## **Jay Das** **Transfer Pricing, Deloitte Tax LLP**

Jay has extensive transfer pricing experience and has provided several top multinational companies (including Fortune 500 companies) with valuation and economic consulting services involving business model optimization strategies, mergers and acquisitions, implementation of IP migration strategies, headquarter services, international tax transfer pricing planning, and restructuring and reorganization of international operations as well as controversy management and dispute resolution. Jay is also actively involved in training, and has developed training materials for Deloitte's US and global transfer pricing practice and has instructed at several internal and external events.

Prior to joining Deloitte Tax, Jay was an Analyst with Merrill Lynch & Co., Inc. in the Investment Banking division, was a Research Assistant at the University of California, San Diego in the Physics department and was a Software Developer for NASA EKK program.

Jay earned BA degree in Mathematics and Economics from the University of California, as well as a MBA degree from Haas School of Business, University of California, Berkeley and expected to earn a MS degree in Management Science from Stanford University.
