

# Share your Opinions with the SJSU Staff Council

Are you a staff member struggling to find affordable housing?

Who should get priority for campus housing?

What would you like for leasing terms?

SJSU has acquired the Alquist Building in Downtown San Jose. It will be torn down and rebuilt as Staff, Faculty, and Graduate Student Housing in the next 3-5 years.

Staff Council is soliciting feedback from SJSU staff members that can be shared with campus leadership for consideration during the planning stages of this project.
