Ms. Busalacchi noted that a Request for Proposal for a Branding Firm went out which was not included in the original project scope. An invitation went to 6 design branding firms to attend a walk through on April
The proposals are due in by April 23rd. The Student Union hopes to have an idea of the cost so that it can be included in the Capital projects list because the work will be expensive. Ms. Busalacchi also noted that the Spartan Recreation Center is the name that is being used for the recreation project. Cathy Busalacchi commented that a program design was developed. The call for proposals went out to architecture/contractor firms. Ms. Busalacchi noted that 10 firms sent in proposals to FD&O and there are 4 finalists who will come to campus to give a presentation in May. Ms. Busalacchi noted that the project is estimated to cost $130 million. The location is at the corner of 7th Street and San Carlos Street and two of the red brick buildings, Royce and Hoover, will be removed. Ms. Busalacchi noted that she plans to develop a staffing model for the recreation center in addition to working with Josee Larochelle to create a proforma which will be used for the bond funding.

Ms. Busalacchi noted that the new Student Union building has been experiencing some major issues. Ms. Busalacchi noted that the Audio/Visual equipment has failed on numerous occasions. The Student Union staff is meeting with the vendor to correct the issues but this is impacting our customers. Our staff has been working tirelessly to get the issues resolved. Another issue is the hot water in the bathrooms which can be as hot as 120°F which can be dangerous. The staff is working to correct the problem.

Renee Barnett Terry asked what the original budget was for the proposed recreation center. Ms. Busalacchi noted that the original estimated budget for the recreation project was approximately $68 million. Rose Lee asked if the bond for this project has been approved. Ms. Busalacchi noted that the bond has not been approved yet. Josee Larochelle asked Ms. Busalacchi if she knew when the targeted date was for this project to be presented to the Board of Trustees. Ms. Busalacchi noted that she did not know when this project will be presented to the CSU Board of Trustees and that she has not seen a project timeline. Dr. Barnett Terry inquired if it is normal for a project budget to double. Ms. Busalacchi noted that the original project design was a number of years ago based on the student needs and interest at that time. Since the student population has changed and grown, the needs and interest have changed.
