Merit System Services Invites Applications for

Social Worker Supervisor I
Social Worker Supervisor II

Lassen County
Department of Health and Social Services

Job Location: Susanville, CA

Application Deadline: May 1, 2009

Lassen County Health and Human Services

A central theme for the HSS agency is service integration for people with multiple needs and in particular co-occurring disorders. Any/all new endeavors need to respond on how this intended theme is accomplished. Funding streams are then scrutinized to assure compliance with the allowable cost guidelines for support of the service objectives.

The nine branches include Environmental and Public Health, Veteran Services, Public Guardianship, Adult Protective and In-Home Support Services, Alcohol and Drug Services, Mental Health, Lassen WORKs, and Family and Children Protective Services. Two emerging branches are the Quality I, A, & S (Improvement, Assurance, and Special Projects) and the Advocacy branch.

The intended purpose of the “super-agency” design is to “enhance timely and effective customer services”. By having the social services under one umbrella we create better opportunities to integrate blended services around the needs of people and their families.

Why work in Lassen County?

Lassen County is abundantly rich in natural settings with year-round recreational activities. Lassen County enjoys a clean natural environment with excellent air quality. Its rural communities are ideal for raising families with less crime, traffic, and lower cost of living.

Lassen County is an outdoor paradise, where the beautiful Sierra Nevada and Cascade mountains meet the desert of the Great Basin. Because of the unique terrain, there’s something here for everyone. The climate is nearly ideal: generally dry, warm days and cool nights, with an average summer high of 89 degrees and daytime temperatures in the 40’s during the winter months.

You can water ski or fish for the world-renowned trout at Eagle Lake, surrounded by mountains covered with standing pines. The beautiful high desert areas of the county attract off-road vehicles and horseback riders, including many who come to view the annual BLM roundup and adoption of wild mustangs at Twin Peaks. The winter season provides access to outstanding snowmobile trails, cross-country and downhill skiing areas, and snowshoe hikes in Lassen Volcanic National Park and Lassen National Forest. Final plans are under review for a new four-seasons resort called Dyer Mountain near the town of Westwood, including development of California’s newest ski resort.
