**Statement from Tabitha Hart, candidate for Vice Chair**

May 3, 2023

Dear Senate colleagues,

My name is Tabitha Hart, and I am running for election to serve as the next Vice Chair of the Senate. I feel highly motivated to fill this role, and excited at the prospect of working on key issues such as training, capacity-building, mentorship, developing support and opportunities for current and future Senators, and exploring processes and resources that would strengthen our shared governance.

Since joining SJSU's Academic Senate in Fall 2016, I have served on three different policy committees: Organization and Government (O&G), which handles policies related to our university's governance; Professional Standards, which handles policies on faculty affairs; and Curriculum and Research, which develops curricular policies. For the last two academic years, I was elected to be O&G's chair, in which capacity I have also served on our Senate's Executive Committee.

Outside of the Senate, I am a Professor in the Department of Communication Studies in the College of Social Sciences, where I have worked since joining SJSU in 2012. As an interpretive scholar, my approach to conducting research relies on understanding how others experience the world around them. Similarly, as an ethnographer of communication, my tried-and-true methods include participant observation (i.e. carefully watching, listening, and taking fieldnotes), deep consultation with others, asking a lot of questions, poring over and making sense of qualitative data, and checking back to see if I've accurately captured people's perspectives and experiences. If elected as your next Vice Chair, I will bring these skills to the role, along with 25+ years of experience in project coordination and management; 11 years of SJSU committee work at the departmental, college, and university levels; 25+ years of experience facilitating professional meetings (which I like doing!) in a variety of modalities, including in-person, online, and hybrid; and my pedagogical commitment to designing and implementing frameworks for civic engagement, active learning, and shared success.

Thank you for considering my candidacy. I hope that I will have your support and your vote.

Respectfully yours,

Dr. Tabitha Hart

## **Statement of Interest – Associate Vice Chair/Chair, Committee on Committees**

**Reiko Kataoka, Senior Lecturer**

Dear Colleagues,

My name is Reiko Kataoka. I am a Senator representing the College of Humanities and the Arts and re-elected to serve for the AY 2023-26. I'm also the current Associate Vice Chair (AVC) of the Senate and the Chair of the Committee on Committees (ConC). During the past year, I have steadily increased knowledge and experiences as a Senator and as the AVC, and now I have clear visions and goals that I aim to achieve in the next year. Therefore, I am putting forward my name to continue serving as the AVC and the Chair of the ConC for another year (AY 2023-24) and asking for your support.

It was tremendous honor to have served as AVC this past year, working closely with Senators and members of the Senate Committees in the collaborative process of policy recommendations and various other advisory functions in shared governance. During this time, I have learned more than I could have imagined about complex relationships among committees as well as delegation and delineation of authority within the Senate. By acting both in an assisting role as the AVC of the Senate and as the Chair of the Committee on Committees, I have accumulated more experiences in leading committee meetings, coordinating on and organizing matters regarding the committee's work and operation of the Senate. These knowledge and skills, I'd like to contribute to the seamless continuation of the work of the Senate into the next year.

My philosophy on shared governance is characterized by the emphasis on shared authority, responsibility, and accountability as well as transparent and open communication. Sharing authority together with responsibility and accountability would be an effective way to empower members and allow them to perform at their best of ability. Transparent and open communication without fear of reprisal is a prerequisite of a truly meaningful and productive communication. If I am given an opportunity to continue serving as the Associate Vice Chair of the Senate, I will work at the best of my ability to help the Academic Senate to continue its cherished tradition of shared governance with transparent communication at its best form.

Finally, but not least, I would like to express my appreciation to all of the Senate members for the extraordinary work devoted to maintain critical work of the Senate. Witnessing such an exceptional professionalism in my daily work has been both inspiring and humbling. I would like to be a part of the upcoming Senate leadership team to continue its legacy. Thus, I ask my fellow colleagues to vote for me as Associate Vice Chair. Thank you for your consideration.

## Candidate Statement for ASCSU Executive Committee

-Julia Curry, San José State University

Spring 2023

I respectfully request your consideration of my candidacy to serve as the ASCSU senator to the Executive Committee for 2023-2024. I have served as a senator representing the College of Social Sciences from 2015 to 2019, and for the past 4 years I have served as an SJSU representative to the statewide senate. In my role I have worked diligently to inform and invite all senators and SJSU campus community to be involved in the statewide governance and representation of issues that better our lives at SJSU and beyond.

In recognition of my record of service and leadership I was honored to be selected for the SJSU Distinguished Service Award in 2014. I achieved the rank of full professor in 2020 after being one of 6 women of color denied promotion and/or tenure in 2019 despite recommendations to promote and tenure. In 2019 I was selected for the CSU Wang Family Faculty Award for Exceptional Service by the Chancellor and the Board of Trustees. I understand the impact of decisions, policies, and practices that reinforce harm rather than care. I am dedicated to working to ensure true and greater equity at SJSU.

As an At-Large Representative to the Executive Committee I endeavor to continue to be part of, and to support the work of the senate to better the experience of students, faculty, and staff. I am committed to acting for equity, compassion, and ethical decisions to improve our quality of life. My personal endeavor is to recruit and mentor new senators from all groups, statuses, and interests to both our campus and the statewide senates.

Dear Chair and Fellow Senators,

It is my greatest pleasure and honor to run for the Chair position of the Curriculum and Research (C&R) Committee. I am Hiu Yung Wong, an Associate Professor and Silicon Valley AMDT Endowed Chair in Electrical Engineering. I was the Chair of the C&R committee in 2023 Spring and have been serving the C&R committee and the Senate since 2022 Fall. This is my fifth year at SJSU but I have 12 years of industry experience. I also served on a University Naming Committee, COE AD Search Committee, Assessment Committee, Strategic Plan Task Force, and Department Chair Review Committee. I received the national McGraw Research Award, NSF CAREER Award, and COE Award for Faculty Excellence. The achievements in my research and teaching activities are not possible without some of the important policies set forth by the Senate, particularly those by the C&R committee.

When I first served in C&R, I felt the tasks were boring. We spent a lot of time and effort reading the details and wordings in policies, program proposals, and CCI proposals. But gradually, I realized that every hour we spent debating the precise wording of a policy and every moment we engaged in confrontation to reach a final consensus affects thousands of students and hundreds of faculties in the future years or even decades, in a good way. No other job is more meaningful and impactful than this. And no other job is more satisfying than being the chair of the C&R committee. After becoming the Chair, I have been very lucky to be advised and helped by my colleagues inside and outside of the C&R committee. I have been working with due diligence and seeking opinions during my tenure to ensure an efficient and effective C&R committee under the banner of shared governance. And I will continue to do so should I be elected. I hope you will trust me and support me again! Thank you very much!

Hiu-Yung Wong

Dear Colleagues,

I am seeking re-election as chair of the Professional Standards committee for AY 2023/24. I have served on the Academic Senate for more than five years, and during that time I have served on the Organization and Government Committee and the Instruction and Student Affairs Committee, and now, as Chair of Professional Standards. Prior to my service on the Academic Senate, I served on the Student Evaluation Review Board (SERB) for three years, and chaired it for two of those years.

In addition to my Senate and SERB experience, I served as the Biological Sciences Department Graduate Coordinator for five years, and have been the Chair of the Biological Sciences Department for two years. In addition, I have served on my Department's personnel committee and have chaired multiple search committees. My service as Department Chair, as well as on RTP committees, has allowed me to become well-versed in current RTP policy, while my experience on SERB gave me extensive experience in the interpretation and administration of student evaluations. Both of these are key policy areas governed by Professional Standards.

Finally, as Chair of Professional Standards this year I have led the committee in a very productive year. We presented six policy resolutions that were passed by the Senate, as well as two Sense of the Senate Resolutions. We continued work to strengthen our university RTP policies, and worked with the Senate to reaffirm our commitment to the preservation of academic freedom at SJSU. Next year, I hope to continue the important work we are doing with regard to protecting academic freedom and professional responsibility.

Respectfully,

Rachael French  
Professor  
Department of Biological Sciences

## Candidate's Statement for Instructional and Student Affairs Chair 2021

I hope to serve the Academic Senate by continuing to chair the Instruction and Student Affairs committee. There are many referrals pending in ISA that I am confident will impact our changing university in positive ways. These referrals and the other work of ISA still inspire me.

The highly varied work of ISA is critical to the university's mission and student success. It requires tenacity and a commitment to growth as an individual and leader, as there are always new colleagues to get to know, group dynamics to manage, and new university procedures to learn. I have this commitment and would appreciate your support as ISA chair next year.

Thank you for your consideration,  
Laura Sullivan-Green

**Graduate Program**

May 1, 2023

Master in Public Health  
(Campus)

Dear Chairperson McKee,

Master in Public Health  
(Online)

Thank you for allowing me to apply for the Organization and Government (O+G) committee chair vacancy in AY23/24.

**Undergraduate Program**

Public Health

Recreation

Having completed my second year of service in the Academic Senate, I have come to appreciate the vital role senate service plays in promoting a healthy university environment. I am eager to continue and expand my service to the SJSU community by serving as O+G chairperson in AY 23/24. At the conclusion of the spring 2023 semester, I will have served on the O+G committee for 2 years. I am confident that the combination of my O+G experience to date plus the support of my fellow committee members will allow me to effectively fulfill chair responsibilities. It has been my experience that my fellow O+G colleagues, and the entire senate population, are community-minded, fair, and thoughtful people. I will strive to emulate their example through my continued service to the SJSU community and the Senate.

Thank you for your kind consideration.

Joshua Baur  
Associate Professor  
Department of Public Health and Recreation  
San José State University
