

## Student Focus Group Interview Questions

1. Please share with us the strengths of our credential program. In other words, what content/skills etc did we teach well?
2. How about the things you felt you didn't learn and needed to know in order to work more effectively in your classrooms with students/children with special needs? In other words, what could we improve?
3. Can you remember an assignment that was particularly helpful to you? Why (was it helpful)? Can you suggest an assignment or requirement for the credential program that would help a new candidate learn the important aspects of teaching?
4. What were two of your greatest challenges as you began this teaching experience (or semester) and how have you handled them?
