

2017-2018 Year-End Committee Report Form

Committee: University Library Board

Chair: Nicholas Taylor

Chair-Elect for 2018-2019:

We have not yet elected a chair for 18/19. For now, please direct correspondence to Prof. Taylor (zip 0090).

Number of Meeting held:

15

(Please include phone/zip/email if available)

Items of Business Completed 2017/2018

1. Amended University Library Policy (S15-10) to remove language specifying location of reference desk. (Approved by Senate on December 11, 2017).
2. Wrote and distributed two email newsletters (“SmartNotes”) updating faculty on developments in the University Library. Topics included the new CSU-wide library catalog (OneSearch) and changes to reference services.
3. Participated in space-planning exercise performed by a consultant in coordination with University Library faculty and staff.

Unfinished Business Items from 2017/2018

1. Open Access Progress Report - Preparing update for Senate on University Library’s efforts in response to recommendations of the Senate’s 2010 Open Access Taskforce.

New Business Items for 2018/2019

1. Distribute 2-3 SmartNotes (email newsletters for faculty). Possible topics: the automatically-generated “Your Research Resources” link now appearing in Canvas courses; introducing Data Services Librarian Kate Barron and the services she provides for faculty; introducing Research Impact Librarian Yen Tran and her role in evaluating impact of campus RSCA activities.
2. New effort to raise awareness among faculty about Open Access publishing options, including SJSU ScholarWorks.
3. Publicizing results of Spring 2018 LibQUAL+ survey.

Please return to the Office of the Academic Senate (ADM 176/0024) by May 31, 2018.

6
7 Policy Recommendation
8 Amendment to University Library Policy (S15-10)
9

10 Whereas: University library policy is drafted to support the curricular and research
11 needs of the University; and
12

13 Whereas: The library needs the flexibility to modify service delivery to ensure quality
14 and effectiveness. That may require multiple locations or changing
15 locations over time.
16

17 Resolved S15-10 Section 5.1 be amended to remove language specifying location
18 of the reference desk, as follows:
19

20 5.1 General Faculty and Staff Support. The academic mission of
21 the Library shall be advanced by specialized practices unique to a
22 University or an academic library setting, whenever such practices
23 are customary in libraries of institutions of higher education. Library
24 faculty and staff will be enabled to carry out academically oriented
25 functions and shall not merge unique academic functions and
26 practices with the City Library. The City and University will share
27 delivery of basic reference services through a common service area
28 ~~on the second floor.~~

Feedback on Library LTI Tools	<ul style="list-style-type: none"> Ann Agee shared an idea to have “Your Research Resources” link automatically loaded on faculty’s canvas course on the left navigation bar automatically versus the current optional “add-in” module. There are guides mapped to specific courses that Ann has already prepared. There is an opt out setting for those faculty prefer not to have it on their canvas course. Consensus that automatically adding it would be the easiest for students and most faculty would not notice it. A future SmartNote on the topic will be pursued as appropriate. 	Feedback	<ul style="list-style-type: none"> Ann will follow-up with Jennifer Redd to get concurrence Academic Technology Ann will confirm if there are analytics available if students click the “Your Research Resources” link.

Dean's Update	<ul style="list-style-type: none"> The library is hosting an Incubator workshop with INCStart consultants who provide services delivered through a partnership between Ryerson University and The Pivotal Point in Toronto, Canada and Oulu University of Applied Sciences in Oulu, Finland. The consultants' services are intended to help enable clients to find solutions that accelerate the success of their incubation programs. Faculty advisory group, deans and development directors will participate in the all day workshop on April 27. Tracy, Dan Nathan-Roberts from Engineering and Pam Richardson from CASA will travel to Oulu May 3-4 where they will receive incubator program development orientation. Material library is delayed due to shelving being damaged during two delivery attempts. Budget process announced at the budget forum April 19 by VP Administration & Finance will negatively impact the funds available to the library. The process will hopefully offset the anticipated 2018-19 university-wide budget deficit. 		

Revisions OA Resolution Statement AS 1692	<ul style="list-style-type: none"> Nick reported that he and Emily will present substantial data points that illustrate the OA impact since the last 8 years linked to the recommendations of the OA Taskforce Report dated 2010 http://www.sjsu.edu/senate/docs/oatfr10.pdf to the academic senate. The update will be included in the ULB annual senate report which was delayed on the senate agenda until Fall 2018. 	Discussion	<ul style="list-style-type: none"> At next meeting, Emily will provide general stats to give everyone a sense of the impact of ScholarWorks

Dean's Update	<ul style="list-style-type: none"> • Library budget is work in progress to meet deadline to Provost office on May 9. • A new cost share agreement with SJPL is being negotiated. 		
Follow-Up Items	<ul style="list-style-type: none"> • RefWorks - The library currently has a legacy version of RefWorks. There is a plan to migrate to a new version of RefWorks this summer which has improved features like PDFs in the cloud with limitless storage. Users must use their SJSU email for account verification. • ScholarWorks - Emily provided a Report on ScholarWorks. It included robust statistics on ScholarWorks and demonstrated key data points that are available to administrators. ScholarWorks can also be used as an event platform. The mission of the repository will be reviewed and updated this summer to reflect collection development strategy and open education. 	Informational	
LibQual highlights	<ul style="list-style-type: none"> • Anamika reported that there were 4,247 surveys collected from students; including faculty and staff responses the total surveys collected was 4,507. She will do data 		

	<p>analysis over the summer months and prepare an executive summary for dissemination. Here are a few highlights that were discussed:</p> <ul style="list-style-type: none"> ○ Biggest concern for students is safety/security. Comments from the survey suggest it is the “homeless” population in the library vs. user experience that is driving the concern. It was noted that some homeless patrons may include students so messaging should be carefully stated. Moreover, the space is shared with the public library and patrons using the public library areas cannot be excluded. ○ It was suggested to have discussions with libraries in urban settings that may have higher incidents with security than King Library. Campus climate survey could be another source to review for more data on students concern for safety/security. ○ Demographic data such as age and gender was included in the survey questions. May have been a deterrent for faculty/staff participation in survey. Only two options for gender. Feedback will be provided to ARL (survey author). ○ Some faculty concerns included making e-resources available, having modern equipment, easy to use access tools and printing of electronic journals. ○ Student winner will be notified week of May 14.
