mathur in turn thanked everyone involved, especially AVP Anagnos, Chair Frazier, President Papazian, and Senators White and Peter, who stepped up over the last couple of weeks with support—and a special shout-out to Eva Joice and Jade Sanders in the Senate office.
2. The consent calendar was approved.
3. Discussion of agenda for full Senate meeting:
  - a. The university's strategic plan will be distributed this week and will have a time certain of 2:30 for a presentation by the co-chairs of the Strategic Planning Steering Committee.
  - b. C&R will be placed first under "Policy Committee Action Items" in order to ensure discussion of Area D.
  - c. The President's announcements will be somewhat longer than usual in order for the President to address issues around recent university reorganizations.
4. General conversation about campus reorganization and the surrounding climate. The President explained the motivations for reorganization: the need for a stronger focus on student success. We have made some progress, but there is much still to be done, and that requires reorganization. Sometimes, institutions must undergo a lot of change all at once; in 18 months or so, we will have gotten to "the other side" of it.

Q: There is a lot of concern about the breakup of faculty and student success in terms of student advising. Not necessarily because of the separation, but just the instability; just a few years ago they were combined (contrary to Executive Committee advice), and now they're being re-separated.

A: There will be one person overseeing it. The actual reason for the change had to do with gaps in advising and that will be more seamless now. This will be a better structure.

Q: What is the new structure?

A: Faculty development functions will be in Office of the Provost or Senior Vice Provost. It is a process, so nothing is completely locked in—it's always a work in progress. The student success part is somewhat different. Right now, there is no cohesion or a systematic approach to the unit. Student Affairs and Academic Affairs are having discussions about the structure. We are trying to act quickly. [One member was pleased that Student Affairs was being brought in more centrally.]

Q: It's better to have a formal announcement before rumors start to spread.

A: There shouldn't be a campus announcement before it's clear what is happening. "It's never early enough," though. But it is really about making sure that people who are part of the process have a voice.

Q: Decisions like these on reorganization are best made in an evidence-based manner. Would it be possible to share the evidence that led to the decisions?

A: One area is in closing the achievement gap. That has not happened on this campus. We should only be satisfied when 100% of our students are succeeding.

Q: When there are faculty concerns about decisions being made, it is usually because they feel like they haven't had a voice. There have been a lot of changes on campus, and faculty don't feel like they've been listened to along the way.

A: Shared governance is not co-management. Faculty will not be asked, for example, how to set up a budget. At the end of the day, there is a distinction between shared governance and co-management. We do have very valuable conversations in Executive Committee. We get input here, but in the end, we [administration] have to make the judgments because we're charged with doing it and held accountable for doing so. It's also about the relaying of information. Deans were told about the changes, and they are meant to relay that to their chairs. Sometimes that doesn't happen.

Q: It was good to communicate with deans. But, for example, when GUP was merged, there was an open campus forum for everyone to participate. That kind of thing isn't happening now.

A: That could be a possibility sometime later in the semester.

Q: The student success unit has been the organizer of the student success collaborative. What will happen to that initiative? What about the data?

A: That isn't going away; we're re-clustering things so that we can better evaluate what's going on.

5. President's announcements (besides the above reorganization discussion). The President saluted the senate retreat and Vice Chair Mathur's work. She also noted the success of a recent meeting on the topic of underrepresented faculty.
6. Policy Committee updates
  - a. O&G – final readings coming on Monday:
    - i. The Sustainability Committee is looking to add more members to its already large committee (20). There was discussion on how to address this.
    - ii. Co-chair appointment for ADAPC is made by the President. There was discussion on who those co-chairs should be, faculty or administrator. One central question was posed: what would be best to help lead to less alcohol and drug abuse?
    - iii. O&G has been through process to modify the standing rules to make it even clearer that senate management resolutions can be used to amend the bylaws. One caution was noted: changing the bylaws should be done with a 2/3 vote after two readings.
  - b. ISA:
    - i. Smoking policy rescission (possibly a final reading).
    - ii. Academic qualifications for student office holders (first reading).
    - iii. Maximum unit load in inter-session and summer session (first reading).
  - c. Professional Standards
    - i. SOTE exclusion rule amendment is coming as a first reading.
    - ii. The bullying resolution has been forwarded to the President's Chief of Staff.
    - iii. Today's PS discussion will be partly on amendments to range elevation for lecturers.
  - d. C&R will bring for a final reading the amendment to Area D, a compromise that they believe meets the requirements of Chancellor's Office.

These minutes were taken and transcribed by Associate Vice Chair Riley on February 4, 2019. The minutes were edited by Chair Frazier on February 5, 2019 and approved by the Executive Committee on February 18, 2019.

**Executive Committee Minutes**  
**February 18, 2019**

Present: Frazier, Manzo, Peter, Ficke, Shifflett, Sullivan-Green, White, Marachi, Riley, Papazian, Faas, Wong(Lau), Day  
Absent: Mathur, Lee

1. The Executive Committee approved the minutes of January 28, 2019. The minutes of February 4, 2019 were approved with amendments from Senator Shifflett.
2. Updates from the President:
  - a. The President and Chief of Staff are working on creating a taskforce with regard to “bullying” as requested by the Senate in SS-F18-5. The President anticipates it will be constituted and charged by March or April 2019.
  - b. The President is still not certain what she wants to do regarding the Area D policy (S19-1) sent to her for signature after the last Senate meeting on February 11, 2019.
  - c. The Strategic Plan is in its final stages. The President expressed her appreciation for the Senate’s endorsement of the Strategic Plan at the Senate meeting on February 11, 2019. The Strategic Planning Steering Committee meets this coming Monday, February 25, 2019.

Questions:

C: A member commented that it is important that the President work with the Strategic Planning Steering Committee throughout the life of the plan to ensure it stays on course.

3. Senator Matoush recently retired, and her seat in the General Unit expires and will be lost in May due to the seat calculations for this upcoming year. The Executive Committee approved a replacement for the rest of the semester. The Executive Committee also approved the appointment of the new senator to the Curriculum and Research Committee to replace Senator Matoush.
4. The Executive Committee discussed a referral on changing what constitutes a quorum on Senate committees. The committee discussed current methods in place to remove committee members that repeatedly miss meetings. The committee also discussed who is included in a quorum. Vacancies on the committee do not count in the quorum, nor do members appointed that have not yet attended their first meeting. A motion was made and seconded to table the item. The motion was approved with 1 Nay.

5. The Executive Committee discussed the GE Task Force Report. The ASCSU wants unified campus responses, but the timeframe is not clear. The Senate Chairs will produce a response letter and discuss it at their next meeting on April 11, 2019. The GE Task Force worked two years on the GE Report and the ASCSU will consider whether to endorse it. Concern was expressed that the report was prepared solely by faculty without administrator input. A comment was made that the Interim Assistant Vice Chancellor for Academic Programs and Faculty Development was a member of the GE Taskforce. The committee agreed that an issue of this magnitude needs more than two months for a proper response, and that an appropriate committee should be formed to prepare this campus response. A motion was made to appoint the Senate Chair, Vice Chair, and Chair of the Curriculum and Research Committee to prepare a resolution for next steps (charge and membership of a special committee) for the next Executive Committee meeting on February 25, 2019. The motion was approved.
6. The Executive Committee discussed the Honors Convocation on May 3, 2019. The last amendment to the Honors policy that allows students to be eligible for honors each semester has resulted in so many honorees that they cannot fit in any building on campus for a ceremony. Therefore, the Provost has had to make a decision to honor only the President's Scholars. However, she encourages the Deans to honor the Dean's Scholars within each college. A member suggested having an award ceremony each semester instead of each year. The Provost's Office does not have the resources to do this each semester.
7. Title IX Update:  
Title IX is not on hold in general. There are four individual cases on campus that are on hold that are student-on-student cases where there is no additional evidence other than each student's recollection.
8. The meeting adjourned at 1:37 p.m.

These minutes were taken and transcribed by the Senate Administrator, Eva Joice, on February 18, 2019. The minutes were edited by Chair Frazier on February 20, 2019 and approved by the Executive Committee on February 25, 2019.

7 **Senate Management Resolution**  
8 **Modification of Bylaw 1.10**  
9

10 Legislative History: This proposal would Modify bylaw 1.10 so as to update it to reflect  
11 structural administrative changes.  
12

13 Whereas: Administrative changes and reporting lines have changed in the academic  
14 affairs division with the appointment of a deputy provost, and  
15

16 Whereas: The language in bylaw 1.10 presently conveys that AVPs report directly to  
17 the provost, which is no longer the case, therefore be it  
18

19 Resolved That bylaw 1.10 be modified as follows:  
20

21 1.10 The phrase "academic deans" as used in Article II, Section 2 of the  
22 constitution means deans, and associate vice presidents in the academic affairs  
23 division ~~reporting directly to the Provost~~. Elections of representative deans shall  
24 be conducted and reported by the Provost, and vacancies shall be filled by  
25 special elections for the balance of unexpired terms.

26  
27  
28 Rationale: When the position of Deputy Provost was established changes were made to  
29 the reporting structure. This update eliminates the specific reporting line as it has  
30 changed. Identifying the reporting line is not necessary to implement this bylaw.

7 **Senate Management Resolution**  
8 **Amendment of Bylaw 15a; Editorial Changes - Senate**  
9 **Documents**

10  
11  
12 Legislative History: F16-3 which modified bylaw 15c provided for the correction of  
13 editorial errors and S16-7 expanded the language of bylaw 15 to allow the Senate Chair  
14 to make editorial changes to a Senate document whenever there is an outdated  
15 reference to a law, regulation, executive order or Senate document. This proposal,  
16 modifying bylaw 15a, expands editorial changes that can be made by the Senate Chair  
17 to include more generally changes in designations provided the function,  
18 responsibilities, purpose, or content remain the same.

19  
20  
21 Whereas: University designations sometimes change; and

22  
23 Whereas: Changing University policy to reflect such changes requires: a referral to a  
24 policy committee; the drafting of a Senate resolution; and its consideration  
25 by the Senate; therefore be it

26  
27 Resolved That section a of bylaw 15 be modified as follows:

- 28  
29 a) When identifiers such as the title of related to a university official ~~of an agency~~, or  
30 course designations, or unit of the university appearing in Academic Senate  
31 documents (including the constitution, bylaws, university policies, and resolutions  
32 providing for committee membership) are changed, but the function,  
33 responsibilities, purpose, or content ~~and responsibilities of the office or agency~~  
34 remain the same, the Senate Chair may approve replacement in the Senate  
35 documents of the old ~~title or~~ identifier by the new one, as an editorial change.  
36 Such changes shall be **explained and** reported to the Executive Committee of the  
37 Senate and recorded in the meeting minutes.

38  
39  
40 Rationale: Designations change or evolve. This proposal emerged as the result of  
41 references in some policies to “200-level courses” (e.g. F08-2) which at  
42 the time meant “graduate courses.” But with SJSU’s new doctoral  
43 programs, the university now has 500-level courses. Providing the Senate  
44 Office with the flexibility to make changes without needing to refer such

45 changes to policy committee and then to involve the Senate will help keep  
46 information up to date, reduce service workload for faculty members  
47 serving on committees, and enable the Senate to attend to weightier  
48 matters.

55 Ormsbee, Shifflett, Saldamli, Capizzi

56 Absent: Rodan

57

58 Financial Impact: None

59

60 Workload Impact: The proposed change will not alter the workload of the Senate  
61 Office which would ultimately be making the changes, but will  
62 reduce the workload of policy committees and the Senate which  
63 would otherwise have to approve such changes.

8 **Charge and Membership of Senate Policy Committees**  
9

10 Legislative History: The charge and membership information for the Executive  
11 Committee and Committee on Committees reside in Bylaws 4 and 5 respectively. The  
12 charge and membership information for the Curriculum and Research Committee is  
13 found in SM-S89-3.  
14

15  
16 **Whereas:** A comprehensive review of the charge and membership of committees  
17 with input from policy committees, operating committees, special  
18 agencies, and other university committees has been conducted, and  
19

20 **Whereas:** Archived documents assumed to contain the charge and membership  
21 of the Professional Standards Committee and the Organization and  
22 Government Committee are not readily available, therefore be it  
23

24 **Resolved** That the charge and membership of policy committees be as noted in this  
25 proposal, and be it further  
26

27 **Resolved** That SM-S89-3 be rescinded, and be it further  
28

29 **Resolved:** That bylaws 4 and 5 be updated to reflect the changes in this proposal for  
30 the Executive Committee and the Committee on Committees.  
31

32  
33 **Rationale:** Beginning in January 2018, O&G invited all committees to review their  
34 charge and membership. A separate Senate Management Resolution containing all  
35 policy committee charge and membership information is needed since in some cases  
36 the original documentation is not readily available for reference or future updates.

8 **Senate Management Resolution**  
9 **Amendment to Standing Rule 10 (Motions)**

10 Whereas: Charge and membership information for the Executive Committee and  
11 Committee on Committees are contained in Senate bylaws (bylaw 4 and  
12 5), and  
13

14 Whereas: Greater clarity is needed regarding the use of Senate Management  
15 Resolutions to amend the Senate bylaws, and  
16

17 Whereas: Standing rule 10 contains the information pertinent to the use of Senate  
18 Management Resolutions and motions to change bylaws, therefore be it  
19

20 Resolved That Standing Rule 10a (2) be modified as follows:  
21

22 Senate Management Resolutions -- motions ~~(other than motions to amend the bylaws)~~  
23 affecting only the rules, procedures, committees or other internal affairs of the Senate.  
24

25 i. Senate Management Resolutions (other than those amending bylaws as noted  
26 below in section ii) need a simple majority to pass.

27 ii. When a Senate Management Resolution seeks to change bylaws, a 2/3  
28 majority is required and the Senate Management Resolution must conform to Article III,  
29 Section 5 of the Senate's Constitution.  
30

31 Rationale: Standing Rule 10.a.2 appears to exclude changes to bylaws through Senate  
32 Management Resolution; However, Standing Rule 10.d specifically notes that "The  
33 Academic Senate may adopt bylaws consistent with this Constitution" where there is no  
34 restriction pertaining to the use of Senate Management Resolutions to amend bylaws.  
35 In addition, Standing Rule 10.a.2 clearly identifies Senate Management Resolutions as  
36 the appropriate vehicle to address 'rules, procedures, committees or other internal  
37 affairs of the Senate' and our bylaws contain, in this case, information related to  
38 committees that needs to be updated. Thus, it will be helpful to amend Standing Rule  
39 10.a.2 to clarify the use of Senate Management Resolutions in a way that reinforces the  
40 connection to the constitution (and section 10.d).

## 54 **Standing Rule 10**

55

### 56 10. Motions

57

58

a) Substantive motions are of three kinds:

59

60 1) Sense of the Senate Resolutions -- motions which would express the  
61 sense or opinion of the Senate, but would not propose new or modified  
62 policy or procedure specifically for this University;

63

64 2) Senate Management Resolutions -- motions (other than motions to  
65 amend the bylaws) affecting only the rules, procedures, committees or  
66 other internal affairs of the Senate;

67

68 3) Policy Resolutions -- motions which, if approved by the Senate and  
69 the President of the University, would create or modify university policy  
70 or procedure.

71

72 b) Recommendations from standing committees, whether or not they affect any  
73 university policy, may be acted upon at the meeting of the Academic Senate at  
74 which they are introduced, provided they have been distributed to members of  
75 the Senate at least twenty-four (24) hours in advance of the meeting. However,  
76 a recommendation which a committee considers of unusual importance or  
77 complexity may be designated by the committee as a "first reading" item, for final  
78 action at the meeting following that at which it was first reported by the  
79 committee.

80

81

c) Motions from the Floor

82

83

Motions not proposed by a policy committee:

84

85 1) Described in a.1) and 2) above may be introduced and acted on at  
86 any meeting under the appropriate agenda item.

87

88 2) Described in a.3) above may be acted upon only at a meeting  
89 subsequent to the meeting in which it is introduced or in which notice is  
90 given to the Senate of intention to introduce such a motion. If only a

91 notice is given, such notice shall include the general sense of the  
92 proposed motion, and may be given either orally or in writing. Upon  
93 giving of notice, the presiding officer will enter the mover's name on the  
94 agenda for the next meeting and will recognize him or her at the time for  
95 New Business for the purpose of introducing the motion. Any motion from  
96 the floor may be referred to a committee on the day when first  
97 introduced.

98  
99 d) Motions to change the bylaws are governed by Article III, Section 5 of the  
100 constitution.

101  
102 e) Any motion referred by the Senate to a policy committee must be reported  
103 back to the Senate with the committee's recommendation.

### 104 105 **Article III — Organization**

106  
107  
108 Section 5. The Academic Senate may adopt bylaws consistent with this Constitution.  
109 Bylaws may be enacted only by a two-thirds (2/3) majority at a regular meeting  
110 subsequent to the meeting at which such bylaws are introduced.

111  
112 Section 6. The Academic Senate may establish its own rules of procedure consistent  
113 with this Constitution. A standing rule may be established, amended or rescinded by a  
114 majority vote at any meeting.

### 115 116 **Bylaw 12 – Approval of Policies**

117  
118 2.1 Measures adopted by the Academic Senate intended to have binding effect  
119 on the university generally or on persons or matters external to the Senate itself  
120 are policy recommendations and are submitted to the President for approval  
121 under Article IV, Section 2, of the Senate constitution. Bylaws adopted under  
122 Article III, Section 5, of the constitution are also submitted to the President for  
123 approval. Measures affecting only the rules, procedures, committees or other  
124 internal affairs of the Senate, or expressing only the opinion of the Senate, are  
125 not policy recommendations and do not require approval of the President.

9

**Policy Recommendation to Amend S13-9:  
Policy for Merging, Dividing, Transferring, Eliminating  
Academic Units**

10

11 Legislative History: At its meeting of May 8, 2006 the Academic Senate passed S06-7,  
12 a policy recommendation from the Organization and Government Committee to address  
13 the need for a university policy prescribing procedures to merge, divide, transfer or  
14 eliminate academic departments. Approved and signed by President Don Kassing on  
15 May 15, 2006.

16

17 Subsequently, on March 14, 2011, the Academic Senate approved the Sense of the  
18 Senate Resolution SS-S11-3 to provide voting guidelines to be used when  
19 implementing S06-7. Endorsed by the Executive Committee on March 7, 2011.

20

21 And finally, at its meeting of May 6, 2013, the Academic Senate approved S13-9 to  
22 amend S06-7 which provided an operational roadmap to ensure transparency and to  
23 facilitate full participation of affected academic units and programs subject to proposed  
24 mergers, division, transfer or elimination. Approved and signed by President  
25 Mohammad Quayoumi on June 11, 2013.

26

27

28 Whereas: S13-9 preserves the intent of S06-07 by carrying forward the resolved  
29 points regarding merging, dividing, transferring or eliminating academic  
30 units, and

31

32 Whereas: S13-9 provides a clear operational roadmap including steps to limit the  
33 potential need for conflict resolution, which was not part of S06-7, and

34

35 Whereas: S13-9 provides voting guidelines aligned with the CBA and SS-S11-3  
36 which continue to stand, therefore, be it

37

38 Resolved That S13-9 be amended to rescind S06-07 by adding this resolved  
39 statement:

40

41 Resolved that this proposal replace S06-7 and S06-7 be rescinded.

42

43

44 Rationale: S13-06 amended S06-7, but in fact, should have rescinded the older policy.  
45 S13-9 can and should replace S06-07 since it contained the key provisions of the  
46 original policy while adding a clear operational process to (a) ensure that all parties  
47 adhered to the principle of meaningful consultation with all academic units affected by a  
48 proposed merger, department division, transfer, or elimination and (b) minimize the  
49 likelihood of the need for conflict resolution. Additionally, procedures that address  
50 voting within the departments to be consistent with the voting rights afforded by the CBA  
51 and consistent with SS-S11-3 were included.

7  
8 **Policy Recommendation**  
9 **Charge and Membership of University Committees**

10 Legislative History: The charge and membership information for committees is widely  
11 dispersed across Senate Management Resolutions and University Policies. This  
12 proposal seeks to update the charge and/or membership of some committees and the  
13 Senate’s repository which documents the charge and membership of committees.  
14 Changes would supersede the charge and membership information in previous Senate  
15 Management Resolutions and University Policies.  
16

17  
18 Whereas: An updated resource regarding the charge and membership of policy  
19 committees, operating committees, special agencies, and other university  
20 committees is needed, and  
21

22 Whereas: The Senate’s Committee Descriptions document should continue to  
23 be the repository of all information on the charge and membership  
24 of committees, and  
25

26 Whereas: A comprehensive review of the charge and membership of committees  
27 with input from policy committees, operating committees, special  
28 agencies, and other university committees has been conducted,  
29 therefore be it  
30

31 Resolved: That the charge and membership of committees as noted in this proposal  
32 amends the charge and membership information contained in previous  
33 policies and Senate management resolutions in which charge and  
34 membership have been specified, and be it further  
35

36 Resolved: That henceforth, the charge and membership of committees should be  
37 contained in a Policy Recommendation or Senate Management  
38 Resolution exclusively dedicated to a committee’s charge and  
39 membership, and be it further  
40

41 Resolved: That policies and Senate management resolutions not specific to the  
42 charge or membership of committees should not contain charge and  
43 membership information but rather direct the reader to the appropriate  
44 policy or senate management resolution where such information resides,  
45 and be it further  
46

47  
48 Resolved: That the information in the attached Appendix A, documenting the charge  
49 and membership of policy committees, operating committees, special  
50 agencies, and other university committees, replaces the contents of the  
51 Senate's current Committee Descriptions document. The Committee  
52 Descriptions document will continue to be maintained by the Academic  
53 Senate office and be available on its website, and be it further  
54

55 Resolved: That for all committees, the following principle should be considered in the  
56 determination of seats and membership: Ideally, committees should be  
57 broadly diverse and inclusive of various backgrounds and perspectives,  
58 and be it further  
59

60 Resolved: That unless otherwise specified in a Policy Recommendation or Senate  
61 Management Resolution, appointments to committees are made following  
62 the normal Committee on Committees processes.  
63

64 Rationale: Beginning in January 2018, O&G invited all committees to review their  
65 charges and memberships. The thoughtful and reflective nature of the reviews have  
66 brought excellent recommendations to O&G which the committee now advances to the  
67 Senate.  
68

69 Where substantial changes were proposed, O&G brought separate recommendations to  
70 the Senate which are included in Appendix A where they have been approved by the  
71 Senate and the President. The changes in this proposal do not alter the functions of  
72 committees but rather clarify the charges. Where changes to the membership have  
73 been recommended, the relevant committee and members of Organization and  
74 Government concur on the need for the change.  
75

76 One document detailing the charge and membership of policy committees, operating  
77 committees, special agencies, and other SJSU committees will be of immense value to  
78 faculty, staff, administrators, students, and the Senate. The contents of Appendix A are  
79 intended to update the Senate's current Committee Descriptions document.  
80

81 The first section of the attached materials contains the proposed changes to committee  
82 charges and/or membership for consideration by the Senate. Following that is  
83 Appendix A with a complete listing of all committees including those where no changes  
84 have been proposed.  
85

86 The contents of the Appendix are intended to facilitate a one-time update of the  
87 Senate's repository of information on the charge and membership of committees.

88 Future updates shall be made to that respository, not to this Appendix.  
89

96  
97 Financial Impact: None  
98 Workload Impact: Initially, considerable work needed to update/amend existing  
99 policies or Senate Management resolutions where charge and  
100 membership information resides. Following that, ongoing update to  
101 the contents of the Senate's Committee Descriptions document  
102 (updated based on Appendix A) will not require additional work  
103 since the Senate office already updates its committee descriptions  
104 document as changes are made.

8 **POLICY**  
9 **RECOMMENDATION**  
10 **Amendment C to University Policy F12-6**  
11 **Evaluation in Effectiveness in Teaching for All Faculty**

12  
13 Resolved: That F12-6 be amended as shown in the strikeout and underline

14  
15 *Rationale: F12-6 is a lengthy and complex policy organizing all aspects of the*  
16 *evaluation of teaching by faculty. One portion of the policy concerns the administration*  
17 *of SOTEs (surveys of student opinion about teaching effectiveness) and within that*  
18 *segment there is a provision that allows faculty to exclude one course per year from*  
19 *their evaluations. The existing language—specifically its reference to “double sized*  
20 *courses”-- seems needlessly ambiguous and has resulted in confusion. This*  
21 *amendment clarifies the language.*

22  
23 *Unchanged from the original policy is the fact that all courses (other than those with*  
24 *fewer than 5 students) are surveyed with SOTEs, and these results are available for*  
25 *review by department Chairs and become part of the personnel file. The “exclusionary*  
26 *rule” only concerns which results are subsequently placed in the “working personnel file”*  
27 *(known informally as dossiers) for formal evaluation purposes. In 2012 SJSU moved to*  
28 *a system of universal SOTEs, but allowance for an occasional exclusion was made to*  
29 *account for experimental courses, new preps, last minute teaching assignments, or*  
30 *simple outliers which might not lead to a fair representation of typical student opinions.*  
31 *These occasional exclusions leave behind a very large number of evaluations for*  
32 *committee review that are more than sufficient to allow reviewers to gain broad insight.*

10 **Athletics Policy**

11  
12 Legislative History: F07-2 replaced F87-7. S08-2 amended F07-2 and rescinded prior  
13 Athletics Board Policies (F79-4, F83-4). S13-7 amended F07-2 to add the Associate  
14 Athletics Director for Student Services as a non-voting ex-officio member of the Board.  
15

16 Whereas: The Athletics Board learned from the AVP, UP that section II, 7, part C  
17 of the athletics policy (F07-2) is not permitted by the Unit 3 contract, and  
18

19 Whereas: Sections II, 7, part A and II, 8, part B also need modification to be  
20 compliant with the CBA, therefore be it  
21

22 Resolved: That Section II, 7 (Personnel), C of the Athletics Policy be removed from  
23 F07-2:

31 Resolved: That Section II, 7, A be modified as follows:  
32

33 A. At the request of the President, at least one faculty representative of the  
34 Board shall participate in a consultative capacity to make recommendations  
35 to the President and/or the Athletics Director concerning the appointment or  
36 separation of any non-unit 3 head coach or of the Athletics Director.  
37

38 And be it further  
39

40 Resolved: That Section II, 8 (grievances), B be modified as follows:  
41

42 B. To refer grievances of employees (coaches, staff, etc.) to the appropriate  
43 person or body. ~~In general, the Board will not be involved in such grievances; the~~  
44 ~~campus procedure in existence shall be used. Grievances filed by represented~~

8 **Amendment H to University Policy S15-7**  
9 **“RTP Procedures”**  
10 **Criteria for “Late Add” materials**  
11

12 Resolved: That S15-7 be amended as shown in the strikeout and underline

13  
14 *Rationale: Faculty undergoing the Retention, Tenure, and Promotion system must*  
15 *submit a dossier of their materials for consideration by a certain date identified in a*  
16 *calendar produced annually by the University. The review process takes the entire*  
17 *academic year, and so faculty have always been allowed to amend their initial*  
18 *submission with “late add” materials. These materials are restricted to materials that*  
19 *only became available after the dossier closed, and they have always been examined*  
20 *by a “late add” committee to determine if they meet this qualification for inclusion.*  
21

22 *The benefit of including late add materials is that faculty receive significant*  
23 *accomplishments that warrant consideration after the mid October deadline. If the*  
24 *candidate is showing increasing effectiveness from year to year, the best*  
25 *accomplishments might in fact be expected to peak during the last year. Without a late*  
26 *addition opportunity, the long, drawn out RTP process would cut some of these*  
27 *achievements off from consideration.*  
28

29 *The problem with late add materials is that they are inserted after the college and*  
30 *department level reviews have taken place, and so their addition requires both the*  
31 *college and departments to re-examine the dossier and re-vote. If late additions were*  
32 *routine, it would create chaos with the review process.*  
33

34 *Cases have arisen recently, however, in which it has been unclear whether late-add*  
35 *materials should be allowed. Should, for example, Fall SOTEs be allowed to be*  
36 *inserted late? If this routinely happened, then all department and college deliberations*

37 *would have to be repeated. But what if a candidate is in danger of termination due to*  
38 *poor teaching, and those fall SOTEs show marked improvement? Then not*  
39 *considering them would be missing highly relevant information with very great*  
40 *consequences.*

41

42 *The current policy is utterly silent on what should be allowed. The amendments provide*  
43 *a mechanism for clarifying this important question.*

5.4.3 Late Add Materials. The Provost, or designee, in consultation with the Professional Standards Committee, shall issue guidelines for determining which materials may be inserted ~~Insertion of material~~ after the dossier has been officially closed (see “Deadlines.”) Late materials must have the approval of a committee consisting of one member elected from and by each college committee and shall be limited to items that became accessible after the dossier is closed. 12

13 Resolved: Section II of S99-9 “Election, Qualifications, and Terms of Membership”  
14 is replaced as follows:

- 15  
16 1. BAFPR will consist of one tenured full Professor per college plus an  
17 equivalent member from the General Unit.  
18 2. Terms of office shall be two years, with the possibility of renewal.  
19 3. Emeriti faculty are eligible to serve.  
20 4. Members should possess an understanding of academic freedom  
21 and professional ethics and should be beyond reproach in their own  
22 behavior.  
23 5. Members shall be appointed according to the usual procedures of  
24 the Senate. The willingness and qualifications of nominees to serve  
25 shall be ascertained prior to their confirmation.  
26  
27

28 *Rationale: The Board of Academic Freedom and Professional Responsibility fulfills an*  
29 *important set of functions, as spelled out in several policies. Its membership, however,*  
30 *is unduly restrictive and cumbersome. It is more difficult to become a member of the*  
31 *BAFPR than to be elected to the Academic Senate. As a result, membership has*  
32 *dwindled. In order to restore a robust membership so that BAFPR can fulfill its charge,*

7 **Policy Recommendation**  
8 **Amendment A to University Policy S15-3,**  
9 **Leaves of Absence for Students**

10  
11 **Background and Rationale:**  
12 Leaves of absence (LOA) for students have been granted for many years at SJSU,  
13 according to procedures and practices that have, over time, diverged remarkably from the  
14 two policies previously passed on the matter (S88-1 and S93-1). A revision is therefore  
15 needed that accounts for procedures now established as well as new proposals.

16 This policy outlines general provisions for LOAs, categories of LOA-eligible students,  
17 procedures for LOA applications and processing, exceptions to eligibility, and other items.  
18 The policy is guided by certain principles: when considering granting LOA to students,  
19 personal and financial hardships should be acknowledged, especially in light of the fact that  
20 the granting of an LOA has no deleterious effect on other students or other applicants for  
21

22 **Leaves of Absence for Students**

23 **I. General Provisions**

24 Students who have attended at least one semester as matriculated students and who are  
25 in good or probationary academic standing may choose to be voluntarily absent from the  
26 university (“stop out” or not enroll) for one semester (Fall or Spring) without submission of  
27 a leave-of-absence petition or any penalty. A student must return the semester following  
28 a stop-out semester and continue his or her enrollment as a matriculated student unless  
29 the stop-out semester is immediately followed by an approved leave of absence. If a  
30 student does not return in the semester following the one semester stop-out, application  
31 for re-admission for the next available admission term is required. If the student is in  
32 disqualified status or was disenrolled the previous semester for nonpayment of fees, he  
33 or she can neither apply for a leave of absence nor enroll after the initial absent semester  
34 without application for re-admission.

35 **II. Categories of Leaves of Absence**

36 Documentation and a personal statement are always required (though see certain  
37 limitations below). Supporting memos from faculty advisors or mentors may be included but  
38 are optional, except in the case of educational leaves.

- 39 1. **Medical Leaves.** These leaves (including physical and mental health leaves) must  
40 be supported by submission of the Treating Healthcare Professional's Verification of  
41 Medical Condition Form. Details of the medical condition or the type of healthcare  
42 professional consulted should not be included, only that there is a medical condition  
43 that justifies the leave and is supported by a State-certified healthcare professional's  
44 authorization with respect to both the severity of the medical condition and the period  
45 of need for a leave, as given by means of the Treating Healthcare Professional's  
46 Verification of Medical Condition Form. A semester of pregnancy, maternity, or  
47 paternity leave (beyond the first stop-out semester) is acceptable.
- 48 2. **Primary Caregiver Leaves.** In most cases, a healthcare professional's certification  
49 of need for the care must be included by submission of the Treating Healthcare  
50 Professional's Verification of Medical Condition Form, as indicated above.
- 51 3. **U.S. Military Deployment Leaves.** For students called to U.S. active duty, leave  
52 requests must be supported by a copy of the U.S. military orders. Such leaves may  
53 be for as long as five years. They may occur during the first semester of  
54 matriculation.
- 55 4. **Educational Leaves.** These are leaves in which the student gains some value to his  
56 or her educational program by being away from campus. The personal statement  
57 must address the educational advantage to be gained, and there must be a clear  
58 educational objective for award of the leave. At least one supporting letter from an  
59 advisor, mentor, or chair from SJSU as well as the consent of the associate dean of  
60 the college is also necessary.
- 61 5. **Personal Leaves.**
- 62 a. **Personal Hardship Leave.** This category encompasses a variety of social or  
63 financial insecurities, including, but not limited to, financial hardship,  
64 temporary job relocation, increased work hours in order to maintain  
65 employment, or housing insecurity. A personal statement of understanding is  
66 required and must include objectives to resolve the personal insecurity to be  
67 able to return successfully to one's studies.
- 68 b. **International Military Service.** For international students called to active  
69 military duty, leave requests must be supported by a copy of the military  
70 orders. Such leaves may not exceed four consecutive semesters.
- 71 6. ~~**E.O. 665 Leaves.** "E.O. 665 students" are those who enter in "remedial" status  
72 according to CSU Executive Order 665 and need to complete developmental math  
73 and /or English courses generally within one year. The University shall impose a  
74 leave of absence on students who do not complete these courses within one year,  
75 and thus the relevant documentation shall be submitted by the Director of  
76 Developmental Studies (e.g. a list of names to the Registrar).~~

### 77 78 **III. Process**

79 To request a leave of absence, undergraduate and graduate students shall submit a petition  
80 to the Registrar's Office after obtaining the necessary signatures on the petition. A decision

81 shall be made within 30 days, and the student shall be informed, along with reasons in the  
82 case of a denial, via email. Other than for a first-semester leave, leaves shall not be granted  
83 for a current semester. Approval by the Registrar or designee for leaves other than first-  
84 semester, retroactive, and educational leaves shall be awarded when the reason for the  
85 leave is clearly within the parameters of these guidelines and documentation is provided to  
86 substantiate the reason.

87 For first-semester, retroactive, and educational leaves or in cases in which the Registrar  
88 determines that a university review is needed, the petition shall be forwarded for ultimate  
89 decision to a Leave-of-Absence Committee consisting of the Associate Vice President of  
90 Student Academic Success Services, the Associate Dean of Undergraduate Studies, and  
91 the Associate Dean of Graduate Studies, or their designees, with a majority vote required  
92 for approval. The Registrar or designee shall also serve as a nonvoting member of this  
93 committee. Students awarded a leave of absence may return to active enrollment the  
94 semester following the leave without application for re-admission. These students are  
95 guaranteed the right to return to their department and degree program even if that program  
96 has restricted access during the time of the approved leave, such as by admission caps.  
97 The Registrar shall inform the departments/schools of the award, denial, extension, and  
98 duration of leaves within a timely period.  
99

#### 100 **IV. Leave Durations and Extensions**

101 Fully approved petitions for leaves must be submitted prior to the first semester of the  
102 period requested. Leaves, other than for U.S. military duty, may be requested for a  
103 maximum of four Fall and Spring semesters, typically two semesters at a time, including an  
104 initial stop-out semester. In other words, the initial stop-out semester shall be considered  
105 part of the maximum of four consecutive semesters. Petition submission would then be  
106 required before the start of the semester following the stop-out semester.

107 Extensions can be requested prior to the first day of classes following the approved leave  
108 by submission of a new leave-of-absence petition. If the request is for a different reason  
109 than the original leave, an explanation and documentation for that reason must be  
110 provided. Exceptions to the maximum of four consecutive semesters shall be rare.

111 At the end of the leave period, failure to enroll in classes shall result in disenrollment from  
112 the university. Application for re-admission would then become necessary for a return to  
113 matriculated status at the university. An early return from leave must be accompanied by  
114 written notice to the Registrar's Office in order to activate the student's enrollment once  
115 again. For students in academic cohorts, restrictions may apply for early returns; see  
116 "Exceptions" below. Students cannot graduate during a leave of absence, so they must  
117 enroll in classes the semester following a leave to complete their programs during those  
118 semesters.

#### 119 **V. Retroactive Leaves of Absence**

120 Retroactive leaves may be granted for up to two semesters after the semester of the  
121 student's last enrollment, excluding summer and winter sessions. These leaves shall  
122 modify the enrollment status retroactively. After two semesters, the student will be

123 required to reapply and be subject to current application deadlines.

## 124 **VI. First-Semester Leaves of Absence**

125 These leaves, which are to be awarded sparingly, are for matriculated students exclusively.  
126 Therefore, the student must have been admitted into the university rather than merely  
127 applying for admission. Any conditions or provisions imposed on admission status that are  
128 still in effect shall carry over to the semester of re-enrollment following the leave.

## 129 **VII. Course Expiration**

130 Course expiration, as per long-standing SJSU practice, (10 years on undergraduate  
131 courses and 7 years on graduate courses) shall remain in effect even for students who have  
132 taken leaves of absence. Upon a student's return, the student's catalog rights shall pertain  
133 to his or her most recent admission date.  
134

## 135 **VIII. Exceptions**

- 136 1. ~~**Freshmen in Remedial Status.** An exception to the leaves allowable under this~~  
137 ~~policy is for freshmen who enter the university in remedial status (UGRM), according~~  
138 ~~to CSU Executive Order 665 and who have not cleared their remedial status.~~  
139 ~~Because such students must complete all remedial coursework within the first year~~  
140 ~~at the university, an absence in the second semester shall jeopardize their ability to~~  
141 ~~remain enrolled at the start of their second year. Any student in remedial status must~~  
142 ~~consult with the Director of Developmental Studies before applying for a leave of~~  
143 ~~absence other than the E.O. 665 leave automatically placed if remediation is not~~  
144 ~~cleared within the first year.~~
- 145 2. **Graduate Students in RP Status.** Per University Policy F11-2, a further exception  
146 to the allowance of a one semester stop-out is for graduate students who have  
147 completed all degree requirements except their thesis, project, comprehensive  
148 examination, or other culminating experience. These students may not stop out but  
149 must maintain continuous enrollment every Fall and Spring semester until the  
150 culminating experience has been completed and approved. During this stage of a  
151 graduate student's career, leaves of absence for any reason beyond medical or U.S.  
152 military duty shall be precluded except under rare circumstances.
- 153 3. **International Students.** International students are eligible for leaves of absence  
154 when authorized by International Student and Scholar Services. Lack of enrollment  
155 for any reason other than prevention of the ability to pursue one's studies by severe  
156 medical circumstances shall result in the student having to leave the United States. If  
157 the student is able to return from abroad at the expiration of the leave period, he or  
158 she shall derive the benefits of having had the formal leave, such as avoiding the  
159 readmission process. However, other restrictions, such as in the ability to work within  
160 the United States, may be imposed by federal immigration regulations.
- 161 4. **Cohort Programs.** Students who are members of an academic cohort may be  
162 restricted by their respective departments or schools in the duration of their leaves.  
163 Thus one-semester leaves may not be possible if it is necessary for course

164 enrollment to join a future cohort, which usually would start after one academic year.

7 **Policy Recommendation, Rescind and Replace S05-4,**  
8 **Qualifications for Student Office Holders**  
9

10 Legislative History: On April 4, 2005, the Academic Senate approved S05-4, Academic  
11 Qualifications for Student Office Holders. On March 27, 2012, the Chancellor's Office  
12 updated the coded memorandum AA-2012-05, entitled Minimum Qualifications for  
13 Student Office Holders, which establishes minimum qualification standards for student  
14 office holders.

15  
16 Whereas: The current policy, S05-4, is outdated and redundant in various areas that  
17 specify requirements; and

18  
19 Whereas: The minimum requirements in S05-4 are inconsistent throughout and are  
20 more stringent than those in the AA-2012-05; therefore be it

21  
22 Resolved: That S05-4 be rescinded and replaced with the following.  
23

24 1. Authority  
25

26 1.1. The Chancellor's Office of California State University (CSU) in a memorandum  
27 AA-2012-05 entitled Minimum Qualifications for Student Office Holders, dated  
28 March 27, 2012 established minimum qualification standards for student office  
29 holders and those seeking office as candidates in elections. These standards  
30 state that student office holders have an obligation to demonstrate academic  
31 involvement, achievement and progress as set forth in the memorandum. The  
32 CSU memorandum delegate to the campus president the authority to define  
33 specific terms in the policy and to establish additional requirements for student  
34 office holders. This Academic Senate policy provides these definitions and  
35 requirements, as well as additional information for interpretation of the policy at  
36 San José State University (SJSU).  
37

38 1.2. These requirements are minimum qualifications. Each agency overseeing the  
39 election or appointment process for the positions described in this policy may  
40 establish additional requirements.  
41

42 1.3. Failure to meet any requirement will result in the student being immediately  
43 ineligible to continue to hold or assume office.  
44

45 2. General Requirements *(combined multiple redundant sections to have one area of*  
46 *general requirements that were consistent with CSU policy)*

47 2.1. The following general requirements apply to the major student offices as defined  
48 in Section 4.1, the minor student offices as defined in Section 5.1.1 and  
49 appointees to system wide committees in Section 6.0.including incumbents for  
50 all offices.

51  
52 2.1.1. Must be matriculated at SJSU

53  
54 2.1.2. Must be in good standing with SJSU

55  
56 2.1.3. Must not be on probation of any kind, e.g. academic, administrative, or  
57 conduct.

58  
59 2.1.4. Must maintain a cumulative on-campus GPA of at least 2.0 each semester  
60 while in office and the semester running for office. Failure to obtain the  
61 required GPA by the end of the semester makes the student immediately  
62 ineligible to continue to hold office or (in the case of candidates) ineligible  
63 to assume office.

64  
65 2.1.5. Unit Load  
66 Undergraduate students must maintain 6 semester units per term while  
67 running or holding office. Graduate and credential student candidates  
68 must maintain 3 semester units per term while running and holding office.

69  
70 2.1.6. Maximum Allowable Units  
71 Undergraduate students are allowed to earn a maximum of 150 semester  
72 units or 125 percent of the units required for a specific baccalaureate  
73 degree objective, whichever is greater. Graduate and credential students  
74 are allowed to earn a maximum of 50 semester units or 167 percent of the  
75 units required for the graduate or credential objective, whichever is  
76 greater. Students holding more than this number of units will no longer be  
77 eligible for office. A double major does not exempt the student from this  
78 requirement.

79  
80 2.1.7. Residency  
81 Undergraduate students must be enrolled at SJSU and have completed at  
82 least one semester prior to the election, earning a minimum of 6 semester  
83 units during that year. Graduate and credential students must be currently  
84 enrolled in a minimum of 3 semester units at SJSU per term to be eligible.

85  
86 3. Verification of Eligibility

87  
88 3.1. Responsibility for the verification of the eligibility of students as defined in this  
89 policy is delegated to the Vice President for Student Affairs or designee, who  
90 shall also be responsible for interpreting this policy. Under extraordinary

91 circumstances, the University President may make an exception to the  
92 requirements delineated in this policy.

93  
94 3.2. It is the responsibility of each agency overseeing the election or appointment  
95 process for the positions described in this policy to ensure that the names of  
96 candidates, nominees and incumbents are delivered to the Vice President for  
97 Student Affairs or designee for verification in a timely fashion. Election to or  
98 appointment to the positions in this policy are not valid until the verification  
99 process has been completed. The University does not recognize the votes cast  
100 by nor the signature authority of student office holders whose eligibility has not  
101 been verified or who have been declared ineligible to hold office.

102  
103 3.3. Students who have been declared ineligible to hold office but who continue to  
104 participate as office holders shall be subject to referral to the office of Student  
105 Conduct and Ethical Development for disciplinary action.

106  
107 4. Major Student Offices *(updated wording)*

108  
109 4.1. Major student offices include:

110  
111 4.1.1. Associated Students Board of Directors *(made own category)*

112  
113 4.1.2. Campus representative(s) to the California State Student Association  
114 (CSSA)

115  
116 4.1.3. Members of the Student Union Board of Directors

117  
118 4.1.4. Members of the Spartan Shops Board of Directors

119  
120 4.1.5. Members of the University Foundation Board of Directors

121  
122 4.1.6. Any other student position which may be created or designated by the  
123 President as a major student office

124  
125 5. Minor Student Offices

126  
127 5.1. Minor student offices include:

128  
129 5.1.1. Policy committees, operating committees, special agencies and other  
130 committees of the Academic Senate

131  
132 5.1.2. Campus Fee Advisory Committee

7 **Policy Recommendation**  
8 **Rescind and Replace University Policy F10-1,**  
9 **The Use and Abuse of Alcohol and Other Drugs**

- 10  
11 Whereas, the use of, abuse of, intoxication from, and a dependency on alcoholic  
12 beverages and other drugs are of concern to the University community, as  
13 well as to our society at large; and  
14 Whereas, alcohol and drug abuse remains a serious concern among college  
15 students, one that has direct and indirect effects on the health and  
16 academic performance of students; and  
17 Whereas, the existing University policy on alcohol, F10-1, is not in alignment with  
18 current CSU policies and procedure; and  
19 Whereas, the existing University policy on alcohol, F10-1, does not accurately  
20 address the California State University Executive Order 1109: Sales and  
21 Advertising of Alcoholic Beverages at University Athletic Facilities;  
22 Executive Order 1098: Student Conduct Procedures; Executive Order  
23 1068: Student Organization Code of Conduct; therefore be it  
24 Resolved, That University Policy F10-1 be rescinded and that the attached document  
25 be adopted as University policy.

26  
27 **PURPOSE**

28 The purpose of this policy is to delineate University policy concerning alcohol and illegal  
29 drugs or substances, provide procedural guidelines, and communicate the  
30 consequences of failing to adhere to established policies. The use of alcohol and illegal  
31 drugs or substances is inconsistent with the primary mission of the University as an  
32 educational institution.

33  
34 Provision for the purchase, sale, service, and consumption of alcoholic beverages on  
35 campus is a privilege accorded to University members with the understanding that they  
36 will comply with internal rules, regulations, and relevant legislation (local, state or  
37 national). All members of the University community as well as their guests have a  
38 responsibility to ensure that alcohol is used in a responsible manner by persons twenty-  
39 one (21) years of age or older.

40  
41 **I. EDUCATION**

42 The use or abuse of alcohol, and a dependency on alcoholic beverages and  
43 illegal drugs or substances are issues of concern to the University community, as  
44 well as to our society at large. To this end, education becomes the responsibility

45 of the entire campus community, including an individual's peers and any  
46 organization sponsoring an event where alcoholic beverages are served.

47  
48 Copies of the University's Alcohol and Drug Policy will be distributed to all  
49 students and employees on an annual basis in compliance with the Drug Free  
50 Schools and Communities Act.

51  
52 The Division of Student Affairs has the responsibility to inform new students and  
53 their parents and/or guardians about the University's Alcohol and Drug Policy,  
54 before and after they arrive on campus. A letter and a policy brochure will be  
55 provided to all new students and their parents and/or guardians informing them of  
56 the campus alcohol and drug policy. This information will be included with  
57 materials for all new student orientation sessions for frosh and transfer students.  
58 All students will receive information about the policy in the class catalog, online  
59 schedule of classes, residential life handbook, University website and/or direct  
60 email/mail. Copies of the University's Alcohol and Drug Policy are also posted on  
61 the Student Health Center, Student Involvement, and Student Conduct & Ethical  
62 Development websites.

63  
64 All student organizations must have at least one officer attend an orientation  
65 program provided by Student Involvement during the fall semester in order to  
66 maintain the organization's recognized status. This orientation program will  
67 inform student organization officers on University policy and procedures, event  
68 planning, non-alcoholic programming, procedures for handling emergencies,  
69 responsible behavior and alcohol usage, and campus and community referrals  
70 and resources.

71  
72 All advisors to student organizations will be notified about the University's Alcohol  
73 and Drug Policy. They will be strongly encouraged to attend the fall semester  
74 officers' orientation program as well as other alcohol education and prevention  
75 programs sponsored by the University.

76  
77 University Personnel has the responsibility to distribute the policy to all  
78 employees annually.

## 79 80 **II. ENFORCEMENT**

81  
82 All SJSU students are accountable to The California Code of Regulations, Title 5,  
83 Section 41301, which establishes behavioral expectations of our students.  
84 California State University's policies are outlined in the Student Conduct  
85 Procedures (Executive Order 1098) as well as in the Student Organization Code  
86 of Conduct (Executive Order 1068).

87  
88 The Office of Student Conduct & Ethical Development administers both codes of  
89 conduct. Student organizations, as well as their members, may be held  
90 collectively and/or individually responsible for violations if the misconduct occurs

91 on University property, on premises used or controlled by the organizations,  
92 and/or at University-sponsored activities. The officers or leaders of student  
93 organizations may be held collectively and/or individually responsible when such  
94 violations are committed by individuals associated with their organization.  
95

96 a. **Sanctions for individuals may include and are not limited to:**

- 97 • Restitution
- 98 • Loss of Financial Aid
- 99 • Educational and Remedial Sanctions
- 100 • Denial of Access to Campus or Persons
- 101 • Disciplinary Probation
- 102 • Suspension
- 103 • Expulsion

104 b. **Sanctions for student organizations may include and are not limited to:**

- 105
- 106 • Social probation
- 107 • Restitution of any damages that result from the conduct of the violator(s)
- 108 • Report of violation(s) to the national headquarters
- 109 • Required alcohol and/or other drugs education program
- 110 • Loss of University recognition
- 111

112 Individual department or campus organization policies must be in compliance with  
113 this University Policy on Alcohol and Drugs and may impose more stringent  
114 standards. Examples of these departments and campus organizations include  
115 University Housing Services, Student Involvement, and Athletic Programs.  
116

117 Management personnel at the campus handle alleged infractions of this policy by  
118 employees in accordance with the appropriate bargaining unit and other  
119 University policies.  
120

121 **III. INDIVIDUAL CONSUMPTION AND USE**

- 122
- 123 a. Individuals under the age of twenty-one (21) are not to possess or consume  
124 alcohol.
- 125 b. Alcoholic beverages may not be sold or consumed in generally accessible open  
126 areas on campus that are available to the public. Such areas include the  
127 common area of any campus residential community, building, classroom,  
128 meeting places, recreational facilities, etc. on campus. This does not apply to  
129 those alcoholic beverages possessed during University-sponsored events or  
130 purchased from campus food vendors and consumed in designated areas.  
131 Exceptions to this apply for the consumption of alcoholic beverages in the  
132 parking lots of sporting facilities (tailgating), which is discussed in Section VII.
- 133 c. No person will have in their possession any alcoholic beverage which has had  
134 the seal broken or the contents partially removed while in any public area on  
135 campus. This does not apply to those alcoholic beverages possessed during  
136 University-sponsored events or purchased from campus food vendors and

- 137 consumed in designated areas. Exceptions to this include the consumption of  
138 alcoholic beverages in the parking lots of sporting facilities (tailgating), which is  
139 discussed in Section VII.
- 140 d. Use, possession, manufacture, or distribution of alcoholic beverages (except as  
141 expressly permitted by law and University regulations) or public intoxication while  
142 on campus or at a University related activity is prohibited.
  - 143 e. Use, possession, manufacture or distribution of illegal drugs, or drug-related  
144 paraphernalia, (except as expressly permitted by law and University regulations)  
145 or the misuse of legal pharmaceutical drugs is prohibited.

#### 146 **IV. UNIVERSITY HOUSING SERVICES**

147  
148  
149 In addition to compliance under Executive Order 1098, the following applies to  
150 students residing in University Housing:

##### 151 **Alcohol**

152  
153  
154 California state law prohibits alcoholic beverages from being sold, furnished or  
155 given to any person under the age of 21. As such, residents under the age of 21  
156 are not permitted to be in the presence of, possess, or consume alcohol.

- 157 a) A resident who is at least 21 years of age and elects to consume alcohol in  
158 University Housing may do so only if all those present in the room are over 21  
159 years of age, including all roommates. CVA Residents – this excludes minors  
160 who are a resident’s dependents.
- 161 b) If at least one resident of a room, suite, or apartment is under 21 years of age, no  
162 alcohol is permitted in the common areas of that room, suite, or apartment.  
163 Alcohol may only be consumed or stored in the bedroom if all residents in that  
164 room are 21 years of age or older.
- 165 c) Residents who are 21 years of age or older, may not provide alcohol to persons  
166 under 21 years of age at any time.
- 167 d) If all residents occupying a room, suite, or apartment are over 21 years of age,  
168 alcohol is permitted in the living space.
- 169 e) No possession, transportation (in plain view) or consumption of open containers  
170 of alcoholic beverages is permitted in building common or public areas by any  
171 person, regardless of age.
- 172 f) Residents of University Housing may transport unopened alcoholic beverage  
173 containers to their apartment or bedroom in a concealed bag.
- 174 g) Kegs or other “common source” containers such as party balls or beverage  
175 coolers used as mixing units are not permitted in the residence halls.
- 176 h) Empty alcohol beverage containers must be disposed of and may not be kept in  
177 the room, even as decorations regardless of the age of the residents occupying  
178 the unit.

179  
180 Any alcohol found that violates the SJSU alcohol policy, regardless of the age of  
181 the owner, must be disposed of under the supervision of a University Housing  
182 staff member.

183  
184 Residents found in violation of alcohol policies are subject to criminal prosecution  
185 as well as University disciplinary proceedings which may be grounds for  
186 immediate disciplinary action and/or revocation of the Housing License  
187 Agreement  
188

189 Residents, whose License Agreement is revoked, will still be responsible for the  
190 full amount owed in their Housing License Agreement for the academic year.  
191

192 These policies exclude minors who are dependents of licensed residents of CVA  
193 and are authorized as "additional occupants" by University Housing Services.  
194

195 Please note that residents found in violation of alcohol policies are subject to  
196 judicial action and/or criminal prosecution.  
197

## 198 **DRUGS**

199  
200 The possession, use, distribution, sale, or manufacture of any illegal drugs or  
201 other substances is prohibited by law and University policy. **This includes but is**  
202 **not limited to marijuana, which remains illegal for all purposes and uses**  
203 **under federal law (and University policy).** Such drug activities are not permitted  
204 and will not be tolerated in UHS facilities. For University Housing student conduct  
205 purposes, the smell of marijuana in addition to the presence of other evidence that  
206 supports the use of marijuana may be sufficient enough to revoke a resident's  
207 License Agreement. Revocation of the License Agreement may also result if the  
208 sale or inappropriate usage of prescription drugs is found. Possession of these  
209 items may result in revocation of the License Agreement. In these instances, all  
210 housing fees are NON-REFUNDABLE.  
211

212 Please note that residents are subject to criminal prosecution as well as University  
213 disciplinary proceedings through the Office of Student Conduct & Ethical  
214 Development.  
215

## 216 **V. STUDENT ORGANIZATIONS**

- 217  
218 a. Student organizations must comply with State laws governing possession, sale,  
219 use, or consumption of alcoholic beverages which prohibits the sale or giving of  
220 any alcoholic beverage to any person under the age of twenty-one (21).  
221 b. Per California State University Executive Order 1006 Student Activities, all  
222 officers are required to complete an Alcohol Education Training offered by  
223 Student Involvement.  
224 c. Student organizations sponsoring events are responsible for following the  
225 appropriate procedures to prevent underage drinking, including providing  
226 alternatives to alcohol.

- 227 d. Student organization event sponsors will make every effort to prevent drinking  
228 and driving. Designated driver responses, safe ride type activities, or other safety  
229 programs at events are recommended.
- 230 e. Members cannot permit, tolerate, encourage or participate in “drinking games”  
231 including the promoting of massive consumption of alcohol.
- 232 f. All membership recruitment functions (e.g., fraternities and sororities,  
233 departmental clubs, and special interest groups) will be alcohol free.
- 234 g. Alcohol beverages may not be served to any under-aged or obviously intoxicated  
235 individual.
- 236 h. Use, possession, manufacture or distribution of illegal drugs, or drug-related  
237 paraphernalia (except as expressly permitted by law and University regulations)  
238 or the misuse of legal pharmaceutical drugs is prohibited.
- 239 i. Sponsoring/hosting an activity at which illegal drugs or substances are used is  
240 prohibited.

241  
242 **VI. EVENTS**

- 243
- 244 a. Event planners must take responsibility for preventing underage drinking during  
245 events sponsored on campus (e.g., socials, parties, concerts, tailgate parties). It  
246 is the responsibility of the sponsoring organization and/or University entity in  
247 control of the facility being used for an event, to ensure that underage drinking  
248 does not occur. This is to be done through the engagement of University police  
249 or other approved subcontracted security and their subsequent observations of  
250 the designated areas where alcohol is sold, served, or consumed.
- 251 b. No re-entry at athletic events, including all events at CEFCU Stadium University  
252 facilities or the Event Center where alcohol is being served. There will be no  
253 systematic patron re-entry allowed to any ticketed events where alcohol is being  
254 served at CEFCU Stadium or the Event Center. However, patron re-entry may be  
255 allowed for special circumstances on a case-by-case basis, including evaluation  
256 of the person’s behavioral state.
- 257 c. All University sponsored events held off campus will comply with this policy.  
258

259 **VII. ATHLETIC EVENTS**

260  
261 CSU Executive Order 1109: Sales and Advertising of Alcoholic Beverages at  
262 University Athletic Facilities, permits the sale of alcoholic beverages at any  
263 athletic event held in university owned or operated facilities.  
264

265 It is recognized that tailgating, including the consumption of alcoholic beverages in  
266 sporting event parking lots, is a part of the University tradition. University Police  
267 and the Athletics Department will work together to set reasonable limits on  
268 tailgating including arrangement of an appropriate time for the gates to open  
269 before the event. Consumption of alcoholic beverages in the parking lot will not be  
270 allowed after the start of the event. All alcohol beverage consumption laws apply  
271 and will be enforced at all times. Failure to comply with the laws could result in  
272 arrest if one is a minor and removal from the stadium if one is 21 or older.

**VIII. ASSESSMENT**

The University’s committee on Alcohol and Drug Prevention will establish or ascertain accurate information relative to student alcohol consumption. The reporting systems developed will ensure confidentiality. Policies and programs will be assessed each year using this system and other standard assessment instruments to determine if SJSU is meeting established learning and behavioral outcomes. Coordination of such efforts will be the responsibility of the University’s Committee on Alcohol and Drug Prevention and the Office of Student Conduct and Ethical Development, in consultation with various departments. Student Health, Student Involvement, University Housing, and Student Conduct & Ethical Development will assess and share with the University’s Committee on Alcohol and Drug Prevention any assessments or interventions conducted in this area to ensure student success. At minimum, the assessments will include such characteristics as patterns of student alcohol use; consequences of alcohol use; alcohol-related beliefs and perceptions; protective behaviors; environmental influences; and effectiveness. The University’s Committee on Alcohol and Drug Prevention will regularly report this information to the Academic Senate, University Administrators, faculty, staff, and students in an effort to improve prevention efforts.

8 **Establishing a Special Committee to Coordinate and**  
9 **Prepare a Campus Response to the GE Task Force**  
10 **Report from February 2019**

11  
12 *Background: At the beginning of February 2019, a task force set up by the Academic*  
13 *Senate of the CSU released their final report, the culmination of two years of work. That*  
14 *report is now available at the ASCSU website<sup>1</sup>. The report, and any subsequent*  
15 *recommendations by the ASCSU, has the potential to influence Title 5 regulations of GE*  
16 *in the CSU and GE at SJSU. If SJSU feels the need to provide a campus response to*  
17 *the report, it needs to begin this work as quickly as practicable given the restricted*  
18 *timeline that the ASCSU has provided.*

19  
20 Resolved, That the Academic Senate establish a special committee, as per Section 7  
21 of the Senate bylaws<sup>2</sup>, with the task of collecting the campus' reactions to  
22 the systemwide GE Task Force report and providing a response white  
23 paper to the ASCSU.  
24

25 Resolved, That the committee be composed of the following individuals:  
26 • Ravisha Mathur (chair of special committee), Senate Vice Chair and  
27 incoming Senate Chair  
28 • Brandon White, Curriculum & Research Chair  
29 • Anne Marie Todd, Board of General Studies member  
30 • Glen Gendzel, History Department Chair  
31 • Thalia Anagnos, AVP for Undergraduate Studies  
32

33 Resolved, That the committee be charged as follows:  
34 1. It shall survey widely for the campus' sentiments and reactions to the  
35 Task Force report (determining the most efficacious ways of soliciting  
36 and receiving feedback, the best questions to ask, whom to ask, via  
37 which channels, etc.)  
38 2. It shall draft a white paper, interpretive of the response data, present it  
39 to the SJSU Academic Senate for endorsement, and forward it to the  
40 Chair of the Academic Senate of the CSU.

7  
8 **Policy Recommendation**  
9 **Amendment A to University Policy S18-5;**  
10 **Alcohol and Drug Abuse Prevention Committee (ADAPC)**

11 Legislative History: The charge and membership information for the Alcohol and Drug  
12 Abuse Prevention Committee were updated in 2018 and that policy (S18-5) rescinded  
13 previous policies: S01-2, F01-1.  
14

15  
16 **Whereas:** The language in S18-5 related to the determination of committee co-chairs  
17 mistakenly referenced administrators, and  
18

19 **Whereas:** The Alcohol and Drug Abuse Prevention Committee has provided input on  
20 how to update this section of the policy, therefore be it  
21

22 **Resolved** That the last paragraph of section 2.1 in S18-5 be amended to read as  
23 follows:  
24

25 From among the committee members, Co-chairs, one of which should be a  
26 representative from Academic Affairs and one of which should be a  
27 representative from Student Affairs, shall be appointed by the President in  
28 consultation with the Senate's Executive Committee.  
29

30 **Rationale:** This corrects an oversight in S18-5 where co-chairs, appointed by the  
31 President, would include an administrator. However, the non-faculty committee  
32 members' positions are not MPPs, but rather directors/coordinators. Original language  
33 in S18-5:  
34

35 The co-chairs (1 faculty; 1 administrator) shall be appointed by the President in  
36 consultation with the Senate's executive committee.
