**Course Description**

This course will examine the development of the U.S. from before the era of European expansion through the Civil War. Emphasis will be given to the historical and political factors that shaped the culture, society and institutions of the nation. This approach will focus on the roles played by workers, immigrants, and people of color generally and Asian Americans in particular. Since Asian immigrants did not arrive in large numbers until the 1850s, AAS 33A will focus on the historical experiences of Native Americans, African Americans, Hispanic Americans, and women. Such an examination of minority groups in the United States will help us understand the development of this country as a diverse, multicultural nation.

This course will also examine the development of national political ideologies, institutions and practices. Topics will include the nature of government, the evolution of the Constitution, federalism, civil liberties and civil rights, political parties and interest groups and the ways in which politics and public policy have been interwoven with struggles over the issues of race, ethnicity, gender and class.

While team taught, your section instructor will be responsible for specific assignments and grading.

Credit Hour Policy per Federal Guidelines
San Jose State University classes are designed such that in order to be successful, students are expected to spend a minimum of forty five hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying or course related activities. Students are expected to spend at least two hours outside of class for every one hour of in-person class time. Because this is a three-unit course, you can expect to spend a minimum of 6 hours per week completing course-related assignments in addition to attending all the in-person class meetings. Assignments include reading the assigned readings, accessing supplementary material through Canvas, taking examinations, quizzes, homework, and writing papers. More details about student workload can be found in University Policy S12-3at http://www.edu.sjsu.edu/senate/docs/S12-3.pdf. For this course, you will be required to take 2 exams, write two papers, and a final exam.

University Policies

Academic integrity
Students should know that the University’s Academic Integrity Policy is available at http://www.sa.sjsu.edu/download/judicial_affairs/Academic_Integrity_Policy_S07-2.pdf. Your own commitment to learning, as evidenced by your enrollment at San Jose State University and the University’s integrity policy, require you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The website for Student Conduct and Ethical Development is available at http://www.sa.sjsu.edu/judicial_affairs/index.html.

Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person’s ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include in your assignment any material you have submitted, or plan to submit for another class, please note that SJSU’s Academic Policy F06-1 requires approval of instructors.

Dropping and Adding
Students are responsible for understanding the policies and procedures about add/drops, academic renewal, etc. Information on add/drops are available at http://info.sjsu.edu/web-dbgen/nart/soc-fall/rec-298.html. Information about late drop is available at http://www.sjsu.edu/sac/advising/latedrops/policy/. Students should be aware of the current deadlines and penalties for adding and dropping classes.

Campus Policy in Compliance with the American Disabilities Act
If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires that students with disabilities requesting accommodations must register with the AEC (Accessible Education Center) to establish a record of their disability.

Student Technology Resources
Computer labs for student use are available in the Academic Success Center located on the 1st floor of Clark Hall and on the 2nd floor of the Student Union. Additional computer labs may be available in your department/college. Computers are also available in the Martin Luther King Library.
A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include digital and VHS camcorders, VHS and Beta video players, 16 mm, slide, overhead, DVD, CD, and audiotape players, sound systems, wireless microphones, projection screens and monitors.

SJSU Peer Connections
The Learning Assistance Resource Center (LARC) and the Peer Mentor Program have merged to become Peer Connections. Peer Connections is the new campus-wide resource for mentoring and tutoring. Our staff is here to inspire students to develop their potential as independent learners while they learn to successfully navigate through their university experience. Students are encouraged to take advantage of our services which include course-content based tutoring, enhanced study and time management skills, more effective critical thinking strategies, decision making and problem-solving abilities, and campus resource referrals.

In addition to offering small group, individual, and drop-in tutoring for a number of undergraduate courses, consultation with mentors is available on a drop-in or by appointment basis. Workshops are offered on a wide variety of topics including preparing for the Writing Skills Test (WST), improving your learning and memory, alleviating procrastination, surviving your first semester at SJSU, and other related topics. A computer lab and study space are also available for student use in Room 600 of Student Services Center (SSC).

Consent for Recording of Class and Public Sharing of Instructor Material
University Policy S12-7, http://www.sjsu.edu/senate/docs/S12-7.pdf, requires students to obtain instructor’s permission to record the course.

“Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material. In order to gain the instructor’s permission, you must submit a written request, identifying the period of recording, whether for the whole term or on a class by class basis. In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.

“Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

Course Requirements and Assignments

FIVE TESTS All exams will be based on class lectures, activities, and readings. This exam will cover the assigned chapters in the textbooks, Canvas activities, and lectures for weeks.

PARTICIPATION The participation grade will be based upon completion of in-class assignments such as group projects, class exercises and quizzes, as well as display appropriate class protocol. Please read the assigned chapters before the date of class. Instructors may give unannounced quizzes or in-class assignments based upon your prior reading. There is no make-up for these in-class exercises. Study a little harder for exams to make up for points lost.

PRESENTATION A group of about 4-5 students will collectively make a presentation on a given topic. All topics (prompts) are posted on canvas. All groups and group names are posted as well. All Group members will receive the same points based upon the quality of presentation and coordination. Free riders will not gain any point. Each group is obligated to report members who refuse to cooperate. Those who do not contribute will not gain any point.

FINAL EXAM The final exam will cover the assigned chapters in the textbooks, Canvas activities, and lectures for the entire semester with a focus on week 13 – 15.
