EDSE 217B**

Directed Teaching II, All sections, Spring 2015

Instructor:

Office Location:

Telephone:

Email:

Office Hours:

Class Days/Time: Seminar 1: January 22nd; 7:00pm- 9:45pm
Seminar 2: TBA
Seminar 3: May 21st; 7:00pm-9:45pm

Prerequisites: All credential courses must be completed; This directed teaching class must be taken in the last semester of the credential program, and can be taken with another class.

Connie L. Lurie College of Education Mission Statement

The mission of the Lurie College of Education is to empower graduates with the skills, knowledge and dispositions that ensure access to excellence and equity in education for every student in our diverse, technologically complex, global community.

Department of Special Education Mission Statement

The Department of Special Education prepares professionals to be effective educators, leaders in the field, and lifelong learners. We accomplish this goal in collaboration with other departments and community partners. Together we promote equity and excellence in our curricula and instruction by infusing evidence based best practices endorsed nationally.

Course Description

Field-based course to measure candidate competency or the application of course content/standards in a special education setting.

California Commission on Teacher Credentialing (CCTC) Program Standards:

Program Standard 3: Educating Diverse Learners

The program provides instruction in understanding and acceptance of differences in culture, cultural heritage, ethnicity, language, age, religion, social economic status, gender identity/expression, sexual orientation, and abilities and disabilities of individuals served. In addition, the program provides knowledge and application of pedagogical theories, development of academic language and principles/practices for English language usage leading to comprehensive literacy in English. The program ensures each candidate is able to demonstrate knowledge, skills and abilities to become proficient in implementing evidence based and multifaceted methodologies and strategies necessary in teaching and engaging students with disabilities from diverse populations.

Program Standard 5: Assessment of Students

The program provides opportunities for candidates to acquire the knowledge and skills necessary to assess students in a comprehensive manner within the breadth of the credential authorization. Each candidate understands and uses multiple sources of information in order to participate in progress monitoring and in decision making regarding eligibility and services. The program provides candidates with the knowledge and skill to assess students from diverse backgrounds and varying language, communication, and cognitive abilities. The program provides opportunities for using both formal and informal assessments to evaluate students' needs and strengths for the purpose of making accommodations, modifications, instructional decisions and ongoing program improvements. The program provides the opportunities for each candidate to demonstrate the knowledge of required statewide assessments and local, state and federal accountability systems.

Program Standard 10: Preparation to Teach English Language Learners

The program provides candidates opportunities to learn the purposes, goals, and content of the adopted instructional program for the effective teaching and support of English learners; and candidates understand the local and school organizational structures and resources designed to meet English learner students' needs. Candidates learn about state and federal legal requirements for the placement and instruction of English learners, and ethical obligations for teaching English learners. Candidates are provided with multiple, systematic opportunities to demonstrate knowledge and application of pedagogical theories, principles, and practices for (a) English Language Development leading to comprehensive literacy in English; and (b) for the development of academic language, comprehension and knowledge in the subjects of the curriculum, making grade-appropriate or advanced curriculum content comprehensible to English learners.

Program Standard 12: Behavioral, Social, and Environmental Supports for Learning

The program ensures that candidates demonstrate knowledge and the ability to implement systems that assess, plan, and provide academic and social skill instruction to support positive behavior in all students, including students who present complex social communication, behavioral and emotional needs. The program provides candidates information on laws and regulations as they pertain to promoting behavior that is positive and self-regulatory as well as promoting safe schools.

Program Standard 13: Curriculum and Instruction of Students with Disabilities

The program provides opportunity for candidates to demonstrate the ability to develop, implement, adapt, modify, and evaluate a variety of pedagogical approaches to instruction, including instructional sequences, unit and lesson plans, that provide students with disabilities with equitable access to the content and experiences found in the state-approved core curriculum. Candidates acquire and demonstrate strategies and best practices to develop differentiated lessons and instructional sequences that are appropriate for individuals with diverse strengths and needs in a variety of educational environments. Candidates must be able to apply these skills as they pertain to their specific area of specialization and credential authorizations across age and grade levels. Candidates must be able to co-teach, collaborate, consult and work in instructional teams to enhance curriculum and instruction of students with disabilities.

Program Standard 15: Field Experience in a Broad Range of Service Delivery Options

The program will ensure that candidates have planned experiences and/or interactions with the full range of the service delivery system, the providers of such services, and parents and families, including experiences in general education. The experiences must reflect the full diversity of grades/ages, federal disability categories and the continuum of special education services outlined in the specific credential authorization. The experiences are planned from the beginning of the program to include experiences in general education, experiences with parents and families, and experiences with a broad range of service delivery options leading to an extended culminating placement in which the candidate works toward assuming full responsibility for the provision of services in the specific credential authorization and is of sufficient duration for the candidate to demonstrate the teacher performance expectations for special educators. The culminating placement may be in any school, agency or program as defined in Education Code Sections 56031, 56360, and 56361 for the purpose of providing special education services.

Program Standard 16: Assessment of Candidate Performance

Prior to recommending each candidate for a teaching credential, one or more persons responsible for the program shall determine on the basis of thoroughly documented evidence that each candidate has demonstrated a satisfactory performance on the full range of Teaching Performance Expectations (TPEs) as they apply to the subjects and specialties authorized by the credential. During the program, candidates are guided and coached on their performance in relation to the TPEs using formative processes.

Verification of candidate performance is provided by at least one supervising teacher and one institutional supervisor trained to assess the TPEs. At least one assessor shall hold authorization in the candidate's credential area. An individual development plan will be written before the candidate exits the Preliminary Credential Preparation Program and will include recommendations for further study during the candidate's Induction Program.

Required Texts/Readings

Textbook

No text is required for this course.

Other Readings

The University Supervisor (instructor of this course) might assign online readings based on the needs of the candidate.

Course Assignments and Requirements

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in [University Policy S12-3](http://www.sjsu.edu/senate/docs/S12-3.pdf) at <http://www.sjsu.edu/senate/docs/S12-3.pdf>.

Completion of EDSE 217B results in credit (CR) or No-Credit rather than a letter grade. Credit is earned if the following requirements are met for the course:

- **Attendance and participation in all seminars** (see dates above). A University Supervisor will make an appointment to visit you in your work or placement and will meet with you to discuss the observations. You must be available for these observations and meetings (advanced notice should be given to the supervisor if there is an emergency and you will not be in school).
- **Successful teaching and learning experiences.** This is your opportunity to demonstrate the application of all that you learned (you demonstrate that you met the standards) in the credential program. You will be evaluated on the Directed Teaching Evaluation and must receive at least 80% to earn credit. Your Principal (or district evaluator, or Master Teacher) will also evaluate you on the Directed Teaching Evaluation. At the end of EDSE 217B, if you are successful in this course and receive credit, you will be recommended for the Education Specialist credential.
- **Dispositions Evaluation.** Your University Supervisor will complete a Dispositions Evaluation about you (see department web site about policies)
- **Develop a Teaching Portfolio.** Reflect on your teaching practice; label 14 dividers to match the colored section pages distributed in the first seminar. Follow the prompts on these pages to write reflections about your work as a teacher over

this semester and insert the reflections behind the appropriate tab. The University Supervisor will review the portfolio during each visit and give feedback to you. The completed portfolio is due during the last seminar of the semester. The University Supervisor will read and give points for each section of the Portfolio at the end of the semester you will need 80% on the Portfolio rubric. Please label the spine of the binder with your name!!

- **Program Evaluation.** Evaluate the credential program online through a Qualtrics Survey.
- **Supervisor Evaluation.**

Grading

You will receive credit for this class if you meet the following:

- Attend the three seminars
- Meet with your University Supervisor over the semester and receive at least 45 points out of 60 on the Directed Teaching Evaluation Form from the University Supervisor
- Receive at least 80% of the points on the teaching Portfolio

University Policies

General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU's policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. See University Policy S90-5 at <http://www.sjsu.edu/senate/docs/S90-5.pdf>. More detailed information on a variety of related topics is available in the SJSU catalog, at <http://info.sjsu.edu/web-dbggen/narr/catalog/rec-12234.12506.html>. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not serve to address the issue, it is recommended that the student contact the Department Chair as a next step.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester's Catalog Policies section at <http://info.sjsu.edu/static/catalog/policies.html>. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/services/academic_calendars/. The Late Drop Policy is available at <http://www.sjsu.edu/aars/policies/latedrops/policy/>. Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes and news is available at the Advising Hub at <http://www.sjsu.edu/advising/>.

Consent for Recording of Class and Public Sharing of Instructor Material

[University Policy S12-7](http://www.sjsu.edu/senate/docs/S12-7.pdf), <http://www.sjsu.edu/senate/docs/S12-7.pdf>, requires students to obtain instructor's permission to record the course and the following items to be included in the syllabus:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor's permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
 - It is suggested that the greensheet include the instructor's process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
 - In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

Academic integrity

Your commitment as a student to learning is evidenced by your enrollment at San Jose State University. The [University's Academic Integrity policy](http://www.sjsu.edu/senate/S07-2.htm), located at <http://www.sjsu.edu/senate/S07-2.htm>, requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The [Student Conduct and Ethical Development website](http://www.sa.sjsu.edu/judicial_affairs/index.html) is available at http://www.sa.sjsu.edu/judicial_affairs/index.html.

Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person's ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include your assignment or any material you have submitted, or plan to submit for another class, please note that SJSU's Academic Policy S07-2 requires approval of instructors.

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires that students with disabilities requesting accommodations must register with the [Disability Resource Center](http://www.drc.sjsu.edu/) (DRC) at <http://www.drc.sjsu.edu/> to establish a record of their disability.

EDSE 217B/Directed Teaching II, Spring 2015

Course Schedule

Week	Date	Topics Readings, Assignments, Deadlines
1	January 22 nd	Orientation and requirements for EDSE 217B
2	TBA	To be determined by the needs of the candidates
Final	May 21st	Portfolio Due; Student focus group interviews
