Start:12:03pm

I. Time Certain: 12:00 – 12:50pm, actual time 12:00- 1:10pm -Discussion regarding Proposal for Masters of Social Work, joined by Dr. Soma Sen, the program proposer and Dr. Peter Lee, Director of the School of Social Work.
   A. Dr. Soma Sen and Dr. Peter Lee give summary of proposal and enrollment expectations. In addition answer committee questions.
      1. Proposed advanced standing program is for students who have a BSW from an accredited university and meet all additional admission requirements as stated by the program in their proposal.

   a. Pros and Cons
   b. This is a trend among other universities to reduce redundancy and increase the number of professional social workers.
   c. The field shows concern for lack of field work in the Advanced Standing program
   d. About 25% of alumni from SJSU attempt an MSW at SJSU
   e. SJSU’s MSW program is the largest program in the Bay Area, the only online option
   f. Presented the admission requirements for the Advanced Standing MSW
   g. Current students and alumni have mixed opinions about the Advanced Standing, some would still like to complete full program.
   h. Many current students in BSW would qualify, however only a few would be selected for Advanced Standing. Students must still meet all admission requirements.
   i. The students who would be admitted would be exceptional students who will need to meet all admission requirements. They expect about 30/40 of all MSW applicants would be eligible for Advanced Standing. However, some of those may still want to complete the full program to gain more experience.
j. The final year of the program is the same as the regular program, where there is 720 hours of field work required
   1. Total of 1200 in regular program
   2. There is a possibility that there will be a reduction of hours to 1050 hours
   3. Few partners offer stipends to students, most of the hours are done at no cost

k. Summer bridge courses - refresher and preparation in SJSU pedagogy for social work
   1. Theory, policy, practice (4 unit course)
   2. Research (2 unit course)
   3. Courses would be Special Session through CPGE
   4. Syllabi should be submitted for the courses with complete information on how they will cover so many components in 10 weeks.

l. A copy of the budget was presented, it should be submitted to Curriculog after the meeting.
   1. Overall program cost for students is lower than other MSWs. They presented an estimate of the expected savings for students, this should be added to their proposal.
   2. Program is a “hybrid” - state-funded and self-funded, they only presented the self-supported portion
   3. Students would be taking a mixture of Special Session and Regular Session courses. How will this impact the budget for the program?
   4. The budget only represents the student in Advanced Standing and does not show how it will impact their regular MSW program.

m. GWAR requirement
   1. There is a new policy that was just approved that may impact the GWAR requirement and the program will need to make adjustments to their program proposal.
   2. GWAR is recommended to be kept in the program proposal

n. Next Steps: The committee will discuss and create a memo to send to the program, summarizing suggestions and next steps for this proposal. There is not an estimated timeline for approval at the moment. Program should add all documents presented today to Curriculog for revision.

II. Review and approve the minutes of September 9, 2019 meeting.
   Move to the next meeting on October 7, 2019.

III. Welcome to our new committee members, Dr. Jihyun Lee from Kinesiology, Dr. Nancy Dudley from Nursing, and Dr. Gokay Saldamli from Computer Engineering.

   B. Motion to approve 9/23/19 meeting minutes by Mark Thompson, second by Susan Snycerski
      1. Approved unanimously by 9, sustain by 0

II. Review the Proposal to Elevate MA Education, Concentration in Counseling and Student Personnel to MA Counseling and Guidance
   A. Clarity the admission requirements and conditional admission
   B. Inconsistencies found in “Candidacy requirements” and “Graduation requirements”
      1. This section should be reviewed and clarified
   C. Degree requirements should be reviewed and clarified
   D. “Applicants from countries in which the native language is not English must achieve a minimum English-language proficiency test score as indicated on GAPE’s Graduate Program Test Requirements webpage.” top of page 4
      1. Several links are broken in the document, double check
   E. Table 4 and Table 6 are inconsistent as PLOs were not matching.
   F. Motion to approve the proposal conditionally by Susan Snycerski, second by Nancy Dudley
      1. Approved unanimously 9, abstain by 0
      2. Conditionally approved, until feedback and concerns are addressed

III. Update the committee on the proposal for MS in Athletic Training (MSAT)
Last meeting memo was sent to them in May after several other communications with the group.

A. The roadmaps were some of the main concerns from the group, that has now been resubmitted.
B. The revised documents have now been uploaded to Curriculum and the Google Share drive.
C. The proposal should be reviewed by the group and be ready to discuss on October 21, 2019. Jing will send out assigned sections to review.
D. Previous minutes where proposal was discussed have been added to the Meeting Minutes folder (2/11/19, 3/11/19, 5/06/19).
E. Next meeting will include a discussion about the proposal.

Start: 12:03pm

I. 12:00-12:45pm - Time certain (Actual 12:03pm - 12:55pm) Open Discussion with MSAT proposers, Department Chair, Associate Dean.
   A. What are the resources that will be provided for this program?
   B. How many full time faculty will be assigned to support this program?
      1. Historically there have been 3 full time faculty under Athletic Training, but there are a number of others who teach courses for the program. The third faculty is usually clinical.
      2. Pg 2 there is a discrepancy about how many faculty are assigned such functions
   C. Is there a recruitment plan to hire faculty in the specific Athletic Training discipline?
   D. Comment - The number of prerequisites has decreased since the last time the committee reviewed the proposal. Clarify the number of units.
      1. Clarification - the number of units for admission hasn’t changed. However, the prerequisites for the courses have changed in order to help students continue taking classes and avoid having to wait until next year to retake failed courses.
   E. Why does the schedule leave large gaps?
      1. Students need to do practicum hours in between at various locations. This time allows for travel and such.
   F. Syllabi comments and feedback
1. Do quizzes need to be in person without possibility for make-up?
   a. As long as it is stated in the syllabi. Makeup is available with special circumstances.
2. What is the progression for the AT courses? The course meeting times and contact hours should match the Carnegie units, this should be clarified.
3. Include library liaison on syllabi.
4. Are the courses in the new catalog yet? The proposals are in Curriculog and are in the department committee stage.
5. Missing sections about the University Policies and Accessibility, include the correct link.
6. The group has worked with curriculum to go over some of the courses and select the correct category.

II. Committee deliberation on the MSAT proposal.
   A. Syllabi need work, a memo can be composed and sent to the program regarding the recommendations.
   B. The schedule needs to be clarified and add anticipated practicum hours.
   C. The outside sites need to be approved and require MOU
   D. Motion to conditionally approve the proposal by Gokay Saldamli, second by Susan Snycherski
      1. Approve by 8, abstain 0

III. Introduction to the proposal for M.S. in Artificial Intelligence and set schedule for next meeting.

      Minimum the dean of CPGE, other letters of support are welcome
   2. Appendix - Clarifying electives and program/degree requirements
   3. Adding roadmaps to the packet
   4. Name changes of courses to help distinguish the courses (it’s recommended for this to be done soon)
      Ex. Data Mining is the same as the course offered in Business
   5. Budget needs clarification
      Split costs between state and self-support
      Include budget justification with details on what the expenses are

B. Action: Jing will compose a formal memo, including all requirements listed above in the discussion notes.
C. Motion by Wes Maciejewski, to conditionally approve the proposal based on the requirements listed on the memo based on the committee’s satisfaction, second by Susan Snaverski
D. Approved by 9, Abstain by 0

IV. Future proposals will be provisionally reviewed by Jeff Honda and Sarah Schraeder to ensure all the requirements are available for when the committee reviews the proposal. Jeff will follow up with Sarah to set-up a process.

IV. Time certain @ 12:40pm: Q&A with Dr. Rebeca Burciaga on the proposal for MA, Emancipatory School of Leadership (MESL)
    Dr. Rebeca Burciaga discussed the different points of the program proposal and the data behind the creation of such a program specifically in the region.
An Administrative Credential is currently being offered through the county office, which has caused numbers for credential programs at SJSU to lower in the past.

1. Currently the only other local university providing a similar program is National University (online).

A. Program focuses on critical learning and would use a living case study
B. Approximately 13 students that are currently interested in program
C. Approval from the Chancellor’s Office to transfer in credit from the Administrative Credential as part of the degree program
D. CalAPA would need to be added to the list of admission requirements, otherwise they would need to have a concentration to complete those units
E. Cohort model is best for the success of students, students would always start during the Summer.
